AN EXCELLENT REPUTATION FOR CARE

45 nursing & residential clients receive personalised care and activities provided by professional and dedicated trained staff, including the home’s own physiotherapist and occupational therapist. Day care is available in addition to short and long stay.

Excellent facilities are provided in newly refurbished, purpose built accommodation, appointed in beautiful surroundings. Tastefully decorated single rooms, many of which are en-suite, create a homely environment. Three different lounges and a large garden with various seating aspects is one of the many ways in which client choice is promoted.

Clients have the freedom to choose which, if any activities they wish to join in with, from a full and varied schedule. Family and friends are welcome to visit anytime. Fresh, home cooked food is available throughout the day with clients being involved in designing the seasonal menu. All special diets and needs are catered for.

In addition to respecting privacy & dignity, the home also promotes individual’s independence as far as possible.

Welcome from Derbyshire Adult Care

Adult Care in Derbyshire

Derbyshire Adult Care, working with other statutory and voluntary organisations, is committed to supporting the health and wellbeing of local people and assisting them to find the services and support they need to experience the best quality of life possible.

We support people to:
• live independently;
• keep well;
• stay safe;
• be active in their community;
• avoid going into hospital unnecessarily; and
• return home promptly after a hospital stay.

Adult Care has developed a range of universal services that are available to all adults living in Derbyshire. These are detailed below.

Information and advice

You can get information and advice from:
• Adult Care staff;
• Derbyshire County Council website: www.derbyshire.gov.uk;
• Call Derbyshire: 01629 533190;
• County Council Libraries and Information Centres and the Libraries Information Services: 01629 533444 or email: asklibrary@derbyshire.gov.uk;
• Health and Wellbeing Zones – for your nearest, look on www.derbyshire.gov.uk or ask at your local library;
• Information leaflets and factsheets – these can be downloaded from: www.derbyshire.gov.uk/socialcareandhealth or obtained by contacting Call Derbyshire on 01629 533190.

They are available in standard and Easy Read versions and upon request in Braille, large print and other language translations. The following leaflets are available:
• ‘Guide to Adult Care – how we work and what we provide’;
• ‘Adults at Risk – what to look out for and what to do’;
• ‘Guide to Handy Van Services – practical help in your home’;
• ‘Guide to First Contact – sign posting to services and support’;
• ‘Guide to Carers Services’;
• ‘Care Services Directory – listing care providers and homes’; and
• ‘Putting People First – complaints, comments and compliments’.

Signposting

Within Derbyshire there are many local statutory, voluntary organisations and community groups that offer a wide range of services to help people maintain their independence. Many services are free or provided for a small charge. We can direct you to sources of local support that may be of assistance including:
• home fire safety - checks and equipment;
• home security - checks and equipment;
• falls prevention – advice and services;
• affordable warmth – advice;
• Welfare Benefits – advice and support;
• housing options – advice and support;
• minor home adaptations;
• practical independent living – range of support through handy vans;
• community alarms;
• social and recreational activities;
• healthy living – access to services and support;
• home library service – access;
• Adult Education – access;
• community transport – information and access; and
• Health and Wellbeing Zones – information and access.
Brokerage Service

The Brokerage Service is a telephone-based service. Workers in the team can support you to identify and purchase a range of services to meet your individual needs and help you get best value for money. They provide information about a wide range of services helping you to make the right choice about who supports you. The brokerage team can be contacted on 01629 537763 or 01629 537758 (Monday to Friday 9.00am to 5.00pm). Alternatively visit Derbyshire County Council’s website: www.derbyshire.gov.uk and complete a request for a call back from a member of the team.

Examples of information available include:
- names and contacts for agencies in your area;
- costs of services;
- Care Quality Commission registration details;
- whether providers are accredited or contracted with Derbyshire County Council; and
- details of any specialist care providers.

Welfare rights

The Derbyshire County Council Welfare Benefit team can ensure that you are getting all the benefits that you are entitled to and can support you with appeals if your claim is unsuccessful. The Welfare Benefits helpline number is 0845 120 2985.

Contact: Call Derbyshire on 01629 533190 8.00am to 8.00pm Monday to Friday and 9.30am to 4.00pm Saturdays Minicom: 01629 585400 Web: www.derbyshire.gov.uk Email: contact.centre@derbyshire.gov.uk Write to: Derbyshire County Council, County Hall, Matlock DE4 3AG

Adult Care Services – where do I start?

People finding it difficult to manage independently, and their carers, need to know where they can go for information, advice and support. This Directory is an important source of information about the wide range of services available across the county.

Initial contact

You can Call Derbyshire, our contact centre, from 8.00am to 5.00pm on 01629 533190 or out of hours in an emergency on 01629 532600. Our service is provided by staff who are specially trained to deal with Adult Care issues. They can provide advice, signposting and practical help to enable you to continue to live your life as independently as possible. Call Derbyshire staff can also refer you through to the Brokerage team, the Welfare Benefits team and can arrange a social care assessment if needed.

Assessing your needs

If required, we will assess your need for statutory Adult Care support, and if you meet the eligibility criteria, we will work with you to develop a plan for your support which will detail how your needs will be met.

Eligibility

Eligibility for Adult Care services is determined via local application of the Government’s national Fair Access to Care Services Framework (FACS). You can find more information about the eligibility criteria in Derbyshire on our website: www.derbyshire.gov.uk.

Personalised support

Once eligibility is determined, we will work with you to identify what outcomes you would like to achieve and we will draw up a support plan that details this. You and your carers will be invited to be involved in this assessment process and will help to produce a support plan.

A budget will be calculated that can be used to meet your outcomes. This Personal Budget can be paid either directly to you as a Direct Payment, or managed by us on your behalf to purchase the services and support you choose.

More details are available about Direct Payments in our Direct Payments factsheet available on the Derbyshire County Council website: www.derbyshire.gov.uk or via Call Derbyshire on 01629 533190.
Types of service offered by Adult Care

Services to support you leaving hospital

Supporting people to leave hospital safely and quickly is a key priority for Derbyshire Adult Care and health services. If the hospital staff feel that you will need Adult Care support following your discharge, they will make a referral and request an Adult Care assessment. This could recommend:

- short-term re-ablement support to help you regain independence at home;
- intermediate care support to help you recover from illness and provide rehabilitation;
- re-ablement support in your own home to help maintain your safety and regain lost skills;
- a short- or long-term placement in a care home or care home with nursing.

An Adult Care worker will work closely with you, your family and health staff to work out what is best for you. We will use all the different services that are available to help you recover your health and independence and return home as soon as is safely possible.

Re-ablement

Re-ablement is a period of short-term, intensive support that is designed to help you become as independent as possible. It is normally provided in your own home but can be delivered in residential care or other suitable locations. Re-ablement is offered for up to six weeks if, following a period of illness or a fall perhaps, you have lost some of the skills you need to manage independently.

At the end of the re-ablement period a review will be carried out and many people will not require any further assistance. However, if you do, a revised support plan will be developed detailing the new outcomes and any ongoing services.

More information is available about our re-ablement service in the ‘Re-ablement leaflet’ available on the Derbyshire County Council website: www.derbyshire.gov.uk or via Call Derbyshire on 01629 533190.

Home care services

A home care service provides essential care to people in their homes, aiming to support their independence and improve their quality of life.

Following your assessment it may be identified that a home care service would best meet your needs.

If so, you may choose to purchase your service from a range of home care providers including Derbyshire County Council’s own home care service or you could employ a personal assistant or buy your care privately. All home care organisations that provide personal care must register with the Care Quality Commission (CQC) who are responsible for monitoring domiciliary care services to make sure they meet the required essential quality standards.

To see the latest reports on any care service check out the Care Quality Commission website: www.cqc.org.uk. This site can also be used to report any concerns you have regarding a care provider or service.

For more information about Derbyshire County Council’s Home Care Service there is a series of leaflets available:

- ‘A Guide to Home Care Services’;
- ‘Caring for you in your home’;
- ‘Home Care Service Factsheet’;
- ‘Home Care Service Factsheet - Easy Read’; and
- ‘Non-contracted home care providers’ (a list of these is on page 16).

The leaflets can be viewed at this web address: www.derbyshire.gov.uk//homecare or ordered from Call Derbyshire on 01629 533190.
Enablers Independent Living 2000 Ltd
is a private family owned company
established in 1998 when Julie Degg
(Managing Director) had a vision to
provide a domiciliary care service offering
an exceptional level of quality care and
support to people aged 18 and over living
in their own homes.

Accredited by Derbyshire County Council as
Quality Premium Providers. We provide a
dedicated, professional and caring service
promoting dignity and independence covering
the areas of Amber Valley, North & South East
Derbyshire and Erewash.

Our highly trained professional care team are
available to offer:

- **Personal Care**
  Help with washing, dressing, continence care and
  assistance with supervision of medication.
  (We also provide a complimentary Health & Beauty
  service from fully qualified staff).

- **Practical Support**
  Assistance preparing meals, also cleaning, laundry
  and shopping.

- **Sitting Services**
  Provided day or night, also sleep in services,
  allowing much needed respite for families and care
givers.

- **Social Support**
  Escorted day trips, short and long term breaks in the
  UK or abroad, eating out or social activities.

- **Live in Care**
  For people needing assistance 24 hours a day on
  either a permanent or temporary basis allowing
  respite for families and care givers. We are also
  the leading domiciliary care provider working with
  Derbyshire County Council to champion and provide
  End of Life (palliative) care.

Enablers Independent Living 2000 Ltd, Genesis Centre, 32-46 King Street, Alfreton, Derbyshire DE55 7DQ

“Together we enable
a brighter tomorrow”
These questions may be useful when considering using the services of a home care (domiciliary) provider to help you build up a picture of how your care needs will be met in your own home.

Agencies

What experience does the agency have in your particular field of need? Can they supply references for you to check?
1
2
3

How long has the agency been operating?
1
2
3

How many carers would the agency assign to care for you and would you see the same one every day? If not, how does the staff rota operate and what happens if your carer goes on holiday or is sick? Will you be notified in advance that a different carer will be attending?
1
2
3

How can you contact the agency in an emergency or outside office hours?
1
2
3

Home care agencies providing personal care must be registered and inspected by the Care Quality Commission. Ask to see a copy of their registration certificate.

If this is a private contract ask for a copy of the agency’s contract terms and read these carefully with someone you trust. Get as much help as you can going over it and ask any questions you may have before signing anything. The Citizens Advice Bureau or Age UK (sometimes called Age Concern in some areas) can help with this.

Carers

You should expect your personal preferences, dignity and privacy to be respected. Discuss this with the agency and ask how the most suitable carers for your particular care are chosen. Can you talk to them before deciding?
1
2
3

Carers should be fully trained or be in ongoing training. Ask the agency about their policies on this.
1
2
3

You will have a care plan drawn up by the agency which the carers will work to. Ask how often this plan will be reviewed by the agency.
1
2
3

Carers must be checked with the Disclosure and Barring Service (DBS) and have a criminal records disclosure – make sure this is the case.
1
2
3

Paying

If your care needs do not meet Adult Care’s eligibility criteria and have been arranged privately you should check carefully the fee rates charged and exactly what the payment you make covers.
1
2
3

Visit www.carechoices.co.uk for further assistance with your search for care
Everyone has differing care needs – you can have as little or as much as you want – our homecare is tailored around your needs. You may just want:

- A hand with cleaning, ironing and preparing meals
- Long term, short term or emergency care
- A little help and company whilst recovering from illness
- Assistance with getting up and going to bed, whatever the time
- Someone to go shopping with you or for you, or collect prescriptions
- A little companionship or someone to accompany you to appointments

Remember you don’t have to change your routine just to make things easier for us. It’s the other way around.

Support for carers

Carers provide significant levels of unpaid support for family members or friends. They provide assistance with day to day living tasks and/or personal care. Those cared for could be ill, frail, disabled, suffer from poor mental health or have a substance or alcohol misuse problem. A carer can be any age, male or female and includes parents caring for a disabled child.

Services available from Derbyshire Adult Care for carers include:
- an assessment of your needs;
- services to give you a break from your caring role;
- information on support groups;
- training that will help you continue to care safely;
- registration for a Carer’s Emergency Card;
- Welfare Benefit advice; and
- advice to manage a discharge from hospital.

Carer’s Emergency Card
This scheme provides carers with peace of mind so if they are suddenly not able to provide care due to an accident or illness, the emergency services will raise the alert that assistance is required for someone. To obtain a Carers’ Emergency Card contact Call Derbyshire on 01629 533190 or complete the form in the ‘Guide to Carers Services’ leaflet.

Derbyshire Carers Association (DCA)
This is a leading organisation that is commissioned by Derbyshire County Council to provide support for carers in Derbyshire. They run a number of support groups and have local co-ordinators who can provide one-to-one support. Details are available on the website: www.derbyshirecarers.co.uk or call 01773 743355.

Derbyshire Young Carers’ Service
This organisation can provide support to young carers individually or in groups. Support can range from activity groups, meeting other young carers in a safe environment, and information about support for the home situation. The service also offers whole family activities from time to time.

If required, the young carers’ service can also offer a befriending scheme for those parents requiring care. The staff recognise the importance of listening to young people and can help when liaising with other professionals in education or health. Call 01246 207752 or 01332 370430.

Short term and respite care
Short breaks, respite or short term care is for people who require assistance with personal care because of disability, frailty, mental ill health or who are recovering from a period of ill health or family difficulty. In addition, the service gives carers, who provide a substantial amount of support, the chance to take a break.

If you wish to take short term care and do not already receive Adult Care services, the first point of contact would be Call Derbyshire on 01629 533190. Then a visit from a social worker will assess your eligibility for short break or respite services. The length and frequency of the planned break would be discussed within the assessment process and agreed with yourself and your carers.

There are charges for these services and how much you pay will be subject to a financial assessment.

If your stay is three weeks or less you will normally pay a standard rate. From April 2014 the standard rate is £123.95 per week if you are over pension age, or £79.85 per week if you are under pension age. If you are under 25 years of age the rate will be £64.80 per week.

If your stay exceeds three weeks, or you wish to extend your stay for over three weeks whilst in your placement, you will need to have a financial assessment.

These charges apply to anyone who has capital or savings of less than £23,250. If you have more than this amount then you will have to pay for respite or short term care charges in full as you would be self-funding. However, you are still entitled to an assessment and assistance with choosing the most appropriate placement to meet your needs.

Please note: figures mentioned here may change over the life of this Directory.

Residential care

Residential care homes cater for people who can no longer manage in independent accommodation. Homes are registered with the Care Quality Commission and provide personal care and support for people with a variety of complex needs including dementia.

Derbyshire County Council provides a number of care homes directly. Others, including a number with nursing beds, are provided in the independent sector. Details of the homes available are listed in this Directory starting on page 36 and further information about the different types of homes is on page 21.
Community Care Centres

Over the last few years Derbyshire County Council has developed a number of Community Care Centres. These provide community hubs for the provision of specialist care for older people, including those with dementia. The purpose-built centres offer long- and short-term residential care beds, day care and host a number of support groups and other services. Community Care Centres also provide facilities such as a bistro and hair salon which can be used by the local community.

Telecare services

Telecare equipment provides peace of mind for someone living in their own home by generating an automatic alert if assistance is required.

Telecare services can be purchased privately or can be provided (for eligible clients) as part of an Adult Care support package where it meets particular identified needs, such as a risk of falls. To access the telecare service a telephone line and a nearby mains socket for the Lifeline unit are required. Most sensors are wireless and battery powered and will be provided and installed for you. When a sensor detects a problem, there is an automatic dial to a response centre, where trained staff can either speak to the user via the speaker on the Lifeline, or arrange for a home visit by carers, mobile warden or the emergency services.

If you think telecare equipment would assist you or a family member with daily living please contact Call Derbyshire on 01629 533190.

Services provided by the NHS

NHS fully-funded Continuing Health Care

National Health Service Continuing Health Care (NHS CHC) is a package of continuing care arranged and funded solely by the NHS, for people with on-going health care needs.

To establish if you are eligible for NHS CHC your care needs will be assessed by a health professional. If you are eligible, you can receive NHS CHC in any setting, either in your own home, with services from a community nurse or specialist therapist, or in a care home, whichever is most appropriate for your needs.

People who are eligible are likely to:

- have a complex medical condition that requires a lot of care and support; and
- need highly specialised nursing support.

Someone nearing the end of their life may also be eligible if they have a condition that is rapidly getting worse and may be terminal.

Intermediate care

Intermediate care is a health-funded service that provides therapist intervention to support someone’s recovery after illness or to prevent admission to hospital. To access intermediate care a referral is usually made by your GP or other social care or health professional. Initial referrals will be assessed by a multidisciplinary team which may include occupational therapists, physiotherapists, nurses and social workers, who can provide specialist support short-term treatments to get you back to health.

Services are designed to maximise your independence and aim to help you stay living at home, but can also be delivered in a care home or similar setting where appropriate.

To be eligible you must be:

- medically stable and supported by your GP in the community; and
- able to benefit from time-limited assessment or rehabilitation, in order to improve your level of independence.

If it is considered that you are not suitable for intermediate care you will be given the reasons for this decision. You may also be signposted to a more appropriate service if required.
Housing options

Extra Care housing

Extra Care housing gives you the security and privacy of a home of your own, but with 24-hour care and support services available if you need them. There are frequently one and two bedroom flats available as well as a range of communal facilities on-site such as a restaurant, IT suite and an activity room. The schemes generally offer the choice of properties for rent, sale or shared ownership.

Choosing Extra Care housing means that you are living in your own accommodation and can usually remain there if your care or support needs change. The schemes aim to house people with differing levels of need so that the community is balanced. Residents being considered for the accommodation are assessed to determine what support they need. Unless someone requires long-term nursing care, it could offer you a home for life. Extra Care housing is normally available to people aged 55 years or over, although it may be suitable for certain younger people with disabilities where appropriate.

Extra Care differs from care homes in the following ways:
- you are living at home - not in a home;
- you have your own front door so you can decide who comes in;
- couples and friends can stay together;
- it offers a safe and secure home for people who need support, including people with learning disabilities;
- 24 hour care and support services are available;
- you can join in social activities if you wish; and
- residents generally have a mixture of support needs.

Derbyshire Adult Care is currently working with housing association partners to develop a range of Extra Care housing schemes throughout Derbyshire.

Further information about current schemes is available in the Extra Care housing factsheet available on the Derbyshire County Council website: www.derbyshire.gov.uk or via Call Derbyshire 01629 533190.

Sheltered housing

Sheltered housing is suitable for older people who wish to live independently but want the reassurance of knowing that assistance is available if there is an emergency. There are many different types of sheltered schemes, available both to rent and to buy. Schemes usually consist of between 15 and 40 dwellings. These may be bed-sitting rooms, self-contained flats, or bungalows.

Some schemes are simply housing designed to meet the needs of older people and linked to a community alarm. Some schemes have access to a floating support worker for those who need it and a community alarm service. There may be some communal facilities such as a lounge, laundry, guest flat and garden. Meals are not normally provided.

Sheltered housing for rent is provided by local district/borough councils or housing associations. People who are interested in being considered for accommodation of this kind need to register with their local district/borough council who have information about all the social housing vacancies in their area. A directory of schemes can be found on the website: www.extracarehousing.org.uk.

A Housing Options service for older people is offered across Derbyshire by iDecide. They can be contacted on 0115 930 6661.

In the Derbyshire Dales area, Age UK provide a similar service, call 01629 761147.

Specialist Learning Disability & Dementia Service

Field House is a specialist learning disability service for men who need intensive support to meet needs associated with severe challenging behaviour, learning disabilities and complex health needs.

Located in the Derbyshire town of Alfreton, Field House is staffed 24/7 by a dedicated team of nurses and support workers who provide individualised person centred care and support. Lighthouse Healthcare have development plans in place for a bespoke purpose built specialist ASC service in Derbyshire.

To find out more about the service at Field House contact: Carole Guy - Field House Manager: 01773 838150 Debbie Nutt - Service Director: 07357 924942

CARE PROVIDERS

Would you like your business to be seen by thousands of relevant care-seekers at their time of need?

Call Care Choices on 01223 206960 to promote your business here.

CareChoices
Specialist care services

There are a wide range of services provided in Derbyshire to meet the needs of specific client groups, such as people with a learning disability, physical disability, or mental health conditions including dementia, for example. Most people who need a service will come initially through Call Derbyshire or will be referred to Adult Care by another organisation. The assessment process (discussed on page 8) will look in detail at the support needs that a person has and work will be done to identify the options for meeting these.

The services that might be considered include:
- specialist accommodation;
- day care/day opportunities;
- supported employment;
- specialist equipment or adaptations;
- home care;
- re-ablement;
- respite care;
- social work support; and
- support groups.

Where someone is eligible for Adult Care assistance, a support plan will be drawn up to identify the outcomes they wish to achieve and a personal budget will be provided to meet these. You may decide to buy your own support from Derbyshire County Council or from an independent sector provider.

Residential care

Types of home

The homes featured in this Directory are either owned by Derbyshire County Council, private sector proprietors, or voluntary sector organisations. All care homes are regulated by the Care Quality Commission (CQC) and are inspected to ensure they reach an approved standard.

Care homes providing residential care

A residential care home is a home of any size which provides residential accommodation with full board and personal care. Normally you would have your own bedroom which may or may not be en-suite and staff would be available on site on a 24-hour a day basis. A ‘sheltered’ or ‘warden assisted’ housing scheme would not be considered as a residential care home as the option of full board and personal care are not provided for an ‘all-in’ charge.

Some homes are able to provide specialist services for people with a learning disability, dementia, mental ill health or for younger disabled people.

Care homes providing nursing care

The difference between a home providing residential care and a home providing nursing care is that the latter provides care where there is a need for the involvement of a qualified nurse. Care homes with nursing have to be staffed 24-hours a day by trained nurses.
Wheathills House
Residential Care Home

‘excellent three star rating awarded by the Care Quality Commission’

Proud to be celebrating our 30th year...

Providing ‘Care, Comfort and Security’ for all of our residents

Set in rural Derbyshire, Wheathills House is registered as a care home providing accommodation and personal care for 30 Elderly residents.

We seek at all times to provide a caring environment through:
• Individual care programmes • Confidentiality • Comfort
• Qualified and experienced staff • 24 hour care • Security

What to expect…
• Long and short term care provided • Chair and passenger lift to first floor
• Attractive, well-tended garden • Bright, pleasant conservatory
• Television room • Library facilities included • Home cooked meals
• Entertainment and activities organised • Assisted bathing

## Care homes checklist

### First impressions
- Were you met when you first arrived? [○ ○ ○]
- Do staff seem warm, friendly and polite? [○ ○ ○]
- Do the residents seem happy, active and sociable? [○ ○ ○]
- Does the home feel homely and welcoming? [○ ○ ○]
- Is the home fresh, clean and comfortably furnished? [○ ○ ○]

### Fees
- How much are the fees? [○ ○ ○]
- Do the fees cover all the services available? [○ ○ ○]
- Under what circumstances will the fees alter – e.g. annually or according to increasing needs? [○ ○ ○]
- Is the notice to terminate reasonable? [○ ○ ○]

### Transport
- Is the home easy to get to for relatives and friends? [○ ○ ○]
- Does the home provide its own transport? [○ ○ ○]

### Accommodation
- Are bedrooms single or shared? Is there a choice? [○ ○ ○]
- Can you decorate and re-arrange your room to suit yourself? [○ ○ ○]
- Can you bring your own furniture and TV? [○ ○ ○]
- Is there a call system for emergencies? [○ ○ ○]
- Are there enough sockets in your room? [○ ○ ○]
- Can you control the heating in your room? [○ ○ ○]
- Can you lock your room and is there a secure place for valuables? [○ ○ ○]
- Is there a separate dining room? Bar? [○ ○ ○]
- Are there toilet facilities within easy reach of the communal facilities? [○ ○ ○]
- Are there both showers and baths? [○ ○ ○]
- Are bathrooms adapted to help people in and out of the bath? [○ ○ ○]

### Accessibility
- Does the home have the right adaptations and equipment to meet your needs? [○ ○ ○]
- Are all areas accessible for wheelchair users? [○ ○ ○]
- Does the home have extra wheelchairs and walking aids? [○ ○ ○]
- Is there adequate provision for people with sight or hearing difficulties? [○ ○ ○]

### Life within the home
- Are there any rules and restrictions (e.g. going out, time of return etc)? [○ ○ ○]
- Can you choose when to get up and retire every day? [○ ○ ○]
- How are residents involved in decisions about life in the home? [○ ○ ○]
- Is there a telephone where you can make and take calls in private and comfort? [○ ○ ○]
- Is alcohol served or permitted? [○ ○ ○]
- Are there smoking and non-smoking areas? [○ ○ ○]
- What arrangements are there for religious observance? [○ ○ ○]
- Can you handle your own money? If not, what arrangements are in place? [○ ○ ○]
- Does a hairdresser/chiropodist visit? [○ ○ ○]
- Are residents accompanied on visits to the GP or hospital? [○ ○ ○]

### Staff
- Do the staff appear clean, cheerful and respectful? [○ ○ ○]
- Do the staff talk to residents and how do they talk to them [○ ○ ○]
- Are the staff formally trained? [○ ○ ○]
- Is there an adequate number of staff on duty day & night? [○ ○ ○]

### Visitors
- Are visitors welcome at all times? [○ ○ ○]
- Is there somewhere to see them in private? [○ ○ ○]
- May your visitors join you at meals? [○ ○ ○]
- Can your visitors stay overnight? [○ ○ ○]

### Catering
- How much choice do you get about meals? [○ ○ ○]
- Is the food varied and interesting? [○ ○ ○]
- Can the home cater for your dietary needs? [○ ○ ○]
- Can you have snacks or drinks any time of the day or night? [○ ○ ○]
- Can you eat in your room? [○ ○ ○]

### Activities
- Can you continue to pursue your hobbies and interests? [○ ○ ○]
- What sorts of activities and entertainment are organised? [○ ○ ○]
- Are outings and holidays arranged? How much do they cost? [○ ○ ○]
- Are escorts available if necessary? [○ ○ ○]
- Is a library service available? [○ ○ ○]
- Can you have your own flower bed or help in the garden? [○ ○ ○]
- Can you stay in your own room if you want to? [○ ○ ○]

### Gardens
- Are the grounds/gardens attractive? [○ ○ ○]
- Are all areas safe and accessible? [○ ○ ○]
- Is there somewhere to sit? [○ ○ ○]
- Are they quiet? [○ ○ ○]

### Contract terms
- Can you retain your own room if away? [○ ○ ○]
- Can you have a short-stay or trial period? [○ ○ ○]
- Will you be given a statement of terms on admission? [○ ○ ○]
- Are all procedures, such as complaints, clearly spelt-out? [○ ○ ○]

Would YOU like to live there?
If you are considering a care home for someone with dementia it is particularly important that it offers a person-centred service that can be tailored to meet individual needs and provides support to maintain and improve quality of life. Some homes can offer an environment which has been designed specifically for people with dementia and can aid orientation.

People with dementia can also benefit from a range of group or individual therapies involving social interaction and mental stimulation, including reminiscence. Activity co-ordinators and occupational therapists can offer reality orientation, reminiscence and validation therapy. Music therapy, art therapy approaches and other creative therapies can also be helpful.

Behaviour management approaches that promote understanding of the behaviour of the person with dementia can also be beneficial in reducing the use of anti-psychotic medication and trained staff can offer this service within many care establishments. Many care homes can offer places to someone with dementia. Carers should discuss their requirements with individual care home managers.

If you need support in making choices about long-term care or you need particular information or advice about services available to people with dementia and their carers, you can contact the Derbyshire Dementia Support Service on 01332 208845 or 01246 223366 or by email: derbyshire@alzheimers.org.uk. There is also further information about the service and other useful services across Derbyshire available on the website: www.derbyshire.gov.uk/dementia.

If you wish to arrange an assessment of your needs by Adult Care, you can contact Call Derbyshire on 01629 533190 or by email: contact.centre@derbyshire.gov.uk.

---

**Residential dementia care checklist**

Things to look for in care homes specialising in dementia. Please use in conjunction with the care homes checklist on page 23.

**RESIDENTS**

The best indication of a good home is that the residents appear happy and responsive.

- Are there rummage boxes around the home to stimulate residents?

**ACCESS**

If the person with dementia needs or is likely to need equipment or adaptations you may want to check:

- There is adequate signage and cues for different parts of the home such as dining room and bathroom.
- The home's policy about locking external doors.

**BEDROOMS**

You may want to find out whether the person with dementia can have a single room and whether:

- Residents are encouraged to bring in some of their own furniture and possessions to increase familiarity.

**ACTIVITIES**

Residents should be stimulated without feeling stressed.

- Are reminiscence activities available?

- Are residents able to compile memory boxes?
- Do staff compile life story books including photographs and mementoes?

**STAFF**

It is important to note whether staff seem friendly and caring towards residents and whether they treat residents with respect.

- Do staff have any training and experience in dementia care?
- Will the person with dementia have a member of staff particularly responsible for their care?
- Is there a member of staff you can talk to about your own worries about the person with dementia?

**MANAGER / HEAD OF HOME**

A manager who is caring as well as efficient can make all the difference to a home.

- Does the manager have a knowledge of dementia and can they deal with difficulties that may arise in an understanding way?
- Is there a full assessment at home before a resident is admitted?
Good quality end of life care

‘How we care for the dying is an indicator of how we care for all sick and vulnerable people. It is a measure of society as a whole and it is a litmus test for health and social care services.’

Although the subject of dying is often painful to contemplate and as a society we do not discuss death and dying openly, the way care professionals approach the process is incredibly important for the client, their family and carers. The Department of Health has published a strategy for every organisation involved in providing end of life care.

Enabling residents to die in comfort and with dignity is a core function of care homes. When choosing a care home you should consider their end of life care philosophy and policies. It is essential that you and your relatives discuss and plan for your wishes as you need the end of your life.

Care homes should have an open approach to end of life care and should initiate conversation with you and your family to ensure your needs and wishes are discussed and planned for and written into your care plan.

Care homes should work with your GP to ensure your medical needs are met as you approach the end of your life. Good planning for all your needs should mean that you can (if that is your choice) remain in your care home in your last days and not have to be admitted to hospital.

All health and social care staff should be trained in communication regarding end of life care and will be trained accordingly in assessing the needs of clients and carers.

Despite general reluctance to broach this sensitive area, it is worthwhile asking potential care providers their approach to end of life care and whether they are following national strategies for implementing best practice within their home.

1 'End of Life Care Strategy - promoting high quality care for all adults at the end of life' DH 2008.

Essential information

Inspection and registration of care services

The Care Quality Commission (CQC) registers, inspects and reviews all adult social care and healthcare services in England in the public, private and voluntary sectors. This includes care homes, care homes with nursing, home care agencies and NHS services, amongst others.

When considering a care home, a care home with nursing or home care agency, it’s always a good idea to check their inspection reports on the CQC’s website: www.cqc.org.uk

Safeguarding adults

Ensuring vulnerable adults who use services are protected from abuse and neglect is our top priority. All providers of services to vulnerable adults have a zero tolerance towards abuse and neglect.

Derbyshire Adults at Risk Policy and Procedures aim to ensure that help is provided to those where age, illness or disability affects their ability to protect themselves against serious harm or exploitation. Help is available for all adults at risk of abuse including those who arrange and pay for their own care such as self-funders.

Deprivation of Liberty

The Deprivation of Liberty Safeguards (DOLS) came into force in April 2009 as an amendment to the 2005 Mental Capacity Act (MCA). This law aims to safeguard the most vulnerable people who lack capacity to consent to the care or treatment they receive and who are being cared for in hospitals, care homes or nursing homes registered under the Care Standards Act 2000, whether placed under public or private arrangements, but who are not detained under the Mental Health Act.

Under DOLS, there is a legal requirement for the Managing Authority (care home or hospital) to apply to the Supervisory Body (local authority) to have someone assessed where it is believed that it is in their best interests that they should be deprived of their liberty to prevent them from harm. Within Derbyshire the supervisory body is Derbyshire County Council.

The Supervisory Body arranges assessments and either grants or declines the Managing Authority’s request for authorisation to deprive the person of their liberty.

Who does the legislation apply to?
The MCA DOL safeguards apply to anyone:

- aged 18 and over;
- who suffers from a mental condition – such as dementia or a profound learning disability;
- who lacks the capacity to give informed consent to the arrangements made for their care and/or treatment; and
- for whom deprivation of liberty (within the meaning of Article 5 of the European Convention on Human Rights) is considered, after an independent assessment, to be necessary in their best interests to protect them from harm.

The safeguards are designed to ensure that a person’s loss of liberty is lawful. There are three elements to the safeguards:

- to provide the person with a representative;
- to allow a right of challenge to the Court of Protection against the unlawful deprivation of liberty; and
- to provide a right for deprivation of liberty to be reviewed and monitored regularly.

Contact Call Derbyshire on 01629 533190 if you require more information.
Comments, compliments and complaints

All organisations need to know how they are performing. They are happy to receive your feedback on their service whether they are compliments or complaints. Feel free to tell them what you think and your comments can be used constructively to improve the service.

If you do need to make a complaint you should feel able to complain about any aspect of your care that affects your happiness or comfort. This could be about the way you are treated by a staff member or the quality of the food you are served. You can also make comments and suggestions about possible improvements to your surroundings and the services provided.

Making a complaint should not be difficult for you. Providers are required under national standards to have a simple and easy to use complaints procedure that they will be happy to give you. If you are concerned about the care that you, a friend or a relative is receiving, it is normally best to speak to the manager before you take any further action. The problem may be resolved quite easily once they are made aware of it.

How solicitors can help

A solicitor can give you impartial advice about wills, making gifts, estate planning and Powers of Attorney. Some can also offer guidance on immediate and long-term care plans, ensuring (if applicable) the NHS has made the correct contribution to your fees.

Whether you remain in your own home or move into sheltered or residential care, you may qualify for financial assistance in the form of social care and NHS-funded care and welfare benefits.

If you are self-funding your care and have a contract with your care provider, it is important to speak to solicitors with experience in this field. Any contract should explain the cost of care, what services are included in the price and how often this is reviewed; what complaints procedure is in place; what your rights are and the obligations of the care provider under the contract; the procedure for cancelling a contract and the administering of medication.

The Citizen’s Advice Bureau offer an advice service and will be able to recommend solicitors in your area.

This Directory’s free helpline

This Directory’s free helpline provides an independent information and help service encompassing care and accommodation. A personalised report can be generated for you providing details of all home care, care homes or housing with care schemes that meet your criteria with supplementary information about choosing and funding care.

One call to the freephone number 0800 389 2077 will enable the service to build a profile of exactly what type of care you’re looking for, while taking into account your personal needs and interests.

The website www.carechoices.co.uk allows you to search by postcode or region for care homes, care homes with nursing, home care, supported living (learning disability only) and housing with care providers that meet your requirements across the country. Your search can then be saved and emailed to others. You can also view an electronic version of this Directory on the site and have it read to you by using the ‘Browsealoud’ function.

Whatever your care needs, this Directory, the Care Choices helpline and website will be able to point you in the best direction, however you would like care information presented.

Visit www.carechoices.co.uk for further assistance with your search for care
This publication provides you with a lot of information regarding care homes and their services within the county. The Derbyshire Care Providers Association (DCPA) represents the independent sector and supports care providers to enable them to improve the quality of life for residents in care homes.

The DCPA managing committee meet regularly throughout the year and also meet with local authorities, councillors, MPs, NHS and the regulators, the Care Quality Commission, to lobby and consult on behalf of care providers and their residents.

The last year has seen much exposure in the media regarding abuse, neglect and poor standards in some hospitals. The media report this as well as issues in care homes, but the vast majority of care providers provide an excellent caring service carrying out their work quietly in an effective way promoting choice, dignity, privacy and independence in an individualised manner. Bad news is nearly always reported by the media. Good news and good practice are rarely mentioned.

It is common for people moving into a care home to rediscover what life has to offer, making new friends and to start enjoying life again. The help that a person receives in a care home will be planned to meet their specific needs in such a way that privacy, dignity, independence and individuality are recognised and maintained at the highest level.

As well as having rights within the home, there is also a legal right to choose which care home you wish to live in. If you receive funding support from the local authority to pay for care home fees, you may need a relative or friend to pay a ‘top-up’ charge to the care home on top of what the local authority contributes.

Derbyshire Care Providers Association
(formerly Derbyshire Care Homes Association)
Email: brosenberg@comcaresystems.co.uk
Web: www.derbyshirecare.org.uk

The main business of the Association takes place at meetings held every three months, which are open to all members. From time to time, guest speakers are invited to present topics of interest. These include areas such as training provision, quality standards, CQC, changes in registration, inspection and legislation.

The home care sector is undergoing massive changes and the DHCA is still active in working in partnership with the County Council in assisting in the implementation and development of these key changes to the provision of personal and social care.

Because of the importance of the role that the DHCA plays, we feel that it is important that all agencies share our voice and are keen to encourage membership from all home care agencies in Derbyshire.

For further information, or if you would like to become a member, please contact the Chair: Melanie Ulyatt on 01246 200018 or email: melanie@onetoonesupportservices.co.uk or the Secretary: Samantha Griffin at independantcarelink@yahoo.co.uk
Paying for care

Self-funding advice

If you have income in excess of the weekly fee charged by the care home, or capital assets worth more than £23,250, you will be responsible for any long term residential care services you require. Regardless of your assets, however, you are still entitled to an assessment of your needs by the Adult Care Department.

If your income is less than the weekly fee charged by the care home, or your capital assets are under £23,250, you may be entitled to financial assistance from us. You will be required to make a contribution towards the cost of your care from your income and if you have savings between £14,250 and £23,250 you will also make a contribution from your capital.

If your savings are less than £14,250, your contribution will be assessed only on your income and the local authority meets the shortfall subject to local funding limits (see chart on page 32). If the care home you choose charges a fee in excess of the local authority funding limit you will need to find someone else to meet the additional amount, often referred to as a ‘third party’ or ‘top-up’ payment (explained further on page 32).

When you move into a care home you may be entitled to some of the following assistance and support, subject to a needs assessment.

Twelve-week property disregard
If your former home is included in your financial assessment but your other capital is less than £23,250, and your income is not enough to meet your care home fees, we will share the cost during the first twelve weeks of permanent care provided we agree that care is needed. For more information on paying for care if you own a property, please see our factsheet ‘Your property and paying for care’.

Deferred Payment Agreements
After the twelve-week property disregard period, any financial help from Adult Care will be charged against the value of your home. Subject to certain conditions, we may offer you a Deferred Payment Agreement which will allow you to delay selling your former home. Any fees loaned under the agreement must be repaid once the house is sold or from your estate. Interest is not payable on the loan whilst you remain in care but does become payable 56 days after you pass away. We may limit the amount of the loan depending on the equity held. Your entitlement to Pension Credit or Income Support will also be affected if your property is not seen to be on the market and becomes treated as capital by the Department of Work and Pensions (DWP).

Attendance Allowance, Disability Living Allowance and Personal Independence Payments
These benefits are non-means tested, non-taxable benefits from the DWP. There are two rates depending on the level of your needs. The lower rate from April 2014 is £54.45 per week and the higher rate is £81.30 per week.

Everyone who needs care can, and should, claim these benefits but they will only remain in payment if you are funding your own care. If we are making a contribution towards your care then these payments will cease. If you are entitled to the Mobility component for help with getting around, these payments do not stop once you are in a care home and are not included in your financial assessment.

NHS Nursing Care Contribution
Whether you are a temporary or permanent resident, if you live in a care home that provides nursing care you may be entitled to a non-means-tested NHS Nursing Care Contribution (currently £110.89 per week for the standard rate) towards the cost of your nursing care. This is usually paid directly to the home and is used as payment towards the overall fee.

NHS Continuing Care Funding
You can receive Continuing Health Care services in any setting, including your own home or in a care home. The NHS will pay if you need healthcare from a community nurse or a therapist as well as personal care to help you at home.

If you live in a care home with nursing (traditionally called a ‘nursing home’), you may qualify for the full cost of your care home fees, including board and accommodation, under the National Framework for NHS Continuing Health Care if you meet the criteria.

If you live in a care home providing only personal care and need help from a registered nurse, this help will be free, covered by the NHS. To find out whether you are eligible you must ask for a Continuing Health Care Assessment.

Running out of money
If your capital is likely to reduce to £23,250 through...
Self-funding advice continued

>> payment of care home fees, you must let us know well in advance. We must undertake an assessment of your circumstances before deciding if we will make a contribution, explained on page 8.

If the home you have chosen charges more than Derbyshire County Council’s fee levels, as shown in the table on page 32, you must find someone to help pay the difference which is known as a ‘top-up’ or ‘third party payment’. Whoever does this, whether family or a benevolent charity, they should realise that they will have to pay this for the duration of your time in care and the cost could rise. Alternatively, if funds for a top-up are not available, you will need to find accommodation which can meet your needs at the local authority fee level.

Understanding your rights before moving into care is essential. There are a number of financial products and specialist companies who may be able to help. It is important to seek advice before committing yourself.

What will you have to pay for your care?

The value of your home is included when assessing capital unless it is occupied by your partner, a relative who is aged over 60 or is incapacitated or a dependent child under 16 who lives there with your partner or former partner.

Do you have capital or savings in excess of £23,250?

Yes...
Arrange for a Community Care assessment with Adult Care to define your care needs. Whichever home you consider must be able to meet your assessed care needs.

If, apart from your property, your savings are less than £23,250, we can help with your care costs for the first twelve weeks. After this time, any money from us will be regarded as a loan and will need to be repaid once your house is sold.

No...
We will share the costs with you.

How much will we contribute?
To work out how much we will contribute, you must arrange a Community Care assessment to define your care needs and how they will best be met. We will also have to assess your financial situation. Any homes which you consider must be able to meet your needs.

Your choice of care home will be limited to those that accept our funding rate. More expensive homes will expect you to arrange a third party to top-up the difference. You are not allowed to do this yourself if your capital is below £23,250.

If your capital is less than £14,250, and the home you choose charges fees that are within our funding rate, your contribution will be assessed only on your income.

With capital between £14,250 and £23,250 you will be expected to contribute £1 per week for every £250 you have above £14,250 in addition to your income.

For more detailed information on paying for care please ask for our leaflet ‘Paying for care in a care home’.

Whatever your circumstances...
- If your partner still lives at home, they will not be means-tested. If you have a private pension, only half will be considered when you are assessed if you are passing this on to your partner. However, you will need to consider the effect this would have on any benefit claim your partner makes after your move into care, as it may reduce their entitlement to other financial help.

- Your assessment will be made up of two elements, a care part and a financial one.

- A nursing home will generally be more expensive than a residential home offering personal care only.

Remember to seek benefits advice and consider claiming:
- Universal Credit (if you are under pension age);
Local authority contribution towards care in private sector care homes

We appreciate that the current financial climate in the care sector is challenging. It is recognised that considerable pressure exists for both those who purchase and those who provide care home placements.

Where we can assist with funding support for an individual, the fee rates payable to care homes throughout the County are listed on page 32.

Complex or variable needs are assessed individually and can attract additional funding.

Fees charged by some homes may be higher than the maximum rates that we can pay for reasons other than complex or variable needs. Please see the section on third party payments on page 32.

Where individuals are meeting their full fees without funding from us, the level of fee will pay will be subject to the agreement we reach with the care provider. People who are liable to pay the full cost of their care are also entitled to an assessment of their care needs.

It is important to appreciate that care homes not owned or managed by us are run as private businesses and as such they are able to decide how much they want to charge for accommodation and care.

Funding arrangements can be complex so potential residents are advised to seek advice from one of our local offices. See page 32 for contact details.

Whilst we can offer help in negotiating a fee on your behalf, the care home can decide to change their charges from time to time, such as if you decide to move rooms or when you sell your house and become a ‘self-funding’ resident.

If you are concerned about any potential future changes in the amount you may have to pay you should discuss this with your social worker at the earliest opportunity.

Quality Premium payments

We currently operate a local scheme to reinforce quality standards in care homes and home care agencies. Each organisation has been given the opportunity to apply to become a Quality Premium Provider and those who have qualified have demonstrated that they have met standards in staff training and competence, for which an additional payment is then made by us.

People choosing a home are advised to ask if the home is a Quality Premium provider.

Bed vacancy information

Details of care home vacancies can be obtained by speaking to Call Derbyshire on 01629 533190 or by visiting our website at www.derbyshire.gov.uk and following the links to social care and health/adult services/residential accommodation.

Always seek advice:

- Independent help is available to guide you through your financial options. There may be a number of solutions to retaining your capital whilst paying for care.

Please contact us for information on our contribution to care fees. Call Derbyshire on 01629 533190.

Nursing fees include CCG/NHS payment of £110.89 per week (NHS Nursing Care Contribution)

Please contact us for further information on our contribution to care fees. Call Derbyshire on 01629 533190.

Figures mentioned here may change over the life of this Directory and you are advised to check fee levels with the provider of any home you are considering, including any homes provided directly by Derbyshire County Council.

Third party payments

If the home you choose costs more that the rate paid by us for someone with your needs, you will have the choice to ask someone else to make an additional payment. This means that they will have to pay the difference between our rate and the amount the home charges. This additional payment is often referred to as a ‘top-up’ or ‘third party payment’.

The law says that you are not allowed to make this additional payment yourself, except in limited circumstances, such as when you have a Deferred Payment Agreement (explained on page 29). Therefore, the additional payment normally has to be made by someone else, for example, a family member or charity.

Before anyone agrees to make additional payments on your behalf they should be aware that the amount could increase and they need to be confident that they can sustain the payments for as long as they are required. If the additional payments stop being paid, for any reason, then you should seek help and advice from us. Once it has been established that someone is willing and able to make these payments they will be asked to sign an agreement to formalise the arrangement.

Derby House Nursing Home

Situated in the centre of Buxton overlooking the Pavilion Gardens, Derby House is an early Victorian building dating back to the mid 19th Century. The Home has excellent access to public facilities and transport links. Owned and run by the Brindley family since 1980 we provide 24 hour nursing care and are experienced in catering for the needs of elderly people with many varied conditions.

• Visiting chiropodist, optician and hairdresser.
• Specially adapted bathrooms.
• Open visiting.
• Home cooked food and various specialised diets catered for.
• We aim to help our residents achieve their potential in life. Privacy, dignity and individuality are of prime importance, along with good food and a warm, clean environment, in which residents can feel totally safe.

Please call to discuss your requirements, request a brochure or arrange a visit.

You’ll like us!

Homes you will love. Care you will appreciate.

At Porthaven we are proud to have been described as running the best care homes in the country. Our homes are beautifully designed, clean and spacious. We provide a range of interesting, enjoyable activities and an excellent menu of food. At our homes we understand the business of caring well, offering residential, nursing and dementia care as well as respite care for those who require a shorter stay.

There is, however, another element, and one which makes a difference to all our residents: a positive attitude to caring and a genuine interest in others. You will sense this from the moment you walk in the front door; it’s unmistakable.

Call your nearest Porthaven Care Home and arrange your visit with one of our Home Managers today. We look forward to hearing from you.

Springbank House is situated near the centre of the beautiful market town of Chesterfield, most famous for its crooked spire. It is within walking distance of the town centre, bus station, shops and many other attractions.

Springbank House provides 24 hour care for people requiring both residential and nursing care. The home provides a homely and friendly atmosphere for 41 people who can enjoy the comfort of this home. Many of our bedrooms have en-suite facilities. All rooms have a nurse call alarm system and a T.V point. Both furniture and decoration are maintained to a high standard. Springbank House has two lounge/dining rooms, a conservatory and a further separate dining room. The conservatory opens out onto the lawns and garden where many people spend enjoyable hours especially during the summer months.

Our activities coordinator organises daily activities and events/entertainment. Please contact the Home Manager on 01246 237396 Email: springbank.house@hillcare.net

What makes Langdale Care Homes so different from other homes? It's quite simple really. Everything we do is based from the heart of our philosophy; we champion a quality of life for all our residents. This championing has always been at the core of our ethos and is especially relevant today.

Langdale Heights is situated within walking distance of Derby City Centre. The long tree-lined driveway isolates us from the rush of traffic and the large trees and high elevation give a rural feel to the gardens ensuring a peaceful and relaxing environment.

The home is deceptively large and has two spacious and comfortable lounges with TV's, DVD players and music playing facilities. There is a conservatory in which to enjoy the winter sun, which too has TV and music playing facilities and also a fishtank to add to the ambience.

The garden and patio areas, both large and pleasant are warmed by the sun during the summer months and many residents receive pleasure in relaxing in these areas. Our aviary, housing doves, quail and many other colourful birds give residents a great deal of joy by simply watching them, or in some cases, trying to get the cockatiels to talk!

For any further information please contact us at:
Langdale Heights
352 Burton Road, Derby, Derbyshire DE23 6AF
Telephone: 01332 367 429
Email: info@thelangdalesgroup.co.uk

Our Home is Your Home

Langdale Care Homes aim to provide service users with a secure, relaxed and homely environment in which their care, well-being and comfort is of prime importance. A holistic and person centred approach is adopted in our homes to ensure that the needs and wishes of our service users are taken into account and catered for.
What makes Langdale Care Homes so different from other homes? We believe that every one of our residents are unique and their needs will never be the same. Our individually centred approach enables residents at Langdale Care Homes to maintain a life of independence and dignity, despite their changing care needs.

Langdale Lodge is a purpose built sizeable and modern home situated at the end of a quiet cul-de-sac. The surrounding grassland and greenery enhances the relaxing atmosphere. The home has a large and welcoming entrance hall, two cosy yet open plan lounge/diners situated on the ground floor, both with TV’s DVD players and music playing facilities.

The fully matured garden area is quiet and secluded. We have a large aviary with an array of colourful birds and a resident cat - Bacus - who is often to be found enjoying the fuss our residents give him.

All Langdale Care Homes are registered with the Care Quality Commission (CQC) for the provision of residential and nursing care, respite care, daycare and rehabilitation stay.

At the Langdales Group, we believe that great care starts with great people. All of our homes have fully trained staff, but what makes us different is that not only do our staff have their qualifications, they also share our vision in the provision of excellent resident-centred care.

For any further information please contact us at:
Langdale Lodge
56 Selhurst Road, Chesterfield, Derbyshire S41 7HR

Brookholme Care Home

Brookholme provides a special environment for the elderly to enhance the quality of their retirement years, in the comfort and security of a caring family atmosphere. Long & short term as well as day care facilities. In house Physiotherapist and Occupational Therapist.

Our experienced and trained staff provide care, support and stimulation, whilst everyone has the opportunity to be with others and to meet new friends. We are situated in a very pleasant area of Chesterfield close to shops, amenities and Somersall Park.

We pride ourselves on a person centred approach which promotes independence and choice. A holistic approach is adopted and directed at the individuals physical, mental, social, cultural and spiritual needs.

One to one and group based therapeutic activities, entertainment and outings. An experienced Chef providing an interesting and varied diet for all residents. Special dietary requirements can be catered for.

The home has several comfortable lounges, a conservatory and a dining room which ensures guests can visit and have privacy. A picturesque garden that is a delight all year round providing both colour and textures to stimulate the senses.

Our residents can always be sure of personal attention and dignified treatment, whilst any need for privacy is understood and respected. Friends and relations are encouraged to visit whenever they please and add to the feeling of being home among friends.

For further details and an information pack please contact our Care Manager Christine Lilley.

New Care Home Opening Summer 2014

The Brooklands

At The Brooklands our aim is to provide a caring environment in which 19 residents, both men and women, can live as independent a life as possible.

We respect their age, personal dignity and cultural and religious beliefs.

We do our best to create a friendly and cheerful atmosphere in which they can feel safe and valued. Our ongoing aim is to maintain the highest standards in quality care for the elderly upon which our reputation is built.

The Home is a not-for-profit organisation with any gifts/legacies contributing towards improved additional facilities.

Please feel free to come and visit the home, and talk to our residents and staff and experience the superb location set in 18 acres of beautiful countryside.

Burton Closes Hall is situated on the southern boundary of Bakewell, close to some of Derbyshire’s finest open countryside. This elegant mansion was designed by Joseph Paxton and the interior can be attributed to Augustus Pugin, famed for the interior of the Houses of Parliament. The house still retains its decorated ceilings, oak screen work and a beautiful minstrel’s gallery. In the grounds we also have the tallest Ash tree in the Peak District National Park.

At Burton Closes Hall we have 3 distinct units; Nursing, Residential incorporating Residential Dementia, and Young Physically Disabled Unit. Each unit has its own qualified and dedicated team of staff.

Many rooms have superb views, all have en-suite facilities, TV and nurse call system. Qualified nurses and skilled care assistants are on duty 24hrs per day. Additional services include, hairdressing, dental and optical care. We also have a full time activities co-ordinator, who organizes regular outings and a full programme of events.

To locate the homes that best meet your needs, please consider the following:

Many nursing homes also provide residential care.

Fees charged by some homes exceed those paid by the Council and may attract a third party payment (explained on page 32).

Service category information is obtained from the CQC and historic information recorded by the Council. These categories change regularly and you should contact the provider for current information on care they provide.
At Lilybank, we have created a luxurious environment in beautiful surroundings, we aim to enable you to live your life to the full.

Our dedicated, friendly staff ensure that all your care needs are met, whilst treating you with dignity and respect at all times and encouraging you to do the things you enjoy without the worries of everyday living.

We know that everyone is different, recognising you are a unique individual who needs to feel valued and able to continue to make choices and have some control in your life. We respect this and encourage you to be as physically and mentally active as possible.

Our high quality services include:
- Luxury Residential Care
- Residential Dementia Care
- Tailored Care Services
- Domiciliary Care
- Respite/Day Care
- Holiday Stays
- CQC Registered Floating Support

Residential Setting
We provide high quality Residential Care. This is delivered by our experienced multi-disciplinary staff team who are committed to achieving positive outcomes.

Supported Living
Individuals will be encouraged to make independent choices, learn new skills, manage their own tenancies and become an active member of the community.

Independent Living
Our Domiciliary Care and Support Services help maintain and promote independence. A 24 hour advice line is available and our CQC registered Floating Support Services can be activated from this when required.

Holmewood

Holmewood is located on the outskirts of Chesterfield and is closely situated to our sister home, Barnfield. The home is close to local shops and amenities and within easy reach of Clay Cross and Chesterfield.

Holmewood caters for the residential care of the elderly with and without dementia needs. The staff support residents in every possible way through specific care for every specialist care within the home, including physiotherapy and tailored day care for every resident’s need. The home also provides support such as support groups and key topic seminars for families that need additional support or information.

The team at Holmewood is constantly available round the clock should residents require any assistance and an individual care plan for every individual that will communicate any specific needs and support for the resident and their family’s peace of mind. The experienced team also provide an Independent Living Training Programme and additional support on care funding and discussing wishes and wants with residents loved ones.

Please contact the Home Manager on 01246 855899
Email: holmewood@hillcare.net

27 Barnfield Close, Holmewood, Chesterfield S42 5RH
Tel: 01246 855678 Web: www.hillcare.net

Barnfield

Barnfield is situated in the Chesterfield area and is conveniently located near local shops and public transport routes. Barnfield prides itself on the care and attention that is provided to its residents and their families.

Barnfield provides nursing care specialising in the care of the elderly with dementia needs. The home has a dedicated team of staff providing the highest standards of care 24 hours per day.

The home is well decorated and maintained to create a warm and homely environment in modern surroundings. There are spacious lounges and dining rooms with a separate secure garden area. People living at the home are actively encouraged to personalise their bedrooms many of which have en-suite facilities to their own tastes.

Please contact the Home Manager on 01246 855899

This Directory’s helpline 0800 389 2077 – information on choosing and paying for care
To locate the homes that best meet your needs, please consider the following:
Many nursing homes also provide residential care.
Fees charged by some homes exceed those paid by the Council and may attract a third party payment (explained on page 32).
Service category information is obtained from the CQC and historic information recorded by the Council. These categories change regularly and you should contact the provider for current information on care they provide.
Cliff House Nursing and Residential Care home offers 24 hour care both for elderly residents who are able to enjoy their independence and for patients who require constant nursing care. The Home is situated in the beautiful town of Clowne, set in its own attractively landscaped grounds with easy access to all local amenities.

The views of the Derbyshire hills that can be seen from the rooms are breathtaking. The majority of our rooms are single with en-suite facilities, we also have some shared rooms, all of which are linked to a Nurse call system.

To find out more call our matron on 01246 810246

Our residential home is registered to provide care to the elderly suffering from old age and mild forms of dementia. Our team of kind, patient and respectful staff will do their utmost to make you feel as comfortable as possible.

Langwith has lots to offer, including:

- 8 acres of parkland with a fishing lake and lots of wildlife
- Regular in-house activities, as well as days out and events
- Resident’s greenhouse & gardens
- Visiting entertainment, local choirs, ‘chairobics’, musicians
- Day care & respite stays

For more information call the Home Manager on 01623 742204 or visit www.yourhealthgroup.co.uk

Looking for care or support?

For independent, impartial information on your care options, call this Directory’s helpline on freephone 0800 389 2077

We can generate a personalised report with details of care homes or housing with care schemes that meet your needs and send you additional information on choosing and funding care too.

....Care You Can Rely On

We understand how confusing it can be choosing a care home for yourself, or a loved one. Selecting a Monarch Healthcare home gives you peace of mind in knowing you are choosing from the best.

Our dedicated team of nurses and carers are specially trained to discuss your requirements, and to advise you accordingly. You are welcome to visit for a short break, enjoy a meal in our restaurant, or join in our fun social programme.

In this new chapter of your life we will help you live it to the full, understanding how important it is for you to continue making your own choices and to feel valued -

....You can rely on us to care.

Every aspect of care is given the highest attention to detail. Décor and furnishings are designed for appeal and comfort and we offer a choice of bedrooms and suites, finished to your liking.

We expect hotel standards in housekeeping and catering. Trained chefs are employed to prepare appetising and nutritious meals, with menus selected in consultation with clients.

A varied social programme offers entertainment, outings and activities to cater for all interests and hobbies. We are always searching for new ideas and places to visit, and welcome your suggestions.

Most importantly, we promise to care for the person you love, as you would yourself.

For more information, or to request a brochure, please contact the home, or head office, on tel: 0115 984 4839 email: info@monarchhealthcare.co.uk

Ashmere has been caring in Derbyshire for over 30 years. Family owned and managed for three generations, Ashmere has striven to deliver the very best care to our residents.

For those who value their independence, our residential care offers all the assistance needed whilst offering the freedom of choice of which activities and hobbies to pursue from those on offer, along with many trips and outings to allow you to enjoy being a part of the community.

Our nursing homes provide all the equipment and expertise required to provide the best care possible. Whilst our extra care units provide specialist care for residents with dementia. In some of our homes all three levels of care are catered for, taking away any stress of having to move again.

With excellent facilities including the hydrotherapy pool in one of our homes, available for the use of all of our residents as well as craft rooms, games rooms and landscaped gardens, our homes Activities Co-ordinators will ensure there is something for all our residents to enjoy. We also offer various clubs for residents to join such as the gardening club, where residents can grow plants & vegetables in the grounds and the cookery club, where residents can share recipes and take part in some baking. We are sure that everyone would enjoy 'The Ashmere Lifestyle,’ so why not try it for yourself? No need to make an appointment, come & visit one of our homes today!

**Longmoor Lodge**
114 Longmoor Lane, Sandiacre, Derbyshire, NG10 5JP
Tel: 01159 499991 Web: www.hillcare.net

Longmoor Lodge is a purpose built Residential Home for Older People situated in a pleasant residential area. The town centre of Sandiacre and its facilities are close by and the surrounding towns of Long Eaton and Stapleford are within easy reach.

Longmoor Lodge aims to provide facilities of a high standard, with an all embracing, developmental, caring service for the people who use the service. Our objective is to offer person centred care taking into account each individual person’s unique qualities, abilities, interests, lifestyle preferences and needs.

The majority of our rooms are on the ground floor. Spacious en-suite bedrooms have TV and telephone points and a nurse call system. Rooms are furnished and decorated to the highest standard. A variety of specialist bathing and shower facilities are provided. There is a small kitchen for the use of the people who use the service to make drinks or snacks for themselves and their visitors. Within the home there are three large, comfortable and spacious lounges.

Please contact the Home Manager on 01159 499991
Email: longmoor.lodge@hillcare.net

**Bramble Lodge Residential Care Home**
Bramble Lodge is a charming property situated in scenic surroundings, but with convenient transport routes, which is dedicated to the highest quality of residential and dementia care.

Passionate about maintaining a residence that is ideal for the practice of modern care, Bramble Lodge now has three purpose-built extensions that offer en-suite bedrooms, while residents also have access to four comfortable lounges, patios and gardens.

A spacious activities room allows carers to support a versatile lifestyle and personal interests, while the home also has its own hairdressing salon, exercise room, sensory area and library.

Bearwardcote Hall has been a privately owned, family run business for the last 27 years. Our aim is to provide the highest standard of professional, personal care in a beautiful country home atmosphere, focusing on individual needs and requests to help maintain and improve our client’s standard of living.

Our premium quality home operates a 5 star rated kitchen in which our chef prepares a choice of fresh, daily meals using local produce. All dietary requirements are individually catered for. Three full time occupational therapists provide activities such as discussion groups, exercise, craft groups, and bingo 5 days a week every week.

With a highly trained, dedicated care team ready to answer your questions, we welcome you to visit us at your own convenience.

Here at The Florence Nightingale Care Home we are committed to provide a high quality of care to each individual resident.

Residents will be treated as individuals and cared for with respect and dignity within a safe and homely environment, which provides stimulation and encourages independence where appropriate.

The Florence Nightingale Care Home is registered to care for residents who require residential care.

- 24-Hour personal and practical support
- Well-trained, caring staff
- Freshly cooked meals
- Staying active

- Activities co-ordinator
- Visits by local GP, district nurse, dentist, optician, physiotherapist, chiropodist and holistic therapists

“From the first visit, I knew this was the place for me. I’ve looked around lots of care homes before settling here. It’s worth taking your time, and one thing life has taught me - not to jump straight in on impulse.”

Maria Samuals, Resident
Derby City

Welcome to our homes...

Our care homes have built up excellent reputations within their local communities with the vast majority of our new residents coming through recommendations from others. This has been established through our commitment to the on-going provision of dedicated quality care delivered within a high quality, yet homely environment.

Morton Grange Careline providing domiciliary care since 1993

“Providing best quality care and support in the comfort of your own home.”

- Operating in Amber Valley, Bolsover, Chesterfield and North East Derbyshire
- Supporting a wide range of clients by scheduling regular and convenient visits
- Enabling clients to continue living independently for longer
- Promoting personal choice and protecting client dignity
- Providing piece of mind for friends and relatives by meeting clients’ needs
- Dedicated team of over 90 carers and our own Edexcel Accredited training centre
- Staff undergo a thorough induction which leads on to QCF qualifications
- Our domiciliary care manager is also a QCF internal verifier
- All four areas are close to our offices at Morton Grange

- Each area is managed by a dedicated, full time qualified co-ordinator
- Office hours are Monday to Friday 9am-5pm including bank holidays
- Member of the management team on-call at all other times
- Our dedicated staff are familiar with the specific needs of each client they visit
- Visit times are arranged to suit the needs and wishes of individual service users
- We assist with personal care (e.g. bathing, dressing, medication) as well as household maintenance (e.g. cleaning, shopping, laundry, cooking)
- Regular assessment of client needs to ensure they are receiving the help required
- 9 out of 10 respondents to our service user questionnaire would recommend us
- Many clients are fully funded by or receive direct payments from Social Services
- Enquiries without obligation and we will arrange to visit you at home
