Welcome

Welcome to the 2020/21 Guide to Independent Living in Peterborough, produced in association with the publisher Care Choices.

This guide introduces the information, care, and support you need to enjoy the best quality of life for as long as possible. It’s packed full of information and is easy to use.

As a result of the coronavirus (COVID-19) pandemic, many services have been affected. Some have changed how they operate, and others may have had to stop completely. This guide reflects ‘business as usual’ and therefore it is recommended that you check with the relevant service to determine availability. You can find the latest information concerning providers and services by visiting the Peterborough Information Network at www.peterborough.gov.uk/pin

For the latest guidance about COVID-19, visit www.gov.uk/coronavirus

Whatever your age or ability, there are things you can do to remain independent, safe, and well. Many of these are small lifestyle changes that will make a big difference. By acting now, you can make positive changes that can make a big impact in your future. There are many people, places, and activities that can help you to carry on doing what matters to you, without having to pay for professional care.

There is a lot of excellent support available in Peterborough.

Peterborough Information Network (PIN)

You can find lots of useful information about staying safe, well, and independent in Peterborough on the Peterborough Information Network at www.peterborough.gov.uk/pin. The Peterborough Information Network includes information on topics such as:

- Getting out and about.
- Learning, work, and volunteering.
- Keeping healthy and well.
- Staying independent.
- Equipment and living aids.
- Personal assistants’ network.
- Housing options.
- Staying safe.
- Caring for someone.
- Money matters.

There is also a special section in Easy Read. Visit www.peterborough.gov.uk/pin and select ‘Easy Read information for adults’.

This guide will help you think about the options available and help you make the choices that are right for you. You’ll find out about local activities, transport, equipment and adaptations, home support, and much more.

Keep your guide by the phone or somewhere handy, or even better start filling in your action plan on page 5 to help you stay independent, safe, well, and living a fulfilled life.

To give you some extra help, we’ve given you some handy tips throughout the guide, so look out for them.

Tip

You might want to use this guide on your own, or ask a friend or family member to help you think things through:

- Browse this guide to identify the five key things that you are interested in or feel will support you.
- Explore the suggestions to find out more about the areas that matter to you.
- Use your action plan on page 5 to help you plan the things you want to put in place and who you will contact first.

The details in this guide may change over time. If you can go online, you can find the most up-to-date information about care and support in Peterborough at www.peterborough.gov.uk/pin
Enjoying your favourite activity and getting to know others in your community can improve your wellbeing, regardless of your ability. Whether you love to be creative or sporty, whether you are naturally chatty or love to get your hands dirty, there are many opportunities to try new things, meet new people, and get involved. The Peterborough Information Network includes details of events happening locally which can help you make these connections.

### Your action plan

This guide is designed to help support you to live independently. Many people enjoy activities and use equipment or services to help them do this. Please use your action plan to note down the steps you want to take, including useful resources to help you get there. Then follow your plan to get the support that is right for you and your family. Support to help you live independently begins on page 6.

Getting out and about

Keeping active is more than just physical activity; it’s about staying connected with people and places, and about feeling productive. Whether you’re travelling to work, socialising, taking some exercise, or doing practical things like shopping, getting out and about will help you to stay happy, healthy, and independent for longer.

There is a range of transport and mobility services that can help you get out and about. You may want to use your own car, travel by public transport, or use a range of community transport options.

**Travelling**

**Travelchoice**

Travelchoice is a local scheme introduced to promote effective travel choices, to reduce the need to travel by car, and promote a cleaner, greener, and healthier city. The Travelchoice website outlines initiatives and measures implemented across the city to promote sustainable travel relating to public transport, walking, cycling, car sharing, and electric vehicles as well as resources for schools, businesses, and developers. Find out more at [www.travelchoice.org.uk](http://www.travelchoice.org.uk)

**Cycling**

Cycling can be a useful means of transport as well as a fun way to exercise and socialise. There are many different types of bikes and many more opportunities for people with disabilities to cycle. Cycling UK has a guide to adapted cycles at [www.cyclinguk.org/article/cycling-guide/guide-to-adapted-cycles](http://www.cyclinguk.org/article/cycling-guide/guide-to-adapted-cycles)

Peterborough is a great place to cycle. The Green Wheel is a 45-mile network of cycle routes around the city, where you can follow a circular route that starts at Bridge Street or choose to ride a shorter section. Search ‘Peterborough Green Wheel’ on the Sustrans website to find out more. Visit [www.sustrans.org.uk](http://www.sustrans.org.uk)

If you are new to cycling, there is a route from the riverside path in the city centre to the western end of Ferry Meadows Country Park that is flat and traffic-free.

Did you know that two out of three disabled cyclists find cycling easier than walking? Visit [www.wheelsforwellbeing.org.uk](http://www.wheelsforwellbeing.org.uk) for more information.

**Learning to drive**

Many people with a disability drive. There are various modifications that can be designed to help make your driving or travelling experience as comfortable as possible, depending on your needs.

If you are looking to start learning to drive, the disability driving instructor’s website has an online register of specialist driving instructors for people with physical disabilities, special educational needs, and those with hearing difficulties. The website also has advice on how to start learning to drive, how to return to driving after an accident or illness, and how to keep driving safely. You can find out more on [www.disabilitydrivinginstructors.com](http://www.disabilitydrivinginstructors.com)

**Leasing a car, scooter, or powered wheelchair**

For many people, having their own transport is an integral part of independent living. The Motability Scheme provides an affordable, worry-free way for you to lease a car, a wheelchair accessible vehicle, a scooter, or a powered wheelchair in exchange for your mobility allowance.

Find out what the Motability Scheme can offer you. Web: [www.motability.co.uk](http://www.motability.co.uk) Tel: 0300 456 4566

**Obtaining a wheelchair**

Local mobility shops sell a range of manual and electric wheelchairs. Alternatively, speak to your GP or health worker who can refer you to the local NHS wheelchair service for an assessment to determine if you need a wheelchair.

If you are considering a care home with nursing, see the checklist on page 56.
PARKING

The Blue Badge scheme provides a range of parking concessions for disabled people with severe mobility problems who have difficulty using public transport. The scheme is designed to help severely disabled people to travel independently, as either a driver or passenger, by allowing them to park close to their destination.

Find out more and apply for a Blue Badge at [www.peterborough.gov.uk/residents/parking/blue-badge-parking-scheme](http://www.peterborough.gov.uk/residents/parking/blue-badge-parking-scheme) or call 01733 452356.

TRAVELLING BY BUS

People with disabilities and older people can travel by bus for free across England at the weekend and after 9.30am, Monday to Friday. To find out if you’re eligible, and to apply online, visit [https://travelchoice.org.uk/bus-travel/concessionary-fares](https://travelchoice.org.uk/bus-travel/concessionary-fares)

For more information, call 01733 747474. For applications sent by post or email, use the contact details below.

Customer Service Centre,
33-37 Bridge Street PE1 1HA
Email: buspassoffice@peterborough.gov.uk

Stagecoach produce ‘Journey Assistance Cards’ if you need a bit more help using the bus. The cards make it easier for you to let the driver know what extra help you need. You can use your cards any time of day, seven days a week, on any Stagecoach bus service. For more information, visit [www.stagecoachbus.com/promos-and-offers/national/journey-assistance-cards](http://www.stagecoachbus.com/promos-and-offers/national/journey-assistance-cards)

TRAVELLING BY TRAIN

A railcard gives you discounts on rail fares. To find out about available railcards, including a disabled person’s railcard, and a senior railcard for people aged over 60, visit [www.railcard.co.uk](http://www.railcard.co.uk)

If you’re travelling around by National Rail, you can plan your train journey using the information provided for disabled passengers at [www.nationalrail.co.uk/stations_destinations/disabled_passengers.aspx](http://www.nationalrail.co.uk/stations_destinations/disabled_passengers.aspx)

To book assistance, you only need to contact one train company and they will organise assistance for your whole journey.

You can book assistance by phone or online with the company directly, or centrally by calling 0800 022 3720.

Various rail companies have services that run from Peterborough. Further details of the assistance each company provides can be found on the following links:

- **Cross Country**: [www.crosscountrytrains.co.uk/customer-service/travel-assistance](http://www.crosscountrytrains.co.uk/customer-service/travel-assistance)
- **LNER**: [www.lner.co.uk/customer-service/customer-services/contact-us/assisted-travel](http://www.lner.co.uk/customer-service/customer-services/contact-us/assisted-travel)

Search for care in your area

[www.carechoices.co.uk](http://www.carechoices.co.uk)

With so many providers to choose from, where do you start?

- Find care providers quickly and easily
- Search by location and care need
- Information on care quality
- Links to inspection reports
- Additional information, photos and web links
- Brochure requests

Community transport

As a disabled or older person, community transport can provide a vital service whether you are looking to get to a doctor’s appointment or enjoy a shopping trip in the city centre.

Community Link – accessible door to door transport

Community Link is designed for you if you are unable to use public transport, have difficulty using public transport, or no public transport is available. Whether you use a wheelchair or not, specialised transport and professional drivers can help you gain greater access to shops and other vital services. The service is open to people living in the Peterborough city area and there is a membership fee. Bookings need to be made 48-hours in advance. You can find out more by visiting https://travelchoice.org.uk/bus-travel/community-link

To make an enquiry or booking, call 01733 317460 or email buses@peterborough.gov.uk

Rural areas: Dial-a-Ride

Rural Dial-a-Ride is a wheelchair accessible, door-to-door transport service for anyone living in the villages surrounding Peterborough who has difficulty accessing the standard public transport services.

The service will pick you up from your home, drop you off in the city centre, and take you back home approximately two and a half hours later.

Membership costs £10.00 for singles or £15.00 for couples per year. The only additional cost is your fare, like a standard bus fare. Concessionary bus passes are also accepted. To find out more visit https://travelchoice.org.uk/bus-travel/rural-dial-a-ride

Shopmobility

If you have a mobility problem, even temporarily, Shopmobility can lend you a wheelchair or scooter to help you shop or use other local facilities.

Peterborough Shopmobility
(Queensgate)
Web: www.shopmobilitypeterborough.co.uk
Tel: 01733 313133

Local activities and groups you can join

Community activities

Enjoying your favourite activity and getting to know others in your community can improve your wellbeing, regardless of your ability. There are various opportunities to try new things, meet new people, and get involved. To find events and activities, groups, clubs, and organisations near you, visit www.peterborough.gov.uk/pin

If you can’t go online, visit your local library where staff will help you.

Tip

Here are some questions to help you think about the type of support to look for.

- Why do you want to get involved in your local community?
- Do you have any hobbies that you would like to do more of?
- Would you like to try something new?
- Would you like to meet people who have similar experiences to yourself?
- How regularly do you want to do something?

If you are interested in starting a group, the organisation below provides information, guidance, and support to help groups set up, develop, and grow.

Tip

There is an action plan on page 5 that you can use to make a list of activities you’d like to do to help keep you independent, safe, well, and living a fulfilled life.
Library services

The library service offers books, newspapers, magazines, CDs/DVDs, and computer access. There are also many titles available in large print, and as audio books. If you have difficulty visiting a library and do not have internet access at home, ask about the Mobile Library and Library Link Doorstep Service.

Vivacity, who were running the libraries in Peterborough, gave notice to the council on 18 June 2020 that it was unable to deliver its current contract due to lockdown and COVID-19 restrictions. This began a 90-day period to manage the transition of library services back to the council. Peterborough City Council has begun a review of all services to consider how they might be delivered in the future – either by the council alone, or in partnership with others.

Connecting with other people

Friendship schemes

Age UK Cambridgeshire and Peterborough provide a weekly visiting scheme offering friendship and support to older people who are lonely or isolated. They also have friendship clubs providing an opportunity to socialise out of the house, enjoy activities and entertainment, and have a hot meal. Find out more by visiting www.ageukcap.org.uk or calling 0300 666 9860.

You can find out more about befriending schemes by visiting www.peterborough.gov.uk/pin

The Silver Line

Silver Line is a free, national, confidential helpline providing information, friendship, and advice to older people. It is open 24 hours a day, 365 days a year. Visit www.thesilverline.org.uk or call 0800 470 8090.

Keeping in touch

Staying in touch with friends and family improves your wellbeing. Many people use smartphones and tablets to talk to their friends and family via video messaging. These are simple pieces of equipment that can help you stay in touch face-to-face.

Learning, employment, and volunteering

People of all ages and abilities take part in learning, work, and volunteering. In Peterborough you will find a wide range of opportunities available to help you develop your skills, support you in employment, and help you to contribute to your neighbourhood.

Learning

City College Peterborough and Peterborough Regional College both offer courses for adult learners. You can gain a qualification or simply learn more about one of your interests. You can find out more at www.citycollegepeterborough.ac.uk by selecting ‘Adults’ and at www.peterborough.ac.uk by selecting ‘Courses’.

If you have a learning disability or autism, both colleges offer Supported Internship Programmes. A Supported Internship is a one-year, full-time study programme for students with special educational needs who would like to be able to work.

City College Peterborough also offers a comprehensive Day Opportunities Service, including supported enterprises and supported employment. Supported enterprise opportunities include food and catering, gardening, laundry service, and crafts, whilst supported employment includes paid and voluntary work in organisations across the city.

Independent living skills support includes learning opportunities such as budgeting, cooking, infection control and shopping. For those with complex needs, day opportunities include activities and therapies to support individuals’ health and wellbeing.

For more information, visit www.ccpdayopportunities.co.uk

Employment

If you are over 18 and have a disability, your local Jobcentre Plus can offer advice and information on finding a job and the range of programmes and funding that may be available.

For more information about care and support, visit www.peterborough.gov.uk/pin
An Access to Work grant may be able to pay for practical support to help you start working, stay in work, or start a business if you have a disability, health, or mental health condition. Find out more information at www.gov.uk/access-to-work

Volunteering
Volunteering is a great way to develop your employment skills, meet new people, and make a difference to the lives of others in your community.

There are volunteering opportunities suitable for all abilities, ages, and levels of commitment in Peterborough. Contact the Peterborough Volunteer Centre on 01733 342683 or visit www.pcvs.co.uk/volunteer-centre

You can also search for local volunteering opportunities at www.do-it.org

Tip
Did you know that people aged over 75 are just as likely to volunteer once a month as people aged 16-49?

Keeping healthy and well

Staying healthy is an important part of living an active and independent life. Whatever your abilities and circumstances, there are many things you can do to improve your health, such as changing your diet, exercising more, or giving up harmful habits like smoking.

Stop smoking
Want to stop smoking? You can! There are lots of ways to stop smoking, from using nicotine replacement therapies or e-cigarettes to free quit tools and expert support from local NHS stop smoking services. Download the NHS Smoke Free app to set yourself a plan to stop. It provides you with the daily motivation you need to successfully quit, as well as calculating how much money you’re saving.

Tip
You’re more likely to quit with the right support that fits into your lifestyle. Create your own personal quit plan and get proven support to help you quit at www.nhs.uk/smokefree

Did you know the average smoker has 13 cigarettes a day, which works out as 364 cigarettes a month? That’s £218 a month and £2,621 of your money that you are losing every year by smoking.

Healthy Peterborough is your free local stop smoking service. The stop smoking specialists deliver support across the city and can help you achieve your goal of giving up smoking through a combination of one-to-one support and medication. Call 01733 894540 to access your nearest smoke free clinic or nationally on 0800 376 5655 to speak to a trained advisor.

Eating healthily

Eating a healthy, balanced diet is an important part of maintaining your health. Not only will it make you feel good, but it will help you to maintain your independence. A balanced diet means eating a wide variety of foods in the right proportions and consuming the right amount of food and drink to achieve and maintain a healthy body weight.

The NHS advises the following:

- Eat five portions of fruit and vegetables a day.
- Include a portion of starchy foods like potatoes, bread, rice, or pasta with each meal.
- Have some dairy or dairy alternatives (such as soya drinks).
- Eat some beans, pulses, fish, eggs, meat, and other protein.
- Choose unsaturated oils and spreads and eat
For more information about care and support, visit www.peterborough.gov.uk/pin

For more information about care and support, visit www.peterborough.gov.uk/pin

Find out more about healthy eating at www.nhs.uk/live-well/eat-well

If you’re looking to manage your weight through balanced nutrition and simple exercise, Healthy Peterborough (delivered by Solutions 4 Health) offers free classes called ‘Shape Up 4 Life’.

The courses are delivered in local community venues over ten weeks, with 45 minutes of group discussions on topics such as portion size, reading labels, and dealing with cravings, followed by 45 minutes of simple exercises. Call 0800 376 5655 and speak to a Healthy Peterborough team member.

Staying active

Remaining active and doing simple strength and balance exercises at least twice a week is one of the most effective ways of keeping your body strong and steady. Exercise can be done in fun and sociable community classes or in the comfort of your own home. For information on different kinds of exercise for all abilities, visit www.nhs.uk/live-well/exercise

You can find out more on the ‘Stronger for Longer’ pages on the Peterborough Information Network. Visit www.peterborough.gov.uk/strongerforlonger

Vivacity

Vivacity gave notice to the council on 18 June 2020 that it was unable to deliver its current contract due to lockdown and COVID-19 restrictions. This began a 90-day period to manage the transition of its services back to the council. Peterborough City Council has begun a review of all services to consider how they might be delivered in the future – either by the council alone, or in partnership with others.

Regular health checks

By undergoing routine health checks, you can spot any health problems in the early stages when they are easier to treat, helping you to make the best choices about your health and wellbeing. If you are aged 40-74, do not have a long-term condition and haven’t had a check in the last five years, you might be eligible for a free NHS Health Check. The check only takes about 20-30 minutes and can be accessed through your GP. Just call them and request an NHS Health Check.

People with a learning disability often experience poorer physical and mental health than others.

A Learning Disability Annual Health Check can address this and help you stay well by talking about your health and finding any problems early, so you get the right care. You do not have to be ill to have a health check – in fact, most people have their annual health check when they’re feeling well. For more information, or to arrange a health check, contact your GP.

If you are feeling low or stressed, Healthy Peterborough can support you. Talk to a Wellness Coach about the changes you would like to make. Freephone 0800 376 5655.

Reducing your alcohol consumption

Knowing ‘how much is too much’ can be confusing when it comes to alcohol. It’s safest not to drink more than 14 units per week, spread over three or more days and with a few days off.

The short- and long-term effects of alcohol can affect your body, lifestyle, and mental health:

• Regular drinking can affect the quality of your sleep making you feel tired and sluggish.

Explained: low risk drinking guidelines

To keep health risks from alcohol to a low level, men and women should not regularly drink more than 14 units a week, spreading them evenly over three or more days.

What do 14 units look like?

6 pints of beer a week
or
6 medium glasses of wine a week

For more information about care and support, visit www.peterborough.gov.uk/pin
• There’s also evidence that regular drinking at high-risk levels can make your mental health worse.

• Alcohol contains ‘empty calories’ which means our bodies get no nutritional value from alcohol. Therefore, if you’re trying to lose weight you need to think about what you are drinking as well as what you are eating.

Long-term, regular drinking of more than 14 units a week can put you at increased risk of a range of diseases. Reducing your alcohol intake has several short-term, feel-good benefits including better quality sleep, increased energy levels, weight loss, as well as improvements to your skin and mental health.

If you are worried about your own drinking, or that of a friend or family member, seek help.

You can talk to your GP or contact your local specialist treatment service for advice and support.

Your mental health and wellbeing

Your GP should be your first point of contact for mental health and wellbeing issues. Your GP will discuss your concerns and the right treatment for you. They will decide if they can provide the help and treatment you need or whether you should be referred to more specialised mental health services.

If you are in a mental health crisis, call 111 and select option two. Specially trained mental health staff are available 24 hours a day, 365 days a year.

Everyone goes through difficult times; sometimes our problems affect our day-to-day lives and we feel that we can’t cope. Common issues include a low mood, depression, anxiety, stress, trauma, bereavement, relationship difficulties, and phobias.

If you are in this situation, you are not alone, and there is a range of community care services available to help you improve your mental wellbeing.

If you are feeling low or stressed, Healthy Peterborough can support you. Talk to a Wellness Coach about the changes you would like to make. Freephone 0800 376 5655.

NHS talking therapies are also available. Talking therapies can help you to understand and work through your difficult feelings and develop strategies for coping better. The best therapy will depend on your situation. To arrange an appointment, visit www.insighthealthcare.org and search ‘Peterborough’ to complete the online self-referral form, or call 0300 555 0888. You can also ask your GP to make a referral.

You can self-refer to the Psychological Wellbeing Service, part of the Improving Access to Psychological Therapies (IAPT) services, an NHS initiative designed to make psychological or talking therapies more accessible to people experiencing common mental health issues. Services include self-help reading materials, guided self-help (both over the phone and face-to-face), one-to-one therapies including Cognitive Behavioural Therapy (CBT), Interpersonal Therapy (IPT), Eye Movement Desensitisation and Reprocessing (EMDR), and group courses including Mindfulness. To self-refer, call 0300 300 0055 or complete the online form at www.cpft.nhs.uk

CPSL Mind

**Cambridgeshire and Peterborough Clinical Commissioning Group (CCG)**
Cambridgeshire and Peterborough CCG are responsible for planning and buying local NHS services, such as the care you receive at hospital and in the community. They also ensure that NHS service providers deliver the best possible care and treatment for patients.

**How can I get involved?**
Patient representatives are encouraged to be involved in the work of the CCG. Patient Reference Groups consist of representatives from across the area. Patients and the public can get in contact with the Communications and Engagement Team at the CCG to express an interest in being involved.

If you are interested in being a patient representative, visit **www.cambridgeshireandpeterboroughccg.nhs.uk/get-involved** or email **capccg.contact@nhs.net**.

**Urgent Treatment Centre (formerly the Peterborough Minor Illness and Injury Unit)**
This service can help with cuts, scalds, burns, strains, suspected fractures, ear and throat infections, stomach upsets, and flu-like symptoms. No appointment is necessary, just walk in.

Open 8.00am to 8.00pm, every day of the year.

**NHS 111**
NHS 111 makes it easier for you to access local NHS healthcare services in England. You can call **111** when you need medical help fast but it’s not a 999 emergency. NHS 111 is a fast and easy way to get the right help, whatever the time, NHS 111 is available 24 hours a day, 365 days a year. Calls are free from landlines and mobile phones. For general, non-emergency information on health, visit **www.nhs.uk**.

**Seven-day access to GP services**
Patients across Peterborough can access evening and weekend GP appointments at the GP Hub, based at Boroughbury Medical Centre, Craig Street, Peterborough. The GP Hub is a new service where local GPs and Practice Nurses offer a range of services for all patients registered with a GP practice in Greater Peterborough.

Appointments are available between 6.30pm and 8.30pm, Monday to Friday; from 9.00am to 5.00pm on Saturdays; and 9.30am until 12.30pm on Sundays and Bank Holidays. To book an appointment, patients simply need to phone their own practice as they would do normally, and they will be advised of available appointments.
Choosing the right NHS service

Owned and run by the NHS, the NHS App is a simple and secure way to access a range of NHS services on your smartphone or tablet. The NHS App is available now on iOS and Android. To use it you must be aged 13 and over and registered with a GP surgery in England.

Use the NHS App to:

- **Get advice about coronavirus** – get information about coronavirus and find out what to do if you think you have it.
- **Order repeat prescriptions** – see your available medicines, request a new repeat prescription, and choose a pharmacy for your prescriptions to be sent to.
- **Book appointments** – search for, book and cancel appointments at your GP surgery, and see details of your upcoming and past appointments.
- **Check your symptoms** – search trusted NHS information and advice on hundreds of conditions and treatments and get instant advice or medical help near you.
- **View your medical record** – securely access your GP medical record, to see information like your allergies and your current and past medicines.
- **Register your organ donation decision** – choose to donate some or all of your organs and check your registered decision.
- **Find out how the NHS uses your data** – choose if data from your health records is shared for research and planning.

Staying independent at home

Most people stay living in their own home as their ability and situation changes. There are many things you can do to keep your independence and remain living in your own home. This might mean changing the way you do something or trying something new.

Age UK Cambridgeshire and Peterborough
Working with and for older people, their families, and carers, to provide a wide range of information, advice, and practical and social support services across the area. It aims to enable older people to live independently within communities and prevent difficult situations escalating. For more information, call 0300 666 9860 or visit www.ageuk.org.uk/cambridgeshireandpeterborough/our-services

Equipment and adaptations to make life easier and keep you safe

Equipment
Many people use equipment to help them remain independent, safe, and well in their homes. This could be a kettle tipper to help you to prepare meals, a shower seat to help you wash yourself, or light bulbs that automatically turn on when you get out of bed. There is also equipment that keeps your home safe, by checking for smoke, or maintaining the temperature.

Advances in digital technology means there is a lot more, easy to use, and inexpensive equipment available, so you can find the right solution that suits you. Some everyday items and technology can help as well, such as reminder apps on smartphones, or wide-handled cutlery. Most of this equipment is available through high street and online retailers or your local pharmacy.

To discover the right equipment and technology for you, visit www.peterborough.gov.uk/pin and search for ‘equipment’.

Safe and Well

Safe and Well provides information, advice, and a range of equipment and devices that you can purchase to help with everyday tasks. Go to www.safeandwell.co.uk/cambridgeshire and complete the questionnaire to help identify things that might help you or call 01480 415719 to talk to an occupational therapist.

Tip
- Think about speaking to someone who is already using the equipment or read some user reviews.
- Will it need to be installed by a professional?
- Do you know how much it costs? Are there any ongoing costs?

- Consider speaking to your friends or family about the equipment that you want to purchase.

Community alarms and lifelines

Community alarms and lifelines can provide reassurance that help is at hand if you need it.

In Peterborough, Cross Keys offer a Lifeline service. If you want to remain independent in your own home, but also want the security of knowing that help is on hand when you need it, then Lifeline is for you.

The Lifeline personal alarm is a fast and effective way to get help, 24 hours a day. With just the touch of a button, you’ll be in direct contact with the Cross Keys Control Centre that can call your contacts or the emergency services.

Many people can benefit from community alarms, including those with long-term health needs, disabilities or restricted mobility, or people who live alone. Lifeline can also support carers by providing reassurance that extra support is in place if it’s needed.

You can find out more about the Cross Keys Homes Lifeline Community Alarm Service by visiting www.crosskeyshomes.co.uk, alternatively, you can email lifeline@crosskeyshomes.co.uk or call 01733 396439.

Assistive Technology Smart Flat

If you would like to see the equipment and gadgets available, visit the Peterborough Smart Flat at Kingfisher Court. The flat demonstrates how assistive technology can support older or disabled people around the home. All equipment is fully operational from voice activated bed sensors, to property exit sensors and medication reminders. The Lifeline personal alarm system is also live, allowing you to see how the control centre responds to calls. To find out more, visit www.peterborough.gov.uk/pin and search ‘Smart Flat’.

Adaptations to your home

In addition to equipment, you may find it beneficial to make adaptations to your home to keep you independent, safe, and well. These can include stair lifts, through-floor lifts or large ramps, changing from a bath to a shower, or putting in a downstairs toilet.

Many people find that by making these adaptations, their everyday activities are easier to do, they avoid having to move out of their own home and can continue to live as independently as possible.

Care and Repair at Peterborough City Council can assist you to repair, maintain, and adapt your home. The service can also deliver minor aids and adaptations that help to prevent falls and accidents in the home. For more information, visit www.peterborough.gov.uk/pin and search for ‘Care and Repair’ or you can call 01733 863895.

Comments about the care and repair service

‘More than happy with all works carried out, everyone was polite and very efficient and went above and beyond to get the job done.’

‘I couldn’t fault you at all. You were brilliant. I love the wet room.’

‘Thank you very much for what you have done over the past couple of weeks. Mum and Dad are “cockahoop” with the commode that arrived yesterday and everything else that has been put in place and cannot believe how quickly this has been done.’
If you are unable to fund the adaptations that you need, the council may be able to offer support.

If you require a major change, you could apply for a Disabled Facilities Grant (DFG) to help with some or all of the costs.

For more information about care and support, visit www.peterborough.gov.uk/pin

Looking after your home

Sometimes you might need some support to look after your home and garden to help you keep safe and healthy.

Home fire safety checks
Cambridgeshire Fire and Rescue Service (CFRS) provide free safe and well visits, where firefighters or specially trained community safety officers can visit your home and offer help and guidance in a variety of areas, including:

- Fire safety.
- Falls prevention.
- Hoarding.
- Staying well and warm at home.
- Crime reduction.

CFRS work with older people and those with disabilities to discuss fire risks and to look for any visible warning signs. CFRS also work with carers to ensure they have the knowledge and skills to keep themselves and the person they care for safe in the event of a fire.

For more information, visit www.cambsfire.gov.uk/home-safety/safe-and-well-visit or call CFRS on 0800 917 9994.

Help with odd jobs or finding a reliable trader
We all need to find a reliable trader from time to time and asking your friends for recommendations is a good way to do this. If this doesn’t help you, Safe Local Trades can connect you with vetted tradespeople.

Safe Local Trades is a website that you can look at for a tradesman such as an electrician, plumber, carpenter, or painter/decorator. All the tradespeople listed have been vetted and their performance is monitored. Visit www.safelocaltrades.com

If you need help with small DIY jobs, Care and Repair at Peterborough City Council offer a Handy Person Scheme to assist households solely occupied by vulnerable, older, and/or disabled residents. The scheme can help you to maintain and repair your home so that you can continue to live independently. It is mainly for small, non-urgent repairs and the scheme uses vetted contractors to undertake the work. For more information, visit www.peterborough.gov.uk/pin and search for ‘Handy Person Scheme’ or call 01733 863860.

Do you have a concern about a trader who has called at your home? The Citizens Advice Consumer Helpline, 0808 223 1133, has a response team to investigate incidents, with the police, where it believes that people are being conned in their homes. Where appropriate, offenders may be prosecuted and prevented from taking money from you for poor or unnecessary work. The helpline can also provide advice on your basic rights when buying goods or services.

see www.gov.uk/disabled-facilities-grants

To find out more about changes that can be made to your home, visit www.peterborough.gov.uk/pin and select ‘Adults’ followed by ‘Staying independent’.
Home support

You might need a little support to stay living independently at home. This can include help from family, friends, neighbours, or others with tasks such as washing, shopping, or cleaning.

Staying steady on your feet

Falls are not an inevitable part of getting older – much can be done to keep you stronger for longer, independent and doing the things you enjoy.

Remaining active and doing simple strength and balance exercises at least twice a week is one of the most effective ways of keeping your body strong and steady. The Healthy You Falls Prevention Health Trainer service offers a free, personalised exercise programme for those 65+ who have become increasingly unsteady on their feet or had a fall.

You can find out more on the Stronger for Longer pages on the Peterborough Information Network. Visit [www.peterborough.gov.uk/strongerforlonger](http://www.peterborough.gov.uk/strongerforlonger)

For information on different kinds of exercise for all abilities, visit [www.nhs.uk](http://www.nhs.uk) and search falls exercises.

Improving safety at home is another way to avoid falls. Clearing away clutter, ensuring flooring and carpets are safe, making sure your home is well lit, and installing handrails can all help. For more information and a home safety checklist, visit [www.cpft.nhs.uk/falls.htm](http://www.cpft.nhs.uk/falls.htm)

Other things that you can do to help avoid a fall:

- Take care of your feet, by trimming your toenails regularly and seeing a GP or chiropodist about any foot problems.
- Ensure you wear properly fitted shoes and slippers.
- Never mix alcohol and medication.

If you are 65+, have had a fall in the last year, and would like further advice about what you can do to reduce your chance of falling in the future, contact the Healthy You Falls Prevention Health Trainer service on 0333 005 0093. You can also visit the Stronger for Longer pages on the Peterborough Information Network for information about the Health Trainer service.

Domestic tasks

Often people can pick up your shopping when they are doing their own or can run your errands when they are out.

For ideas to help with cleaning and gardening, see page 21. Age UK Cambridgeshire and Peterborough provide help with domestic tasks such as cleaning, laundry tasks, and ironing for older people. Visit [www.ageukcap.org.uk](http://www.ageukcap.org.uk) or call 0300 666 9860.

Food delivery and meals

If you, or someone you care for have difficulty preparing and cooking meals, there are various options you could choose to help make mealtimes easier. Consider asking a friend or family member for help.

Tip

Many supermarkets and food delivery services offer home delivery for shopping bought online and you can choose ready meals, including frozen meals that you can heat in a microwave or an oven. If you prefer to do your shopping in a shop, look out for assisted shopping schemes, where staff can help you with finding items and reaching shelves.

If you use an organisation to help you with your shopping, check if they will take you shopping, rather than doing your shopping for you. Going shopping means you can choose your items yourself and is one way of keeping active.

Icare provide a service in Peterborough that delivers hot and frozen meals to older people and people with a disability. Visit [www.icarecuisine.co.uk](http://www.icarecuisine.co.uk) or call 0845 604 1125. Other meal delivery services are available, you can find out more on the Peterborough Information Network.

Keeping your home warm

LEAP (Local Energy Advice Programme) is a new, free energy advice service to help you save money and keep your home warm. You can find out more at [www.applyforleap.org.uk](http://www.applyforleap.org.uk)
LEAP can help to save you money and keep your home warm and cosy. LEAP offers a free of charge, in-home advice visit. Its friendly Home Energy Advisors can:

- Install free simple energy saving measures such as LED light bulbs and draught-proofing.
- Check if you’re on the best energy tariff via our dedicated switching service.
- Arrange a free money advice consultation.
- Help you find funding for further energy saving home improvement.

If you were born on or before 5 October 1954, you may be eligible for between £100 and £300 in winter fuel payments. You can find out more by visiting [www.gov.uk/winter-fuel-payment/eligibility](http://www.gov.uk/winter-fuel-payment/eligibility)

**Personal care in your own home**

If you need support with your personal care, such as washing yourself or getting dressed, you can employ a care worker to help you.

Care workers can visit you at home daily and generally visits are available from 7.00am until 10.00pm, although night services can also be provided. Your visit length will depend on the support that you need. The hourly rate charged for services depends on what is required, the time of day, and location.

You may choose to employ an individual support worker or ‘personal assistant’ to help you. Employing a personal assistant means you will be cared for by the same individual, which can help build trust and relationships. It does however mean that you become an employer, but support is available for this.

Peterborough Council for Voluntary Service (PCVS) provide a Direct Payments Support Service where, for a small charge, you can be supported to set up and manage your Direct Payments to pay your personal assistant. For more information about Direct Payments, see page 34.

There is lots of information on personal assistants online at [www.skillsforcare.org.uk](http://www.skillsforcare.org.uk)

To find a personal assistant in Peterborough, visit [www.peterborough.gov.uk/pin](http://www.peterborough.gov.uk/pin) and search ‘personal assistant’.

**Live-in care**

If you require a lot of help with your personal care, it may be easier and cheaper to have a support worker who lives in your home. You may also want to consider 24-hour live-in care on a short-term basis so a relative who looks after you can take a break. Charges for live-in care depend on the amount of care, skills, and support required.

**Tip**

Some care workers may also help you with cleaning, shopping, and cooking. Before you choose who to use, ask them what they can and can’t do. If a homecare provider only provides personal care, you may want to employ a cleaner as well.

You can use the checklist on page 51 to help you choose a care worker.
Inspecting and regulating home care providers

All registered providers of home care must be regulated by the Care Quality Commission (CQC). All services are inspected by the CQC, who award quality rating reports. The ratings mean you can easily see where a service is performing well, and where it needs to improve.

Tip
It’s always a good idea to check inspection reports and ratings when choosing a care service. You can find reports and ratings on the CQC website at www.cqc.org.uk

For home care arranged by the council, the agencies used are accredited to work for the council. The council will let you know how much the care will cost you, and if you are unable to afford this, the council may be able to contribute towards the cost. To find out more about support the council can provide, see page 32. To find out more about paying for care, visit www.peterborough.gov.uk/pin and search for ‘paying for care’.

Coming home from hospital

Following a spell in hospital, you might need a bit of extra support for a few days whilst you recover and perhaps to adapt to new ways of doing things. You could ask your family, friends, or neighbours for help until you can get back to doing things for yourself. They are often willing to help and are better able to give support than people who don’t know you.

If you feel like you might need help when you leave the hospital, ask on the ward to speak to the hospital social work team. They will be able to discuss what is worrying you and help you plan for your hospital discharge. You can find information on paying for care when you leave hospital at www.peterborough.gov.uk/pin.

Support whilst you recover

There are several community groups across Peterborough who can help you settle back home following a stay in hospital. You can find information online to help you to research and organise care and support at www.peterborough.gov.uk/pin.

The British Red Cross offers a free Support at Home Service for up to six weeks and if you require minimal assistance, they can also transport you home or to further appointments.

For more information, call 01733 207133 or email supportathomepeterborough@redcross.org.uk

The Care Network offers a free Help at Home service for adults who are being discharged from hospital. Checked and trained staff and volunteers give practical and emotional support to help people regain their independence.

This might include:

- A regular call to check you’re okay.
- Help to collect shopping and prescriptions.
- Help to make arrangements for you to be able to return home.
- Links to other organisations and support.

To discuss your circumstances and how Care Network can help, call 01954 774800 or email pch@care-network.org.uk

You can also decide to arrange your own support with domestic tasks and personal care on a short-term basis. Details for this can be found starting on page 21.
Adapting to new ways of doing things

The council’s reablement team can support you at home for a short time. The team will support you to learn or regain the skills needed for everyday life.

Reablement programmes last between a few days and a few weeks and may suggest equipment you could purchase to help make day-to-day living easier. Many people find that after their reablement programme they can cope very well on their own, without the need for further care and support.

Comments about the reablement service
‘I have been encouraged to do things myself – but not pushed or felt rushed and having to get to a certain level by a certain day. I cannot thank this service enough for the help I have had, I now have confidence to get on with my life.’

‘Following a fall, my mum was assigned the Reablement Team on discharge from hospital. Staff explained a little about the team, but to be honest, we really were not sure what to expect. What we found was an amazing, wonderful, and caring team who my mum really connected with and was assessed and re-assured by. We have also had endless and supportive help in guidance for ongoing care packages. This is how a team should work and thank you for your help.’

Looking after someone who couldn’t manage without your help and support

You may be reading this guide because you are a carer, or you know someone who is. Carers are people who provide unpaid support to a partner, family member, friend, or neighbour who may be ill or disabled and could not manage without this help. This can range from a bit of help with the weekly shop to providing full-time personal care.

Being a carer can be rewarding but it is also very hard work. Caring is a stressful role and it’s important to think about your mental and physical health and emotional wellbeing as well as the person you are caring for.

Support is available for anyone who cares for someone else, whether you call yourself a ‘carer’ or not.

This support can help make the caring role easier and it can free up more time for you to take care of yourself.

Tip
You can use the action plan on page 5 to help you and the person you care for understand how you can best support yourselves.

Many people find it helpful to use their wider friends and family network to support them in their caring role.

There are lots of online tools and apps for phones that make it easy for you to let trusted family and friends see what jobs need doing, volunteer for those jobs, see who has agreed to do what, and which jobs have been done.

Information and support for adult carers

Most carers find that support for the person they care for can help them in their caring role. In this guide, there is lots of advice around how to get out and about in the community on page 6. There is a variety of technology, equipment, and gadgets that can help people to do more for themselves and provide peace of mind for those who care for them, you’ll find more information on page 16. Page 15 is full of tips about how to adapt the home of the person you are caring for to support them to stay independent, safe, and well.

There is also lots of support in Peterborough for you as a carer, including local organisations and voluntary groups. The type of support on offer covers:

- **Time out** – short breaks for carers, including respite care for the person being cared for, which can give the carer a chance to recharge their batteries.

- **Practical help** – help with things that perhaps used to be simple, such as housework, laundry, grocery shopping, or gardening, which can become a strain when caring for someone.

- **Modifications** – equipment or alterations to the home that can make life easier.

- **Emotional support** – whether it’s in the form of professional counselling or just someone to talk to on a regular basis.

- **Support to improve wellbeing** – access to exercise, learning opportunities, or social activities.

- **Advocacy** – having someone to speak on the carer’s behalf.

Caring Together

Caring Together is commissioned by Peterborough City Council to provide information, advice, and guidance to carers. Caring Together can also provide a vast range of support including flexible breaks for carers of all ages, carers’ emergency planning, training for carers, and peer support groups.

Web: **www.makingspace.co.uk**
Tel: **01480 211006**

If you need support to continue your caring role, beyond that offered by local organisations and voluntary groups, you may be eligible for support from the council.

The council will offer advice and guidance to help you with your caring responsibilities and help you look after your own wellbeing. They may also do a more in-depth carers’ assessment to understand what’s important to you, and your needs. This will focus on you and the outcomes you want to achieve to help maintain your wellbeing. Carers’ assessments are available even if the person you care for does not get any help from the council.

To find out more about being a carer, visit [www.peterborough.gov.uk/pin](http://www.peterborough.gov.uk/pin) and search ‘caring for someone’. If the person you care for requires care and support to meet their needs, see page 32.

Information and support for young carers

Sometimes children and young people take on the practical and emotional caring responsibilities that would normally be expected from an adult.

Young carers may have to prepare meals, look after money matters, give medicine, arrange appointments, or take care of a relative’s personal care. It can be a lot of work for anyone to handle, especially when school or work are also priorities. If you are a child or young person who looks after...
someone, and who feels the role as a carer is affecting your education and schoolwork, or it’s making you feel anxious or upset, you should talk to someone about it.

Support could start close to home, with a relative or friend who already knows your situation, or your teacher. There are also organisations that have been set up specifically to offer advice and support to young carers.

Centre 33 Cambridge
Centre 33 provides special support information and advice to young carers, helps other young carers meet each other, supports education, and helps with the transition to adult services.

Email: help@centre33.org.uk
Web: www.centre33.org.uk
Tel: 0333 414 1809

If you need additional support to continue your caring role, you may be eligible for support from the council. Young carers’ assessments are provided by the council’s Young Carers Assessment team, email youngcarers@cambridgeshire.gov.uk or call 07824 551818 or 07776 679547.

Parent carers

Information for parents looking after children and young people with special educational needs and/or disabilities can be found on Peterborough’s Local Offer. This can be found at www.peterborough.gov.uk/localoffer

Additionally, more information is available from Family Voice, visit www.familyvoice.org

Resource for those supporting children with disabilities

My Family, Our Needs is an online resource providing impartial information for parents, carers and practitioners supporting children from birth to 25 years with additional needs. As well as guidance, policy and signposting, there is a lifestyle section for parents covering topics such as health and wellbeing, work, family, and relationships.

Web: www.myfamilyourneeds.co.uk

Planning for an emergency

It is important to make sure that the person you care for is kept safe even if you are not able to be there for them. The ‘What If?’ Plan provides emergency support to the person you care for, should you be unable to care because of a sudden illness, accident, or other unplanned event. It is a free service funded by Peterborough City Council to look after adults with care needs during an emergency involving their family carer.

As a carer, you can register a ‘What If?’ Plan with Caring Together and apply for an emergency card. Emergency support is provided by contacting your nominated contacts for you, with backup support from professional carers available, if required.
It operates 24 hours a day, 365 days a year. Caring Together’s specialist advisors can help you to register a plan. You can also register with the service at www.caringtogether.org/whatifplan

For young carers, parents can register the ‘What If?’ Plan for them, provided the young carer has consented to it.

More information and support for carers can be found by searching ‘caring for someone in Peterborough’ at www.peterborough.gov.uk/pin

**Caring at Peterborough City Hospital**

Peterborough City Hospital has signed a carers’ charter to demonstrate their commitment to working with carers.

Find out more by visiting www.nwangliaft.nhs.uk/advice-support/information-for-carers

**Financial support for carers**

The Government offers two kinds of financial support for carers. Carer’s Allowance is paid at a standard rate. You are entitled to Carer’s Allowance if you:

- are aged 16 or over;
- spend at least 35 hours a week caring for someone;
- have lived in England, Scotland, or Wales for at least two of the last three years; and
- aren’t either in full-time education or earning more than £123 a week after tax and expenses.

If an application for Carer’s Allowance is made, it’s a good idea for you to check with the person you’re caring for, as it might affect their benefit payments. Carer’s Premium is an extra payment of up to £37.50 per week that can sometimes be added to the calculation of other benefits you might get on top of Carer’s Allowance.

**Tip**

Before an application for Carer’s Allowance

If you are a carer and are not in receipt of these benefits, and think you may be eligible, apply at www.gov.uk/browse/benefits/disability or have your benefits checked by Citizens Advice by calling 0344 848 7979. If you want to check your eligibility for benefits, visit www.gov.uk/benefits-calculators

**Housing options**

Finding the right support or accommodation is key to helping you remain independent and confident in your wellbeing and security.

Most people want to stay in their home for as long as possible, and there is a range of things to help you do this, including using equipment (page 15), adapting your home (page 20), getting some help with cleaning or help with small jobs around the home (page 21), or considering help with personal care (page 23).

Many people find it useful to talk options over with family and friends. You could also discuss your options with the organisations listed on page 30.

For more information, visit www.peterborough.gov.uk/pin and select ‘Adults’ followed by ‘Staying independent’ or see page 15.

**Tip**

Use the action plan on page 5 to help you decide what you could do to stay safe, well, and independent at home for longer.
If you find that making these changes is not providing enough support, there are several housing options available that might meet your needs and help you remain independent.

Housing advice is available from independent organisations including:

**Elderly Accommodation Counsel (EAC)**
Web: [www.eac.org.uk](http://www.eac.org.uk)

**Papworth Trust**
Web: [www.papworthtrust.org.uk](http://www.papworthtrust.org.uk)

---

**Sheltered housing and Extra Care housing**

If you need additional support on a long-term basis, Sheltered or Extra Care housing may suit your needs.

**Sheltered/Retirement housing**
Sheltered or Retirement housing means having your own flat or bungalow in a block, or on a small estate, where all the other residents are older people (usually over 55, sometimes older). With a few exceptions, all developments (also known as ‘schemes’) provide independent, self-contained homes with their own front doors.

There are many different types of scheme, both to rent or to buy. They usually contain between 15 and 40 properties, and range in size from studio flats or bedsits, through to two- and three-bedroom properties. Many schemes run social events, and these are usually organised and run by residents living in the scheme.

**Extra Care housing**
Extra Care housing has been designed to enable older people to live independently. Like Sheltered housing, you have your own home, but also have the reassurance of knowing that there is a care team on site 24 hours a day to meet your personal care needs. Most schemes have a restaurant and dining area, communal lounge, laundry rooms, assistive bathroom, hairdressers, and a guest suite available for your visitors. Your Extra Care home can be owned, part-owned and part-rented, or rented.

To find out more go to [www.peterborough.gov.uk](http://www.peterborough.gov.uk/) and search ‘housing options’.

**Care homes**

Moving into a care home is a major commitment – it involves changing where you live and potentially paying a lot of money for your ongoing accommodation and care needs.

**Tip**
Before you think about moving into a care home, consider other less disruptive, and potentially less costly options such as equipment, adaptations, or personal care. Consider whether you really need the amount of care available at a care home.

If no other accommodation options are suitable for you, a care home may be the way to meet your needs.

Residential and nursing care homes are where a number of people live together, supported by care workers who are available 24 hours a day. Care homes may be privately owned or run by charities.

If you want the council to help you find a place in a care home, you will need to have a care and support assessment. This assessment must show that you have an eligible care and support need that cannot be met through alternative options.

The council will let you know how much the care home will cost, and if you are unable to afford this, the council may contribute towards the cost.
Types of care home

Residential care homes
Residential care homes are for people who can't continue to live at home, even with additional support or changes to their home (see page 15 for support which may help you remain independent at home). If you are unable to receive the support you need at home, you may want to consider a residential care home. A residential care home helps you with personal care, including eating, washing, going to the toilet, and dressing. These homes do not offer nursing support.

Care homes with nursing
Nursing homes provide the same personal care as residential homes, but they also provide 24-hour nursing care by trained staff. Before entering a nursing home, you will need to be assessed to ensure that your needs will be best met within a nursing home.

If you have a diagnosis of dementia, you will need to make sure that the home is registered to meet your needs. When considering potential care homes, use the checklist on page 55 and, for homes providing dementia care, use the checklist on page 56.

Inspecting and regulating residential care services

All care homes must be registered with the Care Quality Commission (CQC). All services are inspected by the CQC, who award quality rating reports. The ratings mean you can easily see where a service is performing well, and where it needs to improve.

Tip
It’s always a good idea to check inspection reports and ratings when choosing a care service. You can find reports and ratings on the CQC website at www.cqc.org.uk

End of life care

Talking about the future and dying can be difficult, but it is important that you and your family, friends, and carers discuss your wishes as you near the end of your life.

More people are starting to make ‘end of life plans’ to make it easier for others to support and carry out their wishes when the time comes. This could include where you want to die, what treatment you would want, any cultural or religious requirements, and planning ahead for your funeral. You might want to consider taking out a funeral plan to ensure that costs for your funeral are covered.

End of life care should help you live as well as possible until you die, and to die with dignity. Planning ahead for your needs should mean that, if you wish to, you can remain in your own home or care home and not have to be admitted to hospital. Wherever you are being cared for, as you approach the end of your life you are entitled to a high quality of care.

If you are being cared for at home or in a care home, your GP has overall responsibility for your care. The people providing your care should ask you about your wishes and preferences and take these into account as they work with you, your family, and your GP to plan your end of life care.

To find out more about end of life care, visit www.peterborough.gov.uk/pin and search for ‘end of life care’.
What to expect from the council

Support from Adult Social Care

Peterborough City Council provides you with the advice, information, and support you need to stay independent, safe, and well, and to live a fulfilling life. Social care supports adults of all ages and disabilities. Most people find that they can get the support that they need from their friends, family, and local community. If you would like to know more about getting out and about in your area, have a look at page 6. There are also some helpful tips about how to make some small changes to your home, such as using equipment or getting some extra help to cook and clean to keep you independent on page 15.

Tip
Use the action plan on page 5 to help you decide what you could do to stay independent, safe, and well.

Sometimes you might need some additional support to that provided by your friends, family, and local community. In this case, the council’s Adult Social Care service could help you.

Tip
Before contacting Adult Social Care, ask yourself the following questions.

- What you would like to be able to achieve?
- If achieved, what difference would this make to your life?
- What has changed recently in your life?
- What options have you considered?

Adult Social Care will identify the best options available to help you, such as accessing community-based support, getting some equipment, or referring you for a more in-depth assessment.

If you are planning on contacting Adult Social Care on behalf of somebody else, then you will need to make sure that they know that you are planning to do so.

If you’re able to, it’s helpful to discuss the questions above with Adult Social Care with the individual before making contact.

If you’re looking after someone who couldn’t manage without your help, you may also need some support so that you can continue to care for your loved one and maintain your own health and wellbeing. See page 26 for more information.

For more information, visit www.peterborough.gov.uk/pin

Care and support plans

If you are referred for a more in-depth care and support assessment, the social care team will have a detailed conversation with you to understand your circumstances and to appreciate what you would like to achieve. The team will look at the support you receive from family, friends, and your local community, and will work with you to determine what additional support will help you to remain independent.

Your care and support plan is all about you – your strengths and abilities, your care needs, what you want to achieve, and the support you need to live as independently as possible.

Someone to speak on your behalf

Sometimes you might need someone to help you express yourself or speak on your behalf. This is known as advocacy, and someone who supports you is called an advocate.

Advocates can give advice, support, and information to people of any age, helping you to voice your concerns and guiding you through the care planning process.
You can have an advocate present with you when you have conversations with the social care practitioner if you wish.

You might also consider using an advocate if you feel unsure or concerned when you are faced with making an important decision about your care and support.

Peterborough adults and children’s integrated advocacy service is provided by VoiceAbility, which is an independent service commissioned by Peterborough City Council.

Paying for your care

There’s lots of free support available in the community that can help you to continue to live independently. However, you may have to pay for some support you receive.

Paying for care can be an expensive and long-term commitment. If you think you may need care in the future, it is a good idea to get advice on how to pay for it before making any decisions. Visit www.peterborough.gov.uk/pin and search ‘money matters’ for financial support or refer to the organisations listed here.

Benefits
You may be entitled to disability benefits which you can use to help pay for the care and support you need. These benefits include:

- Personal Independence Payment – a benefit that helps with the extra costs of a long-term health condition or disability for people aged 16 to 64.
- Attendance Allowance – a benefit for people over 65, paid at two different rates depending on the level of help you need. The lower rate is for those needing care by day or night, and the higher rate is for those needing care both day and night, or who are terminally ill.

If you’re already in receipt of one of these benefits, this will be taken into account when undertaking your financial assessment.

Tip
If you’re not in receipt of one of these benefits but think you may be eligible, you can apply directly at www.gov.uk/browse/benefits/disability or you can have your benefits checked by Citizens Advice by calling 0344 499 4120.

Financial assessment and arranging your care
If you are unable to meet the cost of your care yourself, the council will assess your financial circumstances to see if it is able to contribute towards this. There are different financial thresholds depending on whether you are receiving care at home or are moving into a care home.

If your capital, savings, and income are above these thresholds, you will need to pay the full cost of your care and support.

Deprivation of assets
If someone intentionally reduces their assets – such as money, property, or income – so that these won’t be included in the financial assessment for care, this is known as ‘deprivation of assets’. If the council concludes that you have deliberately reduced your assets to avoid paying towards the cost of care, your financial assessment may be completed as if you still owned the assets.

Care in your own home
If you have capital or savings of more than £23,250, not including your home, or you choose not to disclose your financial circumstances, you will have to pay the full cost of any care and support you require in your own home or periods of respite care in a care home.

The council can arrange care for you, and you will be invoiced for this, or you can arrange your care privately and pay for it directly. If you ask the council to arrange your care and support for you, you will be charged a fee to cover the costs of arranging and administering your care and support services. This is in addition to the costs of meeting your assessed care and support needs.

Visit www.peterborough.gov.uk/pin and search ‘paying for your care at home’ for more information.

Direct Payments
If you are assessed to be eligible to receive financial support from the council towards the cost of your care, you can receive the money in the form of a Direct Payment so that you can manage things yourself. Alternatively, you can ask the council to arrange your care for you.

A Direct Payment puts you in control so that you can arrange and purchase the care and support agreed in your care and support plan.
The Direct Payment Support Service can meet with you and provide a free Direct Payment information and advice visit. If you have a personal assistant, they can assist with recruitment and employment.

**Peterborough Council for Voluntary Service**
Currently contracted by the council to provide the Direct Payment Support Service.
Email: pcvs@pcvs.co.uk
Web: www.pcvs.co.uk/direct-payments

**Moving into a residential care home or care home with nursing**

If your income, capital, and savings are more than £23,250, you are likely to have to pay the full cost of your care. If you own your home, its value will usually be included when calculating your capital. Sometimes it won’t be included. For example, its value will be disregarded if it’s still the main home of your partner, a close relative aged 60 or over, or a close relative with a disability. Other exemptions may apply, contact 01733 747474 for further guidance.

The care homes you consider must be able to meet your assessed care needs.

If the council is contributing towards the cost of your care, your choice of care home will be limited to those that accept the council’s funding level. If the home you have chosen charges more than the council’s funding level, you must find someone to help pay the difference. Except in limited circumstances, the law states that you are not allowed to make this additional payment yourself. The responsibility for this often falls to a member of your family or a benevolent sponsor such as a charity. Once confirmed, they must sign an agreement with the council formalising the arrangement.

You may be able to arrange a Deferred Payment Agreement with the council. This is an arrangement which lets you use the value of your home to help pay for care home costs. This means the council could provide financial help which it will then recover once your home has been sold, or from your estate.

Visit www.peterborough.gov.uk/pin and search ‘paying for your care in a care home’ for more information.

If you move into a care home that provides nursing care, you may be entitled to a non-means-tested contribution towards the cost of your nursing care from the NHS, paid directly to the home. You can find out more about this by going to www.nhs.uk and searching ‘NHS funded nursing care’.

**NHS Continuing Healthcare**

You may also be eligible for NHS Continuing Healthcare funding, which is social care arranged and funded solely by the NHS and is free of charge. To be eligible, you must be assessed by a team of healthcare professionals (a multidisciplinary team). You can find out more by visiting www.nhs.uk and searching for ‘NHS Continuing Healthcare’.

**Running out of money**

If your capital and savings are likely to fall below £23,250, let the council know well in advance. The council can arrange an assessment as soon as possible and may contribute towards the cost of your care if you are eligible.

For more information about Direct Payments, visit www.peterborough.gov.uk/pin and search ‘Direct Payments’.

Someone else managing your money

You might want to consider what would happen if you (or someone you care for) were no longer able to manage money.

See page 33 for more information on paying for care homes in Peterborough.

Lasting Power of Attorney

A Lasting Power of Attorney (LPA) is a legal document that lets you (the ‘donor’) appoint one or more people (known as ‘attorneys’) to help you make decisions or to make decisions on your behalf.

This gives you more control over what happens to you if you have an accident or an illness and can’t make your own decisions (you ‘lack mental capacity’).

You must be 18 or over and have mental capacity (the ability to make your own decisions) when you make your LPA. Find out more by visiting www.gov.uk and searching for ‘Lasting Power of Attorney’.

Appointeeship

You can apply for the right to deal with the social security benefits of someone who cannot manage their own affairs because they lack the capacity to do so or are severely disabled. Find out more by visiting www.gov.uk and searching for ‘appointee’.

Deputyship

You can apply to become someone’s deputy if they ‘lack mental capacity’. This means they cannot make a decision for themselves at the time it needs to be made. They may still be able to make decisions for themselves at certain times. People may lack mental capacity because, for example:

- They’ve had a serious brain injury or illness.
- They have dementia.
- They have severe learning disabilities.

As a deputy, you’ll be authorised by the Court of Protection to make decisions on their behalf. There are two types of deputy:

- Property and financial affairs deputy – you’ll do things like pay the person’s bills, receive their income, and manage their financial affairs.
- Personal welfare deputy – you’ll make decisions about medical treatment and how someone is looked after.

Find out more about becoming a deputy at www.gov.uk and searching for ‘deputyship’.
Making a compliment, comment, or complaint

You should feel able to give feedback on any aspect of your care or support. It should not be difficult to provide feedback and you should feel your comments are being taken seriously.

It is usually best to give your feedback to the manager of the service before you take any further action.

If your care is provided by a private care provider, you should contact them first. The law says that they must respond to any complaints made.

If you are not satisfied with the response you receive, or if your complaint is about Adult Social Care at the council, you can complain to the council’s Adult Social Care complaints team.

The Central Complaints Office

Tel: 01733 296331

If you are not happy with the response from the care provider and you do not receive help from us, you can make a complaint to the Local Government and Social Care Ombudsman.

Healthwatch Cambridgeshire and Peterborough
Your local health and social care champion, Healthwatch Cambridgeshire and Peterborough, makes sure you are listened to and can get involved when important decisions are made about local health, social care, and public health services. They listen to local people to find out what is working well within local services, and what needs to be better.

They have statutory powers and can challenge health and care decision-makers if care isn’t working the way it should or if a decision has been made where people have not been able to contribute.

Partnership Boards
The Cambridgeshire and Peterborough Partnership Boards give people with experience of using adult social care services a say on current and future care.

Each Partnership Board is made up of:

- Service user representatives – called Independent Members.
- Voluntary sector service providers.
- Statutory services such as health and social care.

Healthwatch organises the board meetings and provides support and training to the Independent Members to help them in their roles.

Worried about someone or yourself – safeguarding adults

Anyone can be vulnerable to abuse at some point in their life.

Some adults are less able to protect themselves against harm or exploitation, and some have difficulty making their wishes and feelings known. This may make them more vulnerable to abuse.

Abuse can take place anywhere, including at home, in a care home, at a day centre, in a hospital, or outside in the community.

The harm may be caused by a partner, carer, relative, friend, care worker, stranger, or someone else with care and support needs, and it may be deliberate or unintentional.

If you’ve been affected by abuse you might feel scared and helpless. It’s important to know that there are people you can turn to for help and there are things you can do to protect yourself. Whatever the circumstances, it is important that you raise your concerns.

Types of abuse

There are different types of abuse that you or someone that you know could be experiencing.

- **Physical**: such as someone hitting, slapping, pushing, or kicking you.
- **Sexual**: this includes any type of sexual behaviour that you don’t want or cannot consent to.
- **Psychological**: such as bullying, threatening to leave you alone, or threats to put you in a care home, or denying access to your friends.
- **Financial**: such as taking or spending your money without your permission.
- **Neglect or self-neglect**: such as not being given or eating enough food, not being given or taking your medication, or not allowing access to care workers who can support you.
- **Discriminatory**: any behaviour that is based on you being different such as excluding you from an activity because you have a hearing impairment, because of your ethnicity, or because of the language you speak.
- **Domestic violence**: this is any form of unacceptable personal abuse committed by a partner, ex-partner, or a family member.
- **Organisational**: such as your care provider or other organisations treating you badly, neglecting you, or providing a poor-quality service.
- **Modern slavery**: such as being forced to work by people who abuse you or are cruel to you.

What to do if you are concerned about someone

If you are worried about someone who is in immediate danger or needs medical treatment, contact the police and/or call an ambulance on 999.

If you are worried that either you or someone that you know is experiencing, or is at risk of, abuse, and there is no immediate danger:

- Tell someone you trust today – this may be a family member, friend, neighbour, or GP.
- If you think the police need to be involved, call 101.

For more information, visit www.peterborough.gov.uk/pin and search ‘recognising abuse and reporting concerns’.

If you are concerned that an adult is at risk of experiencing abuse or neglect, you can contact the council as follows:

We suggest that you have paper with you when speaking with home care agencies and personal assistants (PA) so you can make notes. You can download and print this checklist at [www.carechoices.co.uk/checklists](http://www.carechoices.co.uk/checklists).

### About the agency or PA

- **How long have they been operating?**
- **How long are care workers allocated per visit?**
- **Can you contact them in an emergency or outside of their usual hours?**
- **Do they have experience with your specific needs?**

### Care workers

- **Are you likely to be visited by a different person each day?**
- **Are all care workers, or is the PA, checked with the Disclosure and Barring Service?**
- **Will you be notified in advance if your care worker or PA is on holiday or sick?**
- **Are care workers matched to you specifically, based on your needs and preferences?**
- **Can you meet your care worker(s) before they start?**

### Accommodating your needs

- **Can your needs be accommodated if they increase? Ask about the process for this.**
- **Are all care workers trained to a certain level?**
- **Are they able to help with administering medication if required?**
- **Is there a way for care workers to communicate with each other about the support they provide when they visit you? How?**

### Regulation

- **Will your support plan be reviewed at regular intervals?**
- **Can you see the agency’s or PA’s contract terms?**
- **Can you lodge a complaint easily?**
- **Are complaints dealt with quickly?**
- **Can you see a copy of the agency’s CQC registration certificate and quality rating?**

### Notes

A passionate approach to elderly care in Peterborough

Peterborough Care, a family run organisation operating Care Homes for older people since 1984.

Why would you consider us?

- We are not just family-owned, we are family-run by hands-on directors who are passionately involved and committed to ensure care is of the highest quality
- Family means everything to us - it is at the centre of everything we do
- We have a culture that is open, honest and transparent and where we can learn to make improvements
- We are the longest established residential care provider in Peterborough
- We operate an ‘open door’ policy meaning you can visit or view our homes at any time
- Inclusivity and equality is embedded into the everyday activities of the company
- There is direct access and communication with the company directors which can go some way to giving you peace of mind that in general, things get done and can be dealt with efficiently
- We have homes to suit different tastes, requirements and cares within a small geographical area
