# Welcome – from Norfolk County Council and the NHS in Norfolk

Welcome to Norfolk's your guide to care and support for adults 2023/24. The aim of this Guide is to provide useful information to help you, and anyone you know, stay independent, safe and well for as long as possible. The Guide provides details of services and organisations that can help to support you.

The impact of the pandemic across Norfolk has been huge and is still being felt in many services. Organisations are working hard to meet the extra demand from this and to deliver services and support to people.

Health and social care are working together closely to support older people at risk of crisis who might otherwise have to be admitted to hospital and to make sure people have the right support when they return home after a stay in hospital. For the latest information, visit:

www.norfolk.gov.uk and:

www.improvinglivesnw.org.uk/about-us/ournhs-integrated-care-board-icb

We know that choice is important when it comes to deciding where to live, so Norfolk County Council is continuing to invest in new Independent Living homes. Apartments are designed for people who are getting older and want to continue living in their own home, with the peace of mind of 24-hour on-site care if needed.

With two schemes now open and taking applications, Meadow Walk in North Fakenham and Swallowtail Place in Acle, these have created 124 new homes in Norfolk. The Council's cabinet has also approved investment for an Independent Living Scheme in Harleston, which will offer 91 apartments and starts on site early 2024. Please see page 57 for more information.

We are also pleased to announce that a new service has been set up to support adults with learning disabilities and/or autism into employment. This service offers individual support to help people to get a job and to stay employed. See page 21 for more information.

We hope this Guide helps you to think about what your choices are and find the information you need to make the choices that are right for you. See: www.norfolk.gov.uk/directory and page 5 for more information about groups, events and organisations in your local community that can help you to stay independent.

Debbie Bartlett, Interim Executive Director of Adult Social Services

Tricia D'Orsi, Executive Director of Nursing, NHS Norfolk and Waveney Integrated Care Board

This Guide is available electronically at **www.carechoices.co.uk**/ The e-book is also Recite Me compatible for those requiring information in the spoken word.

# Staying healthy and well

# **Norfolk Community Directory**

This online directory can be used to find a range of services, clubs, events,

groups and organisations in your local community that can help you stay independent. The Directory gives you greater choice and control of the services you need, allowing you to compare and shortlist helpful services and activities in your area – whether it's for support in your own home, or to help you get out and about.

This includes meal delivery services. Whilst these are aimed at older or more vulnerable people, they are available to anyone wishing to buy meals. The cost will vary depending on which meal and provider you choose.

# Did you know?

You can now use our referrals tool to request certain services for yourself or someone else and they will get in touch with you directly. You can use this for participating services that provide things like help at home, meals, gardening or personal assistants. If the service you are interested in accepts referrals, you'll see a button on their service profile, 'Refer to this service'. We welcome submissions from relevant providers and organisations – it's free to add your service. Visit: www.communitydirectory.norfolk.gov.uk/add-your-service

To find out more or to contact us, visit: www.communitydirectory.norfolk.gov.uk

# Lily

Lily provides a comprehensive range of support in West Norfolk to combat loneliness and social isolation in adults of all ages. It encourages residents to develop friendships and engage in their local communities. Lily provides one to one support to help people:

- Meet new people.
- Rekindle a hobby or interest.
- Increase confidence.
- Contribute skills and experience.
- Access community groups, events and services.
- Move into volunteering.

To self-refer, call: **01553 616200** or visit: **https://asklily.org.uk** 

# **Lily Community Directory**

Looking for help and support in West Norfolk? Search the Lily Community Directory for information on:

- Things to do.
- Learning, work and volunteering.

- Health, care and support.
- Advice, safety and other information.
- Transport and getting around.
- Housing and care homes.
- Money matters.
- Childcare and family support.
- · Green Choices.

Visit: https://asklily.org.uk or call: 01553 616200.

# Combatting loneliness and social isolation in Norfolk

Loneliness and social isolation can affect people at any age. The physical, mental and social health of isolated people is well documented. Research shows that lacking social connections is as damaging as smoking 15 cigarettes a day. You are more likely to visit your GP, use more medication and be at risk of falls. Older people are more likely to enter residential or nursing care earlier and there is evidence of increasing need amongst those aged 16-29.

In Norfolk, we are working hard to tackle these issues by providing a targeted county-wide service. This will see communities identify, support and sustain isolated/lonely (and those at risk) people. The service will support the following people, who can be at increased risk:

- **Clinical**: clinically vulnerable groups, such as over 70s, people from particular minority ethnic groups, people suffering from deprivation, people with dementia and carers.
- Social: domestic abuse victims, people who are digitally excluded, receiving domiciliary care, self-isolating or who have disrupted support networks.

- Psychological: people experiencing increased stress and anxiety, poor mental health and people who are digitally excluded due to rural or social isolation.
- Financial: seasonal workers, people experiencing reduced hours (either due to employer or childcare) or people at risk of redundancy/ unemployment.

If you are affected by isolation and or loneliness, or you believe someone you know may be, visit: **www.norfolk.gov.uk** or contact (specific to your district council area):

- West Norfolk residents call Lily on:
   01553 616200 or visit: https://asklily.org.uk
- Residents living in Great Yarmouth, Broadland and South Norfolk and Norwich – call Better Together on: 0300 3033920. Alternatively, visit: www.bettertogethernorfolk.org.uk
- Residents living in North Norfolk and Breckland
   contact CAN Connect on: 0300 3033920.
   Alternatively, visit: www.canconnect.org.uk

# Improving your transport options

Most people prefer to live independently for as long as possible and we want to help you keep your independence. Transport is an important part of keeping independent and staying in your own home. If your situation changes or as you get older, you may have to think differently about how to get around so that you can continue to do the

things that are important to you. There are many possibilities that could make access easier, save you money or even open a new route altogether.

Web: www.norfolk.gov.uk/helpwithtransport

Tel: 0344 8008020

Email: information@norfolk.gov.uk

# Information and advice

There are lots of useful services and organisations that can help you remain independent and well. Sometimes it can be difficult to find information to help you decide what is best for you. The information in this Guide can help you discover what support there is to help you stay independent and what's available in your local community. As well as this Guide, there is lots more information on the Norfolk Community Directory (see page 5). The following organisations can help you

make the right choices for you.

# **Age UK Norfolk**

An independent local charity with over 70 years of experience in providing information, advice and advocacy services to older people in Norfolk. Free, impartial advice can be given on a range of topics.

Advice line: 0300 5001217

Email: advice@ageuknorfolk.org.uk
Web: www.ageuk.org.uk/norfolk

Everyone deserves uncompromising care. That's the passionate belief of the experts in our care homes.

That's why you'll find our people are well-trained in a variety of skills. They're dedicated people who want to celebrate life and improve well-being. And it's why support is given with kindness, respect and dignity.

These are the things that mean the most.

And because they matter to you, they matter to us.

Tel: 0333 9968333 (10.00am to 4.00pm,

Monday to Friday).

Email: helpline@ncan.co.uk

# Norfolk Armed Forces Covenant and Veterans' Gateway

Norfolk has lots of support services for Armed Forces personnel, veterans and their families, including the Veterans' Gateway. This is the national first point of contact for veterans seeking support. It puts people in touch with the organisations best placed to help with the information, advice and support needed. From healthcare and housing to employability, finances, personal relationships, befriending and more.

For more information, visit:

www.veteransgateway.org.uk or call the 24/7 helpline on: 0808 8021212. To find Norfolk-specific support, search the Norfolk Community Directory (www.norfolk.gov.uk/directory) using the key words 'military' and 'veteran'. Alternatively, download the Forces Connect App and search under 'Norfolk'.

# Protect your health this winter by keeping warm and well

This winter it's more important than ever to take care of your health as we face a bad flu season and COVID-19 is still with us. Are you winter-ready? Check you have everything you need to look after your health to prevent common winter illnesses from developing into more serious health issues.

If you do get ill and you're worried about your health, don't put off getting help. Your NHS wants to see you before any health concerns become bigger problems. We've included places below where you can get help and advice locally:

- A pharmacy: pharmacists can give treatment advice for a range of minor illnesses, can suggest when you need to see a doctor and can arrange for your medicines to be delivered to your home.
- NHS website: this website (www.nhs.uk) has a complete guide to conditions, symptoms and treatments, including what to do and when to get help.

- Your GP: use your GP surgeries' website, app or telephone service.
- NHS 111: for urgent medical problems use the NHS 111 online service (www.111.nhs.uk) or call: 111.
- **999**: For life threatening emergencies, call: **999** for an ambulance.

# Make sure you're vaccinated against flu and COVID-19

To protect from serious illness, it's important to get your flu, COVID-19 or COVID-19 booster vaccination if you're advised to. Call your GP surgery or visit: **www.nhs.uk** for information about both vaccinations.

Norfolk and Waveney Integrated Care System
Your health and wellbeing are important. There are

things you can do to protect yourself and those around you this winter.

→ Norfolk and Waveney's Integrated Care
System has created a webpage (www.
winterwellnorfolkwaveney.co.uk) with information
and resources to help you prepare for winter and
help prevent health problems from developing.

Here you'll find information on keeping well, financial and mental health support, along with other key local services.

## **Keep your home warm**

Heating your home to around 18 degrees in winter is important. For tips on keeping yourself and your home safe and warm this winter, visit: www.nhs.uk (search 'stay well in winter'). For longer term solutions, including heating and insulation grants for your home, or advice on how to reduce your heating bills, visit: www.norfolkwarmhomes.org.uk or call: 01603 430103.

# **Drive safer for longer with GOLD**

As we get older, we may become less confident in our cars or have concerns about our driving due to health or mobility. We have designed the Guidance for Older Drivers (GOLD) programme to refresh skills, increase confidence and help older people continue to drive safer for longer.

GOLD is a driver development session conducted

by specially trained and friendly instructors and this can be tailored to suit drivers' individual needs.

Our trainers will come to you, and you will drive in your own car. GOLD costs £34 for a one-hour session. To book a session or for further information, visit: www.norfolk.gov.uk/gold or call Norfolk County Council: 0344 8008020.

# **Norfolk Library and Information Service**

Your local library is free to join, and you can use any Norfolk library to borrow books, including large print.

## **Open Library**

Access your local library's books, computers and spaces while the building is unstaffed. For more information, visit:

www.norfolk.gov.uk/OpenLibrary

We offer a range of eBooks, eAudio books, eNewspapers and eMagazines that library members can download for free, with no reservation or overdue charges. For more information, visit: www.norfolk.gov.uk/ebooks

All libraries have computers and free public Wi-Fi access. To use a computer, complete our online booking form, contact your local library or just pop in and see us. For more information, visit: www.norfolk.gov.uk/computers

The free Spydus Mobile app lets you access library services and manage your membership. For more information, visit:

www.norfolk.gov.uk/librariesapp

#### **Mobile Libraries**

Norfolk has a county-wide mobile library service which visits around 475 villages, with approximately 1,000 stops on a four-weekly basis. All mobile library vans have a lift for people with mobility issues and wheelchair users. For more information (including timetables), visit: www.norfolk.gov.uk/mobilelibraries

# **Home Library Service**

The Royal Voluntary Service and Norfolk County Council's Home Library Service provides books on wheels to the homes of people who like to use the library service but are unable to get to a branch or mobile library due to age, disability or mobility. If you would like to use this service, email: libraries@norfolk.gov.uk to ask to be added to a local delivery route.

We also provide a range of social activities, such as Knit, Stitch and Natter, book groups and Just a Cuppa sessions. For more information, visit: www.norfolk.gov.uk/libraries (select 'What's on in Norfolk libraries').

# **Reading Well**

The Norfolk library and information service provides

five national Reading Well schemes:

- Reading Well for mental health provides books with helpful information and support for adults managing common mental health conditions or dealing with difficult feelings and experiences.
- Reading Well for long-term conditions provides information and support for people living with a long-term health condition and their carers.
- Reading Well for children provides qualityassured information, stories and advice to support children's mental health and wellbeing. The booklist targets children in Key Stage 2 (aged 7-11).
- Reading Well for teens suggests recommended reading and digital resources to help young people understand their feelings and boost confidence.

 Reading Well for dementia recommends books you might find helpful if you have dementia, are caring for someone with dementia or would like to find out more about the condition.

For more information, visit: www.norfolk.gov.uk/readingwell

# **Digital Health Hub**

We can provide one-to-one sessions with library staff to help you or someone you care for learn the digital skills to be able to sign up for and access the online services offered by your GP surgery. For example, how to make an online appointment with a GP and ordering repeat prescriptions online. We can also show you how to find reliable health information on NHS websites and NHS apps. For more information, visit: www.norfolk.gov.uk/healthylibraries

# Norfolk Employment Service (NES) and Local Supported Employment

NES includes five area-based employment coordinators and a manager, who will develop and deliver a Norfolk wide service, supporting workingage adults (18-65). The service works with people who have been assessed under the Care Act (2014), are supported by Adult Social Services and are looking for paid/unpaid work, voluntary work, an apprenticeship, work placements, job coaching and much more. We also offer consultancy advice to the Preparing for Adult Life (PfAL) Service, for young people not eligible for the NES.

We work in partnership with our Skills and

Employment Team who liaise with a diverse range of employers to find opportunities and promote Disability Confident, a scheme designed to help recruit and retain people with disability or health conditions for their skills and experiences. For more information, visit: www.norfolk.gov.uk/norfolkemploymentservice

A new offer called Local Supported Employment is aimed at people over 18 with a learning disability and/or autism to receive targeted support by a Job Coach into paid work. For more information, visit: www.norfolk.gov.uk/lse

# Healthwatch Norfolk – make your voice count

As the county's independent consumer champion, Healthwatch Norfolk makes sure that people's views and experiences of all health and social care are listened to and acted upon. At a time when care services are under pressure and going through significant change, Healthwatch Norfolk is a key part of the way health and social care services in Norfolk are improved. Healthwatch Norfolk can help ensure that your voice is heard and can also help signpost you to other services or information sources.

You can share your experiences of health and social care with **Healthwatch Norfolk**.

Tel: 0808 1689669

Email: enquiries@healthwatchnorfolk.co.uk

Web: www.healthwatchnorfolk.co.uk

# Keeping safe

# Norfolk Trusted Trader Scheme

The scheme provides access to a wide range of services, such as help around the

home, shopping, bathing, gardening, hot and cold meal delivery, home repairs and maintenance, painting, decorating and IT support. All members pass a range of checks during the application process and agree to adhere to the scheme's code of practice before accreditation by Norfolk Trading Standards.

Key to the scheme is customer feedback. Any customer can leave a review covering all aspects

of members' work. For example, cost, timescales, communication, cleanliness and other comments. Feedback can be left on the Trusted Trader website, or a feedback form can be requested from the member. Others, when looking to choose a trader, can use this feedback to help them make a more informed, confident choice.

To search the Norfolk Trusted Trader directory and see members' feedback, visit: www.norfolk.gov.uk/trustedtrader or call: 0344 8008020.

# Falls in Norfolk

Falls are the most frequent type of accident for people over 65 and can be serious. Many people are admitted to hospital with injuries caused by falling. You may be at risk if you:

- Have a long-term health condition, like heart disease or dementia.
- Have low blood pressure which can cause dizziness.
- Have an impairment, like poor vision or muscle weakness.
- Have a condition that can affect balance.
- Take certain medication which can cause drowsiness.

There is a lot you can do to help prevent yourself or someone you care for from falling:

- Eat a healthy diet and drink plenty of water.
- Have a medication review.
- Get your eyesight checked.
- Have a hearing test.
- If you drink alcohol, reduce the amount.
- Keep active especially focus on strength and balance.
- Remove trip hazards.

- Arrange for essential repairs to be done, like replacing a light bulb or fixing a curtain rail.
- Be careful when bathing or showering.
- Consider handrails for steps, stairs or in your bathroom.
- Check your shoes and slippers.
- Always keep walking aids at the right height and near you.

Make a 'falls emergency plan' in case you do fall:

- Ask someone to help you write it.
- Know who you can call for help, and how to call them.
- If you have a mobile phone, always keep it with you.
- Think about having a care alarm to get help 24/7 if you fall and cannot reach the telephone.
- There are also different gadgets available that can be linked to the care alarm that can automatically send an alert if you fall.

Watch the video 'How to get up safely after a fall' at: www.rospa.com/home-safety/advice/older-people/#falls

# What to do if you have a fall:

- Keep calm. Take time to think are you injured or in pain?
- 2. If you are unhurt and you feel strong enough to get up, don't get up quickly. Roll onto your hands and knees and look for a stable piece of furniture, like a chair or bed. Hold onto the furniture with both hands to support yourself and, when you feel ready, slowly get up. Sit down and rest for a while.
- If you need help, but do not need to go to hospital, ring a friend or family member or call Norfolk Swift Response (see inside front cover): 0344 8008020 (option one).
- 4. If you are hurt or can't get up and need immediate medical help, try to call for help, bang on the wall or floor, or use your care alarm button if you have one. If possible, crawl to a telephone and dial:
  999 for an ambulance. Try to find a blanket or something to keep you warm. Move your leg and arm muscles regularly to produce heat.
- 5. Always tell your GP and someone close to you that you have had a fall, even if you were unhurt.

For more information and advice, visit: www.norfolk.gov.uk/falls and for information about healthy ageing, including falls prevention, visit: www.norfolk.gov.uk/healthyageingtoolkit

# Fire safety at home

Statistically, older people are more at risk of a fire in the home. This risk of being injured increases without a working smoke alarm. As we age, we are more likely to live alone, we may have reduced mobility or sense of smell, and a reduced ability to tolerate smoke inhalation or burns. We want you to be safe, sleep soundly and reduce the risk of home accidents. Other lifestyle choices can also increase the risk of reactions in a fire – clutter, hoarding, smoking, alcohol, drugs or medications, for example. Home fire safety advice:

- Fit smoke alarms in your home, not in your kitchen, but at least one per floor on your escape route.
- Protect yourself and reduce the risk of fire by not leaving cooking unattended.
- Keep doors closed at night. A door will slow the spread of smoke and fire, giving more time to escape or get help.
- Take care with any smoking materials and don't smoke in bed or when tired.
- If portable heaters are used, ensure there is one metre of clear space around them and that they are on a flat surface.
- Most emollient creams contain paraffin, this can significantly increase the flammability of clothing and bedding so extra care should be taken when smoking or near naked flames.

- Use electric blankets correctly and have them checked regularly by a qualified electrician.
- Don't dry clothes on heaters or fireguards.
- Make an escape plan. Think about how you would escape the house, and ensure this pathway remains clear and exit doors open easily.
- Be safe with electrical appliances; ensure the right chargers are used and not charged overnight, and plug sockets are not overloaded.
- Switch off and avoid using electrical appliances through the night, particularly tumble dryers, washing machines and dishwashers.
- Fit a fireguard to open fires, ensure chimneys are swept regularly and take care with candles and naked flames, particularly with young children.

Our Norfolk Fire and Rescue Service (NFRS) has a Community Fire Safety Team and volunteers who help our most vulnerable residents remain independent and safe in their own homes by offering free home fire safety visits.

# What is a home fire safety visit?

A local Fire Safety Volunteer (Prevention Team member) or an approved partner will visit your home and carry out a home fire safety visit at a time convenient to you. The volunteer will not offer to sell you anything, and the service is free.

They will offer home fire safety advice, discussing actions you can take to reduce your fire risk, how to make an escape plan and (if not fitted) install a smoke alarm(s). On arrival, personnel will be in Fire Service uniform and carry ID that will be shown to you.

To make a fire action plan, check your eligibility for a home fire safety visit or for further advice, visit our website, call the following number or scan the QR code.

Web: www.norfolk.gov.uk/fire

Tel: 0300 1231669

#### Smoke alarms

We know that fires in the home can be prevented by taking more care with fire safety. A vital part of home fire safety is fitting and maintaining a smoke alarm. You are more than twice as likely to die in a fire at home if you don't have one fitted.

Once fitted, test it weekly. Most modern smoke alarms will last ten years before needing to be changed but some will require an annual battery change. Try to prevent a build-up of dust by wiping or vacuuming the casing.

Remember, Norfolk Fire Rescue Service may supply and fit a smoke alarm as part of a home fire safety visit where appropriate or offer advice if you already have them. NFRS says – buy it, fit it and test it – ensure you know what to do if it goes off. To keep all your loved ones safe, get out, stay out and call: **999**.

# Safeguarding adults

We all have a right to live our lives free from harm, and most adults in Norfolk live safely and comfortably. However, some people are more at risk of harm (abuse) than others.

Adult safeguarding means protecting a person's right to live in safety, free from abuse and neglect. It is about people and organisations working together to prevent harm and stop it happening. At the same time, it makes sure, as far as possible, that the vulnerable person's views, wishes, feelings and beliefs are taken into account before any actions are taken.

Abuse can happen anywhere and can be carried out by anyone. It can happen once or repeatedly. Abuse is anything that harms another person and might include:

- **Physical abuse** including assault, hitting, slapping, pushing, misuse of medication and restraint.
- Domestic abuse including psychological, physical, sexual, financial and emotional abuse; controlling or coercive behaviours: so-called 'honour-based' violence.
- Sexual abuse including rape, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to

- pornography or witnessing sexual acts, indecent exposure and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting to.
- Psychological abuse including emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, cyber bullying, isolation or unreasonable and unjustified withdrawal of services or supportive networks.
- Financial or material abuse including theft, fraud, internet scamming, coercion in relation to an adult's financial affairs or arrangements (like wills, property, inheritance or financial transactions) or the misuse or misappropriation of property, possessions or benefits.
- Modern slavery including slavery, human trafficking, forced labour and domestic servitude.
- **Discriminatory abuse** including harassment or slurs because of race, gender and gender identity, age, disability, sexual orientation or religion.
- Organisational abuse including neglect and poor care practice/policies within an institution or a specific care setting, like a hospital or care

home or in care or support services provided in an adult's own home.

- Neglect and acts of omission including ignoring medical, emotional or physical care needs, failing to provide access to appropriate health, care and support or educational services, withholding medication, adequate nutrition and heating.
- Self-neglect including behaviour such as neglecting to care for one's personal hygiene, health or surroundings or hoarding.

Norfolk County Council has a lead role in protecting adults from abuse where someone:

- Has needs for care and support (whether or not the County Council is meeting any of those needs), and
- Is experiencing, or is at risk of, abuse or neglect, and
- As a result of these care and support needs is unable to protect themselves from either the risk of, or the experience of, abuse or neglect.

# **Norfolk Safeguarding Adults Board**

The Norfolk Safeguarding Adults Board (NSAB) brings together the key people from a wide range

of organisations, including the County Council, police, health, probation, housing and voluntary and independent providers to lead and promote adult safeguarding work throughout Norfolk.

NSAB works closely with partners to register new and emerging safeguarding issues, as well

as the way in which adults and those supporting them access the support they need. During 2023, the Board will be taking forward some specific work on safeguarding issues for carers, including a toolkit giving information and advice adult safeguarding, and an animation on domestic abuse in older adults. The aim of the animation is to help start conversations when safe to do so about domestic abuse.

You can see the Board's plans at: www.norfolksafeguardingadultsboard.info (search 'strategic and business plans'). For more information on carers and safeguarding, visit www.norfolksafeguardingadultsboard.info (search 'carers and safeguarding').

# Norfolk's safeguarding adults 'network'

The County Council, police, health, housing and voluntary and independent providers are part of our safeguarding 'network'. The strength of our community is reflected in how well we all respond to someone who is at risk of, or experiencing, abuse. You have a key role to play.

# What to do if you are worried about harm and abuse

If you or someone you know is at risk of, or experiencing, abuse or neglect, don't dismiss your concerns. Safeguarding is everyone's business — if you see something, or hear something, say something. It is important to tell someone you trust, or call: 0344 8008020. For more information, visit: www.norfolksafeguardingadultsboard.info

In an emergency, always dial: 999.

# Hate incidents – Stop Hate in Norfolk

## What is a hate incident/crime?

A hate incident is any incident motivated by hostility, prejudice or hate on the grounds of race, religion, sexual orientation, disability or transgender identity.

Hate incidents can take many forms, some are more obvious. Although physical violence, verbal abuse, damage to property and graffiti are more common, other forms of hate incidents are becoming common. For example:

- Vulnerable people being befriended to be exploited, known as 'mate crime'. This can have hate and safeguarding implications for the person/s.
- Internet or cyber hate crime is becoming increasingly common, especially with younger and vulnerable people, and can include anything from hate mail and texts to posting hate material on Facebook and other social media.

→ All hate incidents are investigated by the police to determine if a crime has taken place. Even if police determine a hate incident is not a crime and therefore does not go to court, actions and interventions are frequently undertaken by the police and public agencies to work with perpetrators and victims to prevent future hate incidents.

# **Stop Hate in Norfolk (SHiN)**

The SHiN protocol aims to create a common standard for tackling hate incidents/crime across Norfolk. It sets out how different Norfolk organisations – public, private, voluntary or community – will work together to make it easier for residents to report hate incidents and crime in a supported and safe way through local groups and organisations.

Any Norfolk organisation can adopt the protocol. Information on how to do so can be found here: www.norfolk.police.uk/stop-hate

Often, victims or witnesses of hate incidents lack confidence to report hate incidents to the police, or they may think it is unimportant. Some people particularly people with care and support needs –
 do not recognise that they have been a victim.

A free eLearning course is available on the SHiN webpage for anyone to find out more about hate incidents/crimes, how to identify if you have been a victim or witnessed an incident and how to report it.

Staff and volunteers at several services and organisations are trained to take hate incident reports, like libraries. Some community groups and disability services in Norfolk are trained to take reports on behalf of victims.

You should always report a hate incident, even if you don't think it's serious, or if you have no information about the perpetrator, as every report helps the police to build area intelligence profiles, and to intervene in situations where a perpetrator is committing seemingly 'minor' offences.

For more information or to report a hate incident, visit: www.norfolk.police.uk/stop-hate

# **Domestic abuse**

Domestic abuse is everyone's business. It can affect anyone, regardless of age, social group, class, race, disability or sexuality. Domestic abuse can affect both men and women, and it can occur in any relationship – heterosexual, gay, lesbian, bisexual, transgender, young or old. Older people can be victims of domestic abuse, but this may not always be picked up on. One in four women and one in six men will experience domestic abuse during their lifetime.

# What is domestic abuse?

It means any threats, violence, controlling or coercive behaviour that takes place between family members or people aged over 16 who are in a relationship with each other (or have been in the past).

Family members are defined as mother, father, sister, brother and grandparents, whether directly related, in-laws or stepfamily. However, this is not an exhaustive list and may also be extended to uncles, aunts and cousins etc.

Domestic abuse is a pattern of behaviour used by abusers designed to establish and maintain power and control over another person. It is not always physical violence and can take different forms. This includes but is not limited to the following types of abuse:

- Emotional abuse persistently putting you down, isolating you from friends and family, name calling, sulking and checking up on you.
- Psychological abuse verbal abuse, blaming, mind games, criticisms, accusations, emotional abuse, jealous and obsessive behaviour, humiliation, comparisons, manipulation, complete control of a person's life, threats to kill the person or the children, imposed social isolation and sleep deprivation.
- Sexual abuse forcing you to have sex against your will, sexual assault, forced prostitution, degradation, humiliation, forced to watch or act in pornography.

- Financial and economic abuse preventing a person from getting or keeping a job, taking money, not permitting access to or withholding family income. It may also include behaviours that control a person's ability to use and maintain economic resources. This may include money, food, transport and housing.
- **Physical abuse** assault, punches, kicks, hitting, forced imprisonment, biting, strangulation, burning, dragging, actual bodily harm, grievous bodily harm, using weapons and throwing objects.

This includes so-called honour-based abuse, female genital mutilation and forced marriage.

#### Is domestic abuse a crime?

There is no single criminal offence of 'domestic abuse', but many forms of domestic abuse are crimes, such as harassment, assault, criminal damage, attempted murder, rape and keeping you locked up in the house. Being assaulted, sexually abused, threatened or harassed by a partner or family member is a crime just as it would be if committed by a stranger.

A domestic violence law came into effect in 2015, which recognises that abuse is often a complex and sustained pattern of behaviour intended to create fear. The coercive or controlling behaviour offence, which carries a maximum penalty of five years' imprisonment and a fine, can be invoked if, on at least two occasions, a victim suffers serious alarm or distress that impacts on their day-to-day activities, or they are frightened of physical violence. Visit: www.gov.uk and search 'controlling or coercive behaviour' to access guidance and further information.

The Domestic Abuse Bill 2020 is helping to transform the response to domestic abuse, helping to prevent offending, protect victims and ensure they have the support they need. This is a landmark bill which marks a fundamental change by:

- Raising awareness and understanding about the devastating impact of domestic abuse on victims and their families.
- Improving the justice system's effectiveness

- in providing protection for victims of domestic abuse and bringing perpetrators to justice.
- Strengthening statutory agencies' support for victims of abuse.

# Am I in an abusive relationship?

It's not always easy to know if you're being abused. Abusers may try to persuade you that what they're doing is normal, is a sign of love or that they're sorry. Here are some possible signs:

- You are scared of them.
- They have hurt, or threatened to hurt, you or people you care about.
- They force you to do things you don't want to do, including sexually.
- They stop you from seeing your friends, family or people who you may go to for advice such as a GP or social worker.
- They have threatened to take your children away or hurt them.
- They prevent you from continuing or starting school, college or from going to work.
- They constantly check up on you or follow you they may also track you via your mobile phone.
- They wrongly accuse you of flirting or of having affairs on a regular basis.
- They get extremely jealous and possessive.
- They humiliate you or criticise or insult you, often in front of other people.
- You change your behaviour because you're afraid of what they might do or say to you.
- They deliberately destroy things that belong to you.
- They control how much money you have.
- They blame you for the abuse.
- They control your daily routine.

If you're unsure whether something that has happened to you is abuse, it can help to imagine would you be worried if it happened to a friend or a close relative?

- → The Domestic Abuse Disclosure Scheme (or 'Clare's Law') allows you to find out if your partner has a history of abusive behaviour towards previous partners. You can make an application by:
- Telephone contact the police on: 101.
- Speaking to a member of staff at any police station.
- Speaking to a Police Officer on the street.
- Consulting the Norfolk Constabulary leaflet. To read the leaflet, visit: www.norfolk.police.uk and search 'domestic abuse'.

There are various agencies providing practical or emotional support. For further details, visit: www.norfolk.gov.uk/gethelpnow

If you know someone is suffering from abuse, call: **101** or visit: **www.norfolk.police.uk** 

Always dial: 999 in an emergency.

If you think that a child, vulnerable adult or another person is at risk of domestic abuse in Norfolk and want to speak to someone, contact Norfolk County Council: 0344 8008020.

You can also call the **National Domestic Violence 24-hour helpline**: **0808 2000247**.

If you are being violent or abusive towards a current or previous partner, ring the Respect phone line: 0808 8024040 or visit: https://respectphoneline.org.uk

The Norfolk Integrated Domestic Abuse Service (NIDAS) will offer free, confidential and non-judgemental support to those affected, and their children, to help them escape and recover from abuse.

Tel: **0300 5610555** or **0808 2000247** 

(out-of-hours).

# Staying in your own home

# Assistive technology and community alarms

Assistive technology is a term used to describe devices and systems that can help vulnerable people to live in their own homes and community with greater safety and independence.

There are different types of assistive technology depending on your needs and situation. These range from simple battery-operated items to more complex devices, like telecare equipment that links through your telephone line to a community alarm monitoring centre so that help is available 24 hours a day, giving security and peace of mind that you will be taken care of.

Telecare sensors that are linked to a community alarm can automatically detect things such as fire and heat, low temperature in a room, carbon monoxide, a fall in the home or a vulnerable person exiting the property. Simpler sensors that do not need to be linked to a community alarm can alert a carer in the same house to a call for support, movement in an area or the opening of a door.

Assistive technology is also available for raising an alert and locating a person in their community via GPS satellite location devices, or for detecting a person's activity within their home. Furthermore, there is an increasing amount of mainstream mobile and internet-linked assistive technology that can contribute to the safety and wellbeing of a vulnerable person and support carers.

Much of this can be provided free of charge if Norfolk County Council think this will support you to live independently at home. Where telecare equipment is provided, there is a weekly community alarm service rental charge.

Web: www.norfolk.gov.uk/assistivetechnology

Tel: 0344 8008020

# **Community alarms**

These offer peace of mind 24 hours a day, every day, and are ideal for anybody who feels vulnerable and may need an urgent response. The alarm is worn around your neck or wrist and is connected to your home phone line. At the touch of a button, you will be able to speak to an operator who will help assess what support is needed, like contacting your next-of-kin or the Emergency Services.

Check which care alarm service covers your area from the following list and see the checklist on page 23 for a list of questions to consider about assistive technology.

Countywide - Lifeline 24

Countywide – n-able (Norse Ltd)

Tel: 0300 3730199

**Great Yarmouth – Community Alarms** 

Tel: 01493 846654

West Norfolk and North Norfolk – Care Line

**Community Service** 

Tel: **01553 616200** (option six).

# **Equipment to aid daily living**

Before beginning to look for equipment, it is helpful to be clear about exactly which areas of daily living are becoming difficult. Trying to pinpoint the difficulties and the reasons behind them need to be considered.

This may seem obvious, but not all difficulties are

best helped by equipment; the situation could be resolved through other actions e.g., medical intervention, short-term rest and in some cases, a period of exercise and movement.

There is a useful, easy-to-use online questionnaire that can help you consider areas that you are having

difficulty with and what equipment might help you to manage these better. For more information, visit: https://livingmadeeasy.org.uk

There are various organisations that can provide information and advice that may help you. You can also borrow or buy equipment from them.

# **British Red Cross Mobility Aids Scheme**

Including short-term wheelchair loan. You can also book online at: www.redcross.org.uk/get-help/hire-a-wheelchair

# **Great Yarmouth**

Tel: **01493 663626** 

(10.00am to 2.00pm, Monday to Friday).

# King's Lynn

Tel: **01553 768751** 

(10.00am to 4.00pm, Monday to Friday).

## **Norwich**

Tel: 01603 253403

(10.30am to 4.00pm, Monday to Friday).

There may also be a mobility shop in your local area. If the issues remain unresolved and it appears that the situation will require professional support, an online referral can be made via our enquiry form: www.norfolk.gov.uk/mynorfolksocialcare or by calling: 0344 8008020. Much of this can be provided free of charge if Norfolk County Council thinks that this will support you to live independently in your home.

#### Wheelchairs

Can make it possible for you to get out and move around safely and can also help your carer (if applicable). If you need a wheelchair for over six months and have a permanent disability, talk to your GP. They can refer you to the local wheelchair service for an assessment to discover if you fit the criteria for a long-term wheelchair loan.

If you are not eligible for an NHS wheelchair, but would like to borrow or hire one, see the above details regarding the British Red Cross Mobility Aids Scheme or the following organisations.

# **Shopmobility**

Loans manual and powered wheelchairs and scooters to people with limited mobility so they can shop and use leisure and commercial facilities.

# Norwich (now managed by Equal Lives)

Manual and powered wheelchairs and scooters are available from the Chantry Place shopping centre. Open Tuesday to Friday, 9.00am to 4.00pm.

Tel: **01603 365100** 

# King's Lynn

Ground floor, St James multi-storey car park

Tel: **01553 770310** 

Buying a wheelchair privately is an alternative option.

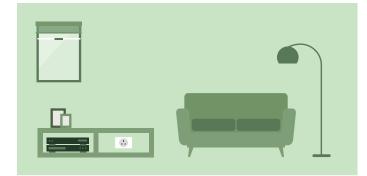

It's a good idea to consider the following questions before buying any assistive technology. If you are unsure about what technology might help meet your needs, you can contact your council or visit: https://livingmadeeasy.org.uk

You can download and print this checklist at: www.carechoices.co.uk/checklists

Will it need to be installed by a professional? Suitability Can the retailer provide you with training in Does the equipment support your specific needs? using the equipment? Are you willing to use it? Reliability Will it fit into your everyday life and routine? Will it work if you have pets or live with other Have you tried a demo of the equipment? people (e.g. could someone else set off a sensor alarm by accident)? Do you understand what the equipment is for? Do you need to take it with you when you Have you read reviews of the equipment you leave the house? Is it transportable? are looking at? Consider these before making your purchase. Does the equipment have any limitations that would make it unsuitable for you? Can you speak to someone who already uses it? Will it work alongside any assistive technology Does it require batteries? Find out how often you already have? they will need changing and whether the equipment will remind you to do this. **Usability** Is it durable? If you drop it, is it likely to break? Is a simpler piece of equipment available (e.g. a pill case rather than an automated pill dispenser)? Cost Does the equipment need a plug socket and Do you know how much it costs? will any wires cause a trip hazard? Will you need to pay a monthly charge? Is it easy to use? Can you read/hear it clearly and are any buttons big enough for you? Are there alternative solutions that might Are you able to use it? Are there any be free? aspects you don't understand? Is there a cost associated with servicing the equipment? Is it portable? **Notes** 

# Making life easier at home

If you're having difficulties with everyday tasks at home, these simple solutions could make life easier and enable you to retain your independence. These are a starting point; other solutions are available, which might better suit your needs.

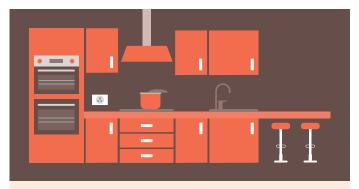

Finding it difficult to **get in and out of chairs**? Try putting a piece of hard board under the seat base. Alternatively, buy chair raisers, a higher chair or an electric riser chair. Also try taking regular gentle exercise to improve your mobility.

If you can't **reach your windows**, could you move furniture out of the way? Ask someone to help if you need to move heavy furniture. There are also tools for opening and closing windows.

Struggling to **keep warm/cool**? Consider a fan or heater. Is your house insulated? Are there any draughts? You may also be eligible for the winter fuel payment from the Government. Visit: **www.gov.uk/winter-fuel-payment** 

If you have trouble **using light switches**, think about replacing your switches for ones that are easier to use. Consider handi-plugs or light switch toggles, or there's even technology available that turns your lights on and off using your speech.

Use subtitles if you **can't hear the TV** or buy wireless headphones. Do you need a hearing aid? Request an assessment from your council.

Do you **forget to take your tablets**? Make a note of when you've taken them or buy an automatic pill dispenser or pill box. If you struggle to open your medicine, ask your pharmacist for advice on alternative packaging that could make it easier for you.

Can you reach everything in your cupboards? If not, try a handi-reacher or rearrange your kitchen so the things you use most are within easy reach.

If you are having problems with preparing food, consider buying ready-chopped options or try a chopping board with spikes. There are also longhandled pans, teapot tippers and lid grippers that could help. Palm-held vegetable peelers or a food processor might be a solution and meal delivery services are also available.

#### Is eating and drinking becoming difficult?

Large-handled cutlery could help, as could non-slip mats for the table. Lightweight cups and mugs with two handles could also be a solution.

Having tap turners fitted can make **using taps** easier. You could also consider changing to leverstyle taps, which might be easier for you to use.

Handled plug

Chair raisers

Chopping board

Level indicator

Teapot tipper

More information on staying independent and ideas to help you live at home can be found online at **www.carechoices.co.uk/staying-independent-at-home/** There is also information on making larger adaptations to your home.

If moving whilst in bed is a problem, have you thought about using an over-bed pole? You might also want to buy a pillow raiser or change your bedding so it's lighter.

Is it becoming **difficult to get dressed**? If so, specially adapted clothing is available, or you could buy a long-handled shoe horn, a dressing stick or a button hook. If you are having a lot of difficulty, consider home support – see page 28.

Clocks are available with large numbers or lights if you can't read the time in bed. You can also buy clocks that speak the time.

If you are **finding it harder to read in bed**, consider an e-reader that allows you to change the font size. Some also have integrated lights. Look for bedside lamps with a step-on or button switch if yours are difficult to use.

Do you struggle to get in and out of bed? You could learn new ways of moving around, purchase a leg lifter or a hoist or install grab rails for support. Seek advice about these options. If the bed is the issue, you could buy an electric adjustable bed or raise the bed to the right height.

If it's hard to hold your toothbrush, try a toothbrush gripper. You might also benefit from having an electric toothbrush or sitting on a stool while brushing your teeth.

You might like to buy a raised toilet seat or a seat with a built-in support frame if it's **hard to use your toilet**. Flush-lever extensions are also available.

Has it become more **difficult to wash**? Items are available, like long-handled sponges and flannel straps. You could also consider a slip-resistant bath mat, grab rails, a half step to help you get in and out of the bath, or a bath or shower seat. Tap turners can also be used in the bathroom.

For more information on aids and equipment, contact your council for information and advice. You may be referred to an occupational therapist (OT) or you could contact an OT privately. Visit: https://rcotss-ip.org.uk/find to search for OTs near you.

# Handyperson schemes

#### **Broadland and South Norfolk**

The Independent Living Team provides support and services to residents in both districts to help them live independently in their own homes, delay the need for health and social care services or prevent the need for increased support. This ranges from quick and simple jobs like installing a grab rail, smoke alarm or assistive technology to housing adaptations, such as a walk-in shower, access ramp and adaptations to aid access and mobility around the home.

Care and Repair services help to initiate, arrange and project manage essential repairs and adaptations, provide advice and support with finding grants, charity funding or loans to fund works, conduct benefit checks and signpost to other organisations. For more information, visit: www.southnorfolkandbroadland.gov.uk (search 'disabled facilities grants').

The Handyperson Service carries out small repairs to support residents to live independently. This service is available to all residents at a charge. For some older and vulnerable people, the work is free, but a discounted service is also available. For more information, visit:

www.southnorfolkandbroadland.gov.uk (search 'handyperson service').

The Help Hub provides access to a range of community resources and support services, including information on welfare rights and debt advice. For more information, visit: www.southnorfolkandbroadland.gov.uk (search 'help hub'). To find out more about any of these services, use the following contact details.

# Norwich (home improvements)

The Norwich Safe at Home Scheme (including dementia adaptations) is provided by Norwich City Council to help older people manage better in their own homes. The Safe at Home Scheme provides grants of up to £2,500 to help people with dementia and their carers make home adaptations to allow them to live independently for longer and to be able to manage the condition more easily.

The grant can also be used to help vulnerable homeowners with minor adaptations where a disabled facilities grant is unsuitable, emergency repairs or investigative works. The scheme is administered through the Norwich Home Improvement Team and is open to anyone living in the Norwich district (homeowner or renting).

The city council also offers disabled facilities grants of up to £30,000 for home adaptations recommended by an occupational therapist. This includes improving access to and around the home; bedroom and bathing facilities; cooking and food preparation; and home safety. Make a referral using the following details.

Tel: 0344 9803333

Email: homeimprovement@norwich.gov.uk Web: www.norwich.gov.uk/healthyhomes

For inpatients, the Home Improvement Team can offer grants of £10,000 and a fast-track adaptations service to enable a timely discharge. Referrals must be made by a health professional by calling: **01603 989366**.

#### **Great Yarmouth**

The Independent Living Service offers a Handy Person Service which is available to people who are disabled or aged 60+. The Handy Person Service can complete small home maintenance jobs to help residents stay living safely at home for longer. Examples of the types of jobs the service can undertake include:

- Fitting a key safe the police-approved Supra C500.
- Replacing a toilet seat or syphon.
- Re-securing a carpet.
- Fitting door and window locks.
- Fitting draught proofing.
- Fitting energy-efficient light bulb(s).

Materials will need to be purchased by the customer. The service's hourly rate is £30 but the council offers a 50% discount for customers who are in receipt of an income-related benefit and are living permanently in the Great Yarmouth borough. The cost to supply and fit the Supra C500 policeapproved key safe is £68 with the discount, or £83 for the full rate.

For further information, contact Great Yarmouth Borough Council's Independent Living Services using the following details.

Tel: 01493 846190

Email: handyperson@great-yarmouth.gov.uk
Web: www.great-yarmouth.gov.uk/handyperson

# King's Lynn and West Norfolk

The Borough Council of King's Lynn and West Norfolk provides the following services:

- Careline Personal Alarm Service.
- Care and Repair Service.
- Handyperson Service.
- Integrated Housing Adaptations Team (IHAT).
- Lily (see page 5).

The council's aim is to support older people, adults and children with disabilities and those on

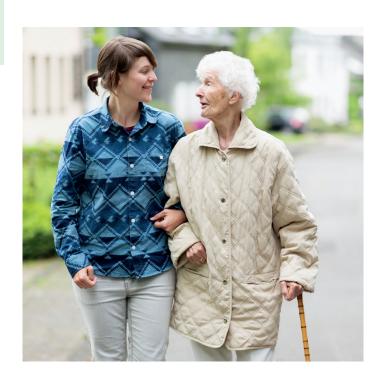

low incomes to continue living independently for longer. The council provides information and advice, practical equipment, adaptations and repairs and has helped thousands of people to stay in their homes in a healthy, safe and secure environment. Financial help and grants are available for people living in West Norfolk, depending on their financial circumstances.

The Care and Repair Service provides advice and assistance to enable people to adapt, repair or improve their homes. It can assist with finding grants, completing benefits checks and can make referrals to other organisations if other needs are identified. The IHAT works alongside existing staff to identify clients' needs and possible solutions. In some cases, equipment can be provided; in others, an adaptation such as a level access shower or ramp may be required.

The Handyperson Service can help with minor adaptations, falls prevention and keeping people warm and safe. Preventing falls and reducing risks in and around the home is a priority when it comes to helping people maintain their independence. Funding is available to anyone living in West Norfolk with a health condition.

For more information, contact: **01553 616200** (option one then option two) or visit:

www.careline-cs.org.uk or: www.careandrepair-wn.org

# **Norfolk First Support (NFS)**

NFS provides support and reablement in the home environment, supporting people to regain and maximise their independence after a hospital stay and/or deterioration in physical/and or mental health in the community. You will be supported within a Multidisciplinary Team (linked to wider health and social care colleagues), working together with you to develop a comprehensive individual plan with person-centred goals. This will help and support you to regain and/or learn new skills to maximise independence in your home.

This approach supports individuals to do things for themselves. Using techniques that support retraining or regaining skills and building confidence so people can learn to manage after a period of illness or enable long-term condition self-management. It starts once someone has been assessed to be discharged, or to stay at home, and doesn't require medical intervention. Individuals are supported for a maximum of six weeks.

If any ongoing needs are identified, we will help to arrange alternative provision. For further details, see page 58. To access the service, you will need to be assessed by a GP, community nurse, social worker and/or therapist.

# **Norfolk First Support**

Tel: **0344 8008020** or **0344 8008026** (if you are a health professional, including mental health practitioners and physiotherapists).

Email: information@norfolk.gov.uk

# Home care and home support

Support at home is known as many things — including home care, home support and domiciliary care. These services provide practical help for people to stay living independently at home. There are various organisations that provide a range of services to help you to continue to do this. Visit: www.norfolk.gov.uk/directory

If you fund your own care or have a Direct Payment from Adult Social Services for your care and support, you can arrange support at home directly with an agency. A list of agencies starts on page 33. Services that can be provided could include:

- Personal care, such as help with getting up or bathing.
- Help with eating, menu planning, preparing and cooking food and different types of meal services.
- Looking after your health, reminding you when to take medication, applying creams and lotions, simple dressings and eye drops.
- Night care or night sitting services, which means a home care assistant in your home during all or part of the night to ensure you are safe and to provide personal care services.

- Live-in care: in some cases, it's preferable and more economical to have a care worker living in your home 24 hours a day. This can be for a short period, for example to provide respite breaks for regular carers, short-term support following hospital discharge or ongoing.
- Help for you to become independent again by learning new skills or regaining old ones.
- Ongoing support to help delay the need for increased future support.
- Promoting your wellbeing by helping you to get involved with things in your local community, which may mean needing fewer services.

If you are eligible for support from Adult Social Services and we agree that, as part of your care and support plan, we will provide some services for you to help you stay in your own home, you can ask us to organise these for you.

One of the services we might organise is a home support service. The level of home support we will provide will vary according to your assessed needs and may be part of a package with other services and support from your own networks. For example, family and friends.

There are several Norfolk organisations providing home support services for us and they will deliver an agreed package of support for you, which may include some of the services listed earlier in this section. We will ensure that the services we arrange:

- Help you achieve your goals and aspirations in certain areas of your life.
- Promote your wellbeing.
- Prevent, reduce or delay the need for further care and support, where possible.
- Help you to maintain and/or maximise your independence and lead a fulfilling life.

## Who provides these services?

Comprehensive information about providers in Norfolk starts on page 33 or can be accessed at: www.norfolk.gov.uk/homecare

We commission a range of organisations to support the people of Norfolk to lead independent and dignified lives at home. All home care/home support providers are regulated and inspected by the Care Quality Commission (CQC) which issues quality ratings and publishes inspection reports on its website: www.cqc.org.uk/ For more information on the CQC, see page 60.

## Home care/home support charges

If you have capital or assets over £23,250, you can make private arrangements with a provider and pay the full cost of the service to the provider.

Alternatively, you can ask Norfolk County Council to arrange this for you. Typical charges for this service depend on the amount of care and support and the particular skills required.

If you have capital of less than £23,250, we can arrange your care and you may (subject to being assessed as having eligible care and support needs, and after a financial assessment), be required to contribute towards the cost of the services you receive. You will be given clear information about what you can expect to pay. See page 73 for information on paying for care.

You should also refer to the booklet 'Your guide to charges for home care and other non-residential care services'. A copy is available online at: **www.norfolk.gov.uk/payingforcare** (select 'Will you have to pay for your care?').

Home is where the heart is

Home and Live-in Care, just as you like it

Referred to by our customers as 'lovely blue angels' we deliver award-winning home care as personal as you are.

# Purely Care

Providing care for you in your own home

Care Home or your Home?

The usual assumption is that when someone's care needs reach a certain point, the only course of action is to move into a residential home. This can mean couples are split up when one of them needs care. Purely Care have an alternative solution. Their live-in carers are successfully keeping couples together at home.

Margaret and Don had been married for 61 years, but found life was getting difficult. Margaret had been an excellent cook, ran the home efficiently and continued to look glamorous. When she became forgetful Don stepped in to do the cooking and housework, but poor sight and a heart condition meant he became exhausted dealing with Margaret's refusal to wash or change her clothes.

A live-in carer has eased the pressures. Margaret now has a wash every day and keeps active by helping the carer to prepare vegetables and fold the laundry. Don can enjoy quality time with Margaret, relieved of daily chores.

You can stay in the comfort and familiar surroundings of your own home with confidence knowing you have support from one of Purely Care's fully trained care workers.

Family owned and locally run Purely Care provides excellent care for a wide range of clients in East Anglia. We are passionate about enabling our clients to retain their independence and remain safely and securely in their own homes. Whether you require a few days help on discharge from hospital or permanent specialised care please call us for an informal discussion about how we can help.

#### Ve specialise with the following client groups:

## **Restore Empathy Healthcare Ltd**

Delivering Empathetic Care to Service Users

We provide an empathetic domiciliary care service, which is effective, caring, safe and responsive to service users' needs. Empathetic care involves taking the time to understand and respond to the unique needs and preferences of each individual being cared for, and treating them with kindness, dignity, and respect.

We offer the following empathetic care services:

- Personal Care
- Medication Administration
- Meal Preparation
- Social Support
- General Housekeeping
- Care Companionship

**4** 07720 259999 / 07539 171083

x restoreempathyhealthcare@gmail.com www.rehealthcare.org

Delivering care of the highest quality to individuals in their own home, across Breckland and South Norfolk.

We provide person-centred care services, so the care plan design and delivery is directed by the customer, and or a loved one. We offer a wide range of home care services including companionship, respite for carers and rehabilitation.

The services are provided as hourly, daily or weekly visits, right through to night care and live-in care.

If you are looking for a local home care service that is flexible, maintains your independence, choices and lifestyle preferences, then please do contact us.

Live-In Care

## **Day services**

Day services are available in various locations, ranging from care homes and care homes with nursing, to different community venues across Norfolk. These services help people live as independently as possible by providing a wide range of meaningful activities and opportunities. Some of the services provide specialist care and support. For example, for people with dementia or learning disabilities.

If you fund your own care, or if you are not eligible for services, you may be able to access these services directly. Where you are eligible for services, but are unable to make these arrangements directly, you can ask Norfolk County Council to do this for you.

See the following listings for contact details of day services and day centres. The services on these pages are accredited by us, which means several checks have been carried out to ensure they meet certain standards.

There is also information about day centres and groups on the Norfolk Community Directory – organisations listed here are not necessarily accredited by us: www.norfolk.gov.uk/directory

If you have been assessed and you are eligible for support from us, we can help you to find activities which will help promote your independence. See page 58 for more information on assessments and eligibility and page 73 for information on paying for care.

Every effort has been made to check the accuracy of the following information. However, it is subject to change during the lifetime of this Guide. Due to COVID-19, providers may need to adapt their services to ensure the safety of those in attendance. This may include moving activities online or even temporary closure. For the latest information, contact providers directly.

# Looking after someone

## What do we mean by being a 'carer'?

A carer is anyone who helps and supports somebody who due to an illness, disability or mental health difficulty, cannot cope without their support. You might be helping them with their washing, dressing or eating, taking them to appointments or keeping them company when they feel lonely or anxious. You may also provide other forms of support and could be caring for more than one person.

Many people are carers without knowing it. Once you recognise you are a carer, and if you are providing unpaid care or support to someone, you can get free help, advice and information to support you.

This could include practical, emotional or financial support. As a carer, it's important that you look after your own wellbeing, and can carry on doing the things that are important to you and your family. You may want to consider:

- The kind of support you might need to continue caring.
- How to meet your own needs and have a life outside of caring.
- Whether you are willing and able to carry on caring.
- Planning for your future.

## Support available for carers

Carers Matter Norfolk (CMN), see page 52 for contact details, delivers personalised services to unpaid carers on our behalf, including:

- Carers' assessments.
- Information, support and advice.
- Advice line open five days a week.
- One-on-one community support.

CMN will offer you a carers' assessment, talk to you about your circumstances and offer information and advice on practical and emotional support that you may need. You can also find lots of information at: www.carersmatternorfolk.org.uk/ Details of what a carers' assessment provides is on page 52.

#### Other resources

We have also teamed up with Carers UK to provide

carers in Norfolk with access to a wide range of digital tools and resources. If you are looking for information and support, this website includes a range of tools and resources:

- 'About Me' eLearning course to help you find resources, technology and support to help you continue caring.
- 'Jointly' care co-ordination app a central place to store and share important information about the person you are caring for.
- Carers UK guides free publications for carers.
- Local resources links.

Visit: https://carersdigital.org/login/index.php (free access code: DGTL7862). For more information, visit: www.norfolk.gov.uk/carers

## Preparing for Adult Life (PfAL)

Preparation for adult life should begin early. It's never too soon for young people to start thinking about what they might want and need once they become an adult. There is a lot of information available on the Norfolk Special Educational

Needs and Disabilities (SEND) Local Offer website to help young people and their families plan and prepare for the future.

Visit: www.norfolk.gov.uk/preparingforadultlife →

→ The Preparing for Adult Life (PfAL) Service works with young people who are likely to require Adult Social Services to support them when they turn 18. Some helpful guides written for parents/carers and young people are also now available on the topics of being healthy, being independent and being part of your community. Visit:

## www.norfolk.gov.uk/transitionineducation

Referrals can be made if:

- The young person is 14-17 years old. They can be referred at 13 years old, if the referral follows an Education, Health and Care (EHC) plan review in Year 9 of school.
- The young person has a disability. For example, a

- learning disability, mental health needs, autism or physical disability.
- The young person is likely to need support from Adult Social Services (under the Care Act), to achieve their outcomes of good health, independent living, employment, friends, relationships and community inclusion.

Referrals to the PfAL Service can be made by the allocated social worker in Children's Services.

Professional referrals can be made by ringing the Children's Advice and Duty Service (CADS) Professionals Referral Line, or for members of the public, call: **0344 8008020**.

## Carers' assessments

Carers Matter Norfolk (CMN) provides carers' assessments on our behalf. These are for people aged 18+ providing unpaid care and support to an adult family member or friend. You can have a carers' assessment even if the person you care for doesn't get help from Norfolk County Council.

A carers' assessment is a conversation about your wellbeing, it's not a test of your ability as a carer. You will have the opportunity to talk about how you feel and identify sources of support, looking at:

- · Your feelings.
- Your physical, mental and emotional wellbeing.
- The sustainability of your caring role.
- How caring affects your work, finances, leisure, education, wider family and relationships.
- What you'd like to achieve.

If you'd like someone to call you and chat about your needs, visit: www.carersmatternorfolk.org.uk or call: 0800 0831148.

## What happens next?

CMN will carry out a carers' assessment with you. The process is proportional to your situation – it might be a short conversation or lead to regular check-ins to see how the support you receive is working. Your carer's assessment will establish what

support you need. This might include:

- Putting you in touch with local support groups so you have people to talk to.
- Practical support, like arranging for someone to step in when you need a short break.
- Supporting your mental health through counselling, peer-to-peer sessions or training.
- Resources to support your health and wellbeing needs.
- Being directed to the online Norfolk Community Directory for listings of care services.
- A Health and Wellbeing Grant to spend on the things that make caring easier.
- A referral to Norfolk County Council. This will look at your long-term wellbeing as a carer and potential support for the person you care for.

You can choose to be assessed on your own or you can have someone there to support you. Support can also be arranged if you don't have someone.

After your assessment, CMN will talk to you about whether you need any additional support and whether you qualify for any help from the service.

It may be that the best way to meet your needs is to provide care and support directly to the person whom you care for. For example, by providing replacement care to enable you to take a break. This is possible, provided the person needing care agrees. It would also require them to have a Care Act assessment completed by Norfolk County Council.

## Will I have to pay for services?

Norfolk County Council's current policy is that we provide services to carers which are not subject to charging. Therefore, no financial assessment is required for services provided directly to carers.

Services to the person a carer supports are chargeable, and a financial assessment will be conducted with them to work out how much they will pay and how much we'll pay. Carers assessed by Norfolk County Council, who receive a Personal Budget, will be offered a Direct Payment which will give them control over how

their support is provided. If you would like a carers' assessment, visit:

www.carersmatternorfolk.org.uk or call: 0800 0831148.

# Have a combined assessment with the person you care for

You can have an assessment in your own right. You can also have a combined assessment with the person you are caring for, provided you both agree. Norfolk County Council carries out combined assessments. However, you can still get advice and support from CMN.

If you want to talk to us about support for you and the person you care for, complete the carers' support needs form: https://adultsocialcare. norfolk.gov.uk (select 'carers' support needs' and complete the form).

## Carers' breaks

Carers' breaks refer to all activities or practical support designed for you as a carer. This could include attending a craft group, swimming or even just having time for a coffee with friends. Short breaks are accessed through CMN.

You are entitled to a carers' assessment (www.norfolk.gov.uk/carers) to establish if you are eligible for monetary support from us or whether you will be signposted to community and voluntary services instead. Any services you receive from us to support you in your caring role will be provided free of charge.

#### What is short replacement care?

If you undertake a caring role, you may experience problems with stress or ill health. You and the person you care for may benefit from short replacement care, which would require a Care Act assessment for the cared-for person. You may be entitled to short replacement care (previously known as respite care) services if you care for:

- An older person.
- Someone who has a learning disability or autism.
- Someone with a mental health problem.
- Someone with a physical disability.

Short periods of replacement care, either at home or in a day centre, can be provided to support you to do the things you want or need to do. Residential replacement care can also be provided to enable you to have a break from your caring role.

#### How much does it cost?

If the person you are caring for is eligible for any of these services, they may need to contribute something towards the cost. Norfolk County Council will carry out a financial assessment and benefits check for them to determine any contribution they are required to make. Contact us using the following details.

Web: www.norfolk.gov.uk/adultcare

Tel: **0344 8008020**Text: **07767 647670**Minicom: **0344 8008011** 

Fax: **0344 8008012** 

# Planning and emergencies

## What can I do if I need urgent help?

Norfolk Swift Response is available 24/7 to provide help, support and reassurance when someone has an urgent, unplanned need at home but doesn't need the emergency services. The Swift Response Team can assist with emergency care needs if, for example, your usual carer is suddenly unavailable. If you have fallen, but are uninjured, the team can use special lifting equipment to help make moving as safe as possible.

Subject to Government guidance, staff wear Personal Protective Equipment and social distancing measures are also used where appropriate to minimise the risk of infection to staff and those they support.

To contact **Norfolk Swift Response**, call: **0344 8008020** (choose option one from the first and second menu).

#### Urgent out-of-hours help

The Norfolk Emergency Duty Team deals with social work emergencies outside working hours (at night, weekends and public holidays). An emergency is something that cannot safely wait to be dealt with until the next working day. Call: **0344 8008020**.

## Carer's emergency card

Caring can be rewarding but it can also be tiring, placing physical and emotional demands on you. It is important that you get a carer's emergency card. Carer's emergency support can be put in place if you are taken ill or involved in an accident or incident and there is no-one else within your support network who could help to ensure the person you care for is safe. Visit: www.norfolk.gov.uk/carersemergencycard to create a plan and complete the online form. This includes:

- Details about the person you care for.
- The things you do to help them.
- Emergency contact name/s.

If you are unable to fill in the online form, contact Carers Matter Norfolk.

Tel: 0800 0831148

You will be sent a carer's emergency card which you should always carry with you.

The card clearly states that you are a carer and that someone is relying on you to keep them safe and well. It includes your emergency plan number and the emergency helpline number.

#### What happens in an emergency?

You, or someone on your behalf, should call: **0344 8008020** and give your emergency plan number. The emergency helpline service will contact your named emergency contact/s. Your contact/s can then help the person you care for.

The service will help even if they cannot reach your named contact/s or you don't have anyone who can help nearby. The service will provide an initial response to allow enough time to plan what will need to happen next.

If the emergency develops, we may have a conversation about the ongoing needs of the person you care for. The emergency services know what to do if they see your carer's emergency card.

## Young carers, young adult carers and families

Young carers are children and young people up to the age of 18 whose lives are affected by a caring responsibility. They might be caring for a

parent, sibling, other family member or a friend who has a long-term physical or mental illness or disability, or they might have an alcohol and/or drug dependency. The support the child or young person provides is relied on by the cared-for person, and others in their family.

We have a legal duty of care to ensure children and young people are protected from inappropriate and excessive caring. Young carers are children and young people first. Caring for others should not be harmful to a child or young person's health, education, wellbeing or overall development. Young adult carers are defined as a person aged from 18 years.

We also have a legal duty to ensure that young carers make a successful transition to adulthood, this involves promoting their wellbeing and their wishes in terms of future caring, education, training and employment choices.

Caring for others who are ill or disabled can

result in young carers becoming physically or emotionally tired. This can have an impact on their health, wellbeing, school or college work, their relationships with friends and their social life. Parents of young carers may also feel isolated and not know how to get support for themselves and their family.

All carers living in Norfolk have a right to an assessment of their help and support needs from us. To request help and support, contact us: 0344 8008020. We currently provide an information and support service to young carers, their parents, family members, communities and professionals through Young Carers Matter Norfolk (CMN).

If you are a carer of any age needing information or support, or you think a child or young person might be a young carer or young adult carer in need of support, contact CMN (see page 52).

# Housing choices

## **Housing options**

The main routes to finding a new home are as follows.

#### **Homelessness**

If you are homeless, at risk of homelessness, worried about your ability to pay for the home you live in, or about to be evicted, you can speak to your local council's Housing Team for advice.

# Renting from a social housing provider (housing association, council or voluntary sector organisation)

You can apply for social housing through your local district council in Norfolk. As well as general housing, social housing includes sheltered housing and Housing with Care for older people and short-term accommodation if you are homeless, or in need of supported housing. For example, supported housing for young people or refuges for people fleeing domestic abuse.

## **District councils in Norfolk**

District councils have a lot of information available

online or from their housing teams about all aspects of housing, including housing options, applying for social housing, homelessness, benefits, tenancy and landlord issues, private sector repair, mortgage difficulties, home adaptations, environmental health issues, being safe and warm at home and more.

## **Borough Council of King's Lynn and West Norfolk**

Web: www.southnorfolkandbroadland.gov.uk

## Renting from a private landlord

Information about rental properties in your local area can be found online, in local newspapers and via letting agencies – remember there may be upfront costs such as a deposit, rent in advance and fees.

If you rent a property either from a private landlord or from a social housing provider, you may be eligible for Housing Benefit and/or Council Tax Benefit towards the cost of the rent/Council Tax. Contact your local district council (listed above and on page 55) for more details on how to claim.

## **Buying your own home**

This could include part buying/part renting options ('shared ownership') offered by some social housing providers. Visit:

**www.ownyourhome.gov.uk** for information about the Government's home-buying options.

## **Support options**

You may need some support to live in your home. Any support you need should be flexible to meet your individual needs. This could include things like visiting support in your home, equipment to help with day-to-day tasks, assistive technology (community alarms and other technology) and home care.

#### **Accessible homes**

Newer homes must comply with building regulations regarding accessibility. Some landlords (including social housing providers) rent out

mobility or wheelchair-standard properties. Contact your local district council's Housing Team (listed adjacent) for advice and information about your property requirements.

For those who are eligible, Adult Social Services can provide additional help, which may include the following options.

#### **Shared Lives Scheme**

A young person lives with another family in their home. The family provides the support. The young person may be charged for the care element of the Shared Lives Scheme, depending on their financial circumstances.

## **Supported living**

This is the term for shared properties or clusters of individual homes, where support is provided to people who are tenants in their own homes. There is a range of supported living properties across Norfolk. Some supported living is for longer term living, and some is shorter term, to give people a stepping stone to help them to live more independently.

This shorter-term supported living is called 'enablement'. Access for any supported living is usually via Adult Social Services. If an assessment shows you are eligible for support, talk to the person carrying out your assessment about the available options. You may be charged for the care element of supported living, depending on your financial circumstances.

## Advice and support for young people

An important part of independence for most people is moving on from the home they have lived in as a child. Some feel ready to do this at 18. Others may be older. For young people with a special educational need or disability (SEND) who are approaching a change in their circumstances, whether that is moving home, from an educational setting or something else, there is lots of information at:

www.norfolk.gov.uk/transitionineducation

## **Sheltered housing**

This is specially designed to assist (mostly) older people whose current home is no longer suitable for their needs and wellbeing. For example, they may not be able to manage the stairs or may feel safer and less isolated with more people close by to offer support and company.

Sheltered accommodation can be self-contained flats or bungalows and could include a 24-hour alarm system. Sheltered housing also offers low-level support that enables people to remain

as independent as possible. As well as individual flats or bungalows, the schemes may also provide communal areas that are used for activities and promote community involvement. There are sheltered properties available across Norfolk to rent or buy.

For more information, contact your local district council (see pages 55 and 56) or visit: www.norfolk.gov.uk/localcouncils

## **Independent Living and Housing with Care**

Choice is important when it comes to deciding where to live. If you're getting older and feel it's time for a change, but still want to live independently, the friendly community you'll find in Housing with Care or Independent Living could be for you.

# What's so great about Independent Living and Housing with Care?

Both housing options give you your own home, with your own front door. When you move in, you get peace of mind with on-site support and care available when you need it.

Every flat has a living area, kitchen, bedroom and bathroom and your home is yours to furnish and decorate. All schemes have communal gardens, a lounge area and a café where you can chat with friends and enjoy social events if you wish. Some schemes have a shop, a hairdresser, a bar and mobility scooter storage.

All schemes have flats for individuals, and some have flats suitable for couples. Some schemes offer specialist accommodation for people living with dementia and can be ideal for couples where one partner is the main carer.

Friends and family can visit whenever you like, and some schemes have en-suite guest facilities where they can stay over. Pets are also welcome at some schemes. The sites are located all over Norfolk, so you can choose to live in the district you currently live in or move to be nearer to family members.

# Who can move into Independent Living and Housing with Care?

Schemes are run as a partnership between district councils, housing associations, Norfolk County Council and the on-site care provider. A tenancy is offered to people through an allocation process.

Every tenant has a support plan, which is written with their involvement and, if they wish, their families too. To be eligible to rent your new home, you must have both a care and a housing need.

This means you might already live in social housing or be in receipt of Universal Credit. You might be receiving a few hours of support in your home, with someone coming into help you get dressed, washed or perform other tasks. Perhaps you would benefit from support of this kind but aren't receiving it currently.

To make an application, you will need an up-to-date assessment of your care and support needs. This assessment looks at your independence needs, finances and current living arrangements. To request an Independent Living/Housing with Care assessment, contact: 0344 8008020 or visit: www.norfolk.gov.uk/mynorfolksocialcare

# What are the differences between Independent Living and Housing with Care?

Housing with Care flats are only available to rent. They are well-established sites, ranging in size. With 17 sites across Norfolk, there's plenty of choice in terms of location. Care is provided by Norse Care, Hales or Norfolk First Response.

Independent Living flats are available to rent or to buy. They are newer and tend to be larger, with plans for more sites to be built across Norfolk in the coming years. The first Independent Living site opened in 2021 in Fakenham with care provided by Housing21, followed in Autumn 2022 by Saffron Housing Trust's site in Acle.

You may be charged for the care element of your chosen scheme based on your financial circumstances. Charges differ slightly depending on whether you move into Independent Living or Housing with Care. You will be given clear information about what you can expect to pay

when making your decision about where to live. The housing provider will discuss your tenancy and housing costs with you.

#### Ready to find out more?

Web: www.norfolk.gov.uk/independentliving

If you don't have internet access, talk to someone about Housing with Care and Independent Living on: **0344 8008020**.

#### Residential care

A person may have a room, or sometimes a flat, in a building shared with several other people. There is 24-hour support and meals are provided. For more information, see page 63.

# Care and support

## What happens if I think I need care and support?

If you contact us to ask for help and support, you will first discuss your circumstances with one of our specialist advisers. They will be able to:

- Put you in touch with organisations in your local community that may be able to help you.
- Give you good information and advice about care and support, and signpost you to other sources of information.
- Offer early help and support to help you stay independent or regain your skills and independence first before considering ongoing support.
- Help you to identify if care and support will help you with changes you want to make in your life and the best way of achieving them.
- Advise you of any charges for services.

If you are a carer, we can put you in touch with carers' support services that can help or work with you to plan your support. If the adviser thinks you might need support or services from us, you will need to have a care and support assessment. An assessment can be carried out over the phone, or, in more complex cases, we may be able to arrange to visit you at home. This would be considered on a case-by-case basis.

Wherever you're assessed, we will ask about your personal circumstances and current situation. You will be asked to describe your care and support needs, what you can do for yourself and how your wellbeing is affected. This will include identifying what is important to you in how you live your life.

Everyone's situation and wellbeing are different. Identifying your needs and the things you want to achieve will help us to decide if we can help. Depending on your needs, we may give you information and advice about a range of support available locally, such as other statutory agencies, voluntary organisations or community groups.

There is a national level of care and support needs that all councils must consider when assessing what help we can give you. We will assess your care and support needs with you and decide if they are at the level where you need help from us. Your needs will only be eligible if you are not able to do a combination of certain things that seriously affect your wellbeing. Even if this is not the case, we will provide you with information and advice about help and support available in your local community. After the assessment, we will write to you about our decision and give you reasons to explain our decision.

If you have eligible needs, we will discuss what help might be available and work with you to develop your care and support plan. This will be based on the information you gave us during your assessment. Your care and support plan will set out how you can get the right level of care and support so that you can do the things that are important to you. We will try to do this through the support of your friends and family or services in your local community wherever possible and will give you advice about other kinds of support available locally that can help you, such as community groups and voluntary organisations.

If we provide you with a service, you may have to pay something towards the cost. To find out how much you might need to pay, we will ask you to complete a financial assessment and you would then need to disclose details about your savings, any other assets and income. If you don't wish to disclose this information to us, you will be charged the full cost of the service we provide.

For more about paying for care, visit: **www. norfolk.gov.uk/payingforcare** and see page 73.

## Your choices

If you have an Adult Social Services assessment and the outcome is that you need a service from us, you have a choice about how this is arranged. Adult Social Services can arrange (on your behalf) for one or more services to be provided to you, via your Personal Budget (see page 73). This means that we will make all the arrangements with one or more organisations to meet the needs we have identified in your care and support plan. If you are not eligible for council funding, you can ask us to arrange services for you in certain circumstances.

We have a Brokerage Team that helps us to find suitable organisations to meet your needs. The team will send you a copy of your care and support plan with details of the organisations we have arranged to support you.

You can also choose to arrange one or more services yourself. In this instance, we will arrange to pay our contribution to you, or an agent acting on your behalf. This means your Personal Budget (see page 73) will be paid to you in the form of a Direct Payment to meet the needs we have identified in your care and support plan (see page 73).

This will enable you to have more control over the care that you receive, and how and when you receive it. We will only do this if you are assessed as eligible for council funding. Regardless of how you receive your support, we have a responsibility to ensure the services and/or Direct Payments are meeting your eligible needs in the most cost-effective way.

After your Personal Budget has been arranged, we will contact you to ensure that you are satisfied with the service you are receiving and to check your eligible needs are being met appropriately. We will also review your care and support arrangements at least annually to ensure that these continue to meet your needs and if not, make changes to your care and support plan accordingly.

If you are able to achieve greater independence, or you no longer have eligible needs, we will either reduce or end the package of care and support. Our aim is to promote your independence in your own community, rather than to simply provide you with services. See page 73 for more information on Personal Budgets and Direct Payments.

## **Advocacy**

POhWER Norfolk provides Independent Mental Health Advocacy (IMHA) and Independent Mental Capacity Advocacy (IMCA), including Deprivation of Liberty Safeguarding (DoLS) and Relevant Paid Person's Representative Services (RPPR). It also provides Independent Social Care Advocacy,

supporting individuals with regards to their rights under the Care Act.

POhWER works in partnership with other organisations, regardless of issue/s, to ensure consistency and seamless support.

→ Alongside local advocates, POhWER also works with Equal Lives to deliver the RPPR Service and Age UK/Equal Lives and Community Action Norfolk to deliver NHS Complaints Advocacy.

POhWER also provides the Independent Social Care Advocacy Service for people deemed to have substantial difficulty engaging with the local authority regarding their care. This includes supporting individuals through the assessment process, creation or review of care and support plans, carers' assessments, young carers' assessments and safeguarding processes.

Advocates will support clients to participate in decisions regarding their care. Access to this service is only through referral from Norfolk County Council's Adult Social Services.

Tel: **0300 4562370** (8.00am to 6.00pm, Monday to Friday).

Email: pohwer@pohwer.net

Web: www.pohwer.net/norfolk (for self-help toolkits, referral forms and further information including case studies and volunteering opportunities).

## Inspection and registration of care services

The Care Quality Commission (CQC) monitors, inspects and regulates services to ensure they meet fundamental standards of quality and safety and publish what they find, including performance ratings to help people choose care.

Following an inspection, each care home and home support agency is given a report and rating of how it rates against national essential standards of quality and safety. Each service's report and rating can be seen on the CQC website: www.cqc.org.uk

The focus of an inspection is on the standards of care that people using the service receive and whether they are happy with their care. Virtually all inspections are unannounced, and all ask the same five questions of the services they inspect.

For any enquiries or to register a concern or a complaint, call **CQC** on: **0300 0616161** or email: **enquiries@cqc.org.uk** 

The Care Quality Commission, Citygate, Gallowgate, Newcastle upon Tyne NE1 4PA

## Norfolk Care Association Ltd (NorCA)

The voice of Norfolk and Waveney's social care providers. Membership is open to any provider operating across Norfolk and Waveney.

#### **Vision**

To be a vital and trusted strategic partner, drawing on robust and rich evidence and working collaboratively to sustain and support the social care sector.

#### **Objectives**

- To maximise engagement with the social care sector.
- To have strong and effective partnerships with health, commissioners and other stakeholders.
- To represent adult social care providers at key strategic meetings.
- To collect and maintain up to date market intelligence.

 To be a well-led, high quality and trusted organisation.

NorCA regularly meets health and social care commissioners at a Joint Consultative Forum (JCF) as well as Norfolk and Waveney Integrated Care System (ICS) representatives and the sector via its quarterly subgroup meetings.

## Next steps for 2023

- Continue the Care Worker Framework
   Project, which aims to establish a banded
   skill set that encourages parity of esteem with the NHS.
- Develop and work on key projects for the sector, such as the Quality Improvement Project with the local authority.
- Continue to feedback into and shape decisions

across social care on topics such as discharge from hospital, ethical frameworks, home support strategy and market sustainability.

- Continue to attend the various ICS meetings to be the voice of social care, including the Place Board meetings and local Health and Wellbeing Partnership meetings.
- Continue to lobby Government for change both via local and national representatives.

 Continue supporting providers to be at the forefront of engagement and planning with the local authority through subgroups and subsequent forums.

# Leaving hospital

It is important for you to recover at home as soon as you are ready, allowing our hospitals to look after other people needing hospital care. The ward staff will talk to you about your plans for discharge early in your hospital stay. Most people will return home after their hospital stay to continue their recovery. In supporting you to leave hospital as soon as it is safe and appropriate to do so, we will ensure that any care and assessment you need is continued out of hospital. We call this approach HomeFirst. HomeFirst is about supporting you to remain at home during a health crisis and to return home after a stay in hospital, wherever possible.

The hospital ward staff will help make any arrangements for you to be discharged. If you need some additional support to recover at home, the hospital can arrange some equipment or ask for a settling-in service to contact you once you are home. Some people need a further period of NHS rehabilitation in a community hospital or intermediate care bed. You will be offered the first available space suitable to meet your needs and this may not be your first choice, or closest to your home.

If you need formal care and support at home on your hospital discharge, this will be short term and aid your recovery at home. Ward staff will speak to you and seek your consent to contact the Multidisciplinary Discharge Team, called the HomeFirst Hub, who will make the arrangements. Reablement services are provided free of charge for up to six weeks to support your recovery. After this time, you may be required to contribute towards

the cost of your care. A social services worker will be able to advise you of any charges for care following your period of reablement.

Exceptionally on discharge from hospital, you may require a stay where 24-hour care and support is available to you for further assessment and rehabilitation. The ward staff talk to you, and your representatives, where this might be needed, and the HomeFirst Hub will make the necessary arrangements.

This will be to an available setting most appropriate to meet your needs, and may not be your first choice, or the closest to your home. There may be a charge for services, and a social services worker will be able to advise you before you are discharged from hospital. Professionals in the community will work to support you to return home as soon as possible.

You will not be asked to make a long-term decision about your care and support arrangements whilst in hospital.

After your discharge from hospital, community health and social services professionals will review your care and support arrangements, and where necessary talk to you about making any longer-term arrangements needed. This will include talking about the choices available to you in making longer term arrangements. Any charges for care will be worked out and explained to you by the Finance Assessment Officer from Norfolk County Council.

→ For a package of home care, you will be financially assessed under the non-residential care charging policy, and for a place in residential care, you will be financially assessed under the residential care charging policy.

For more information on care homes, see page 63.

For more information on paying for care, see page 73.

## **British Red Cross Support at Home Scheme (SaH)**

This scheme provides short-term, low-level practical and emotional support at home for up to six weeks. The service helps hundreds of people every year following a stay in hospital. It also helps many people to avoid unnecessary hospital admission by providing extra support, building confidence and help to access longer-term services in their community.

The service can ease the process of settling back into a normal routine and support people to regain their confidence and independence. Friendly, well-trained staff and volunteers provide companionship;

help with everyday tasks, such as shopping and collecting prescriptions; signposting to long-term services and welfare monitoring calls or visits. The scheme does not provide 'personal care'.

Tel: **01553 613613** (ext. **2721**).

## **NHS Continuing Healthcare (CHC)**

Ongoing care arranged and funded solely by the NHS where the individual has been assessed as having a 'primary health need' as set out in the 2018 National Framework for Continuing Healthcare and Funded Nursing Care.

This guidance sets out the principles and processes for deciding whether someone is eligible for CHC. Care is provided to individuals aged 18 or over, to meet health and associated social care needs as a result of disability, accident or illness. Funding is not awarded based on diagnosis but on the nature, intensity, complexity and unpredictability of an individual's presenting needs. If CHC funding is agreed, care can be delivered in a person's own home or any care setting. CHC funding is not awarded for life, and eligibility is regularly reviewed.

#### **Fast Track**

Fast Track assessment and funding is completed for immediate provision of CHC due to a rapidly deteriorating condition that may be entering a terminal phase. The form can only be completed by an 'appropriate clinician', defined as a person who is a registered nurse or a registered medical practitioner.

#### NHS-Funded Nursing Care (FNC)

If you are being considered for placement in a nursing home, an assessment should be undertaken to confirm if you need to be assessed for CHC. As part of this process, your nursing needs will also be assessed to consider if you may be eligible for NHS-Funded Nursing Care. This is a set amount of money from the Government paid weekly to the nursing home to contribute to the costs of providing nursing care. It is important to note that Norfolk County Council cannot legally financially support your nursing home contract unless you receive FNC.

## Information and advice

Hospital ward staff and social care workers are there to help you, so you can ask them about any extra support, advice or services that you think you may need. Beacon is a social enterprise running a free information and advice service on behalf of NHS England in support of people going through the CHC assessment process. For more information, visit: www.beaconchc.co.uk or for other organisations that can provide you with information and advice, visit:

www.norfolk.gov.uk/helpfromotherorganisations

You can also contact **Norfolk County Council** for social care information and advice and if you need urgent help.

Tel: 0344 8008020

Email: information@norfolk.gov.uk

# Care homes

## Types of care home

## Care homes (personal care only)

If you are finding it increasingly difficult to manage at home or in the community and need greater security and care, a care home offering only personal care may be the best option. Personal care includes bathing, feeding, dressing and help with moving.

## Care homes with nursing

If you think you have health needs which can only be met by a nurse, then you may need nursing care in a home. You will need to be visited by a worker from the Social Work Team or a Registered Nurse to determine what care you will need. This visit might be in your own home, or in hospital if you've been ill or in a care home. You will be fully involved in planning your care needs. See page 58.

If a care home providing nursing care is the best solution for you, the person carrying out your assessment will give you information to help you find a home which meets your care requirements. If appropriate, a specially trained nurse will assess your nursing needs to determine what level of nursing care the NHS may fund. The cost of the

nursing care part of your fees is paid by the NHS to the home. Depending on the level of nursing care the NHS agrees to fund, the amount you are assessed to pay towards your care may not reduce as the result of any payment by Health. It is important that you get your nursing determination done before you go into the care home.

For information on how to contact the Nurse Case Management Team for your area, contact your local Patient Advice and Liaison Service. See page 10. Alternatively, for help finding a care home or care home with nursing in your area, visit: www.carechoices.co.uk and for more information on paying for care, see page 73.

## Care homes that accept pets

Some care homes allow you to take your pet with you when you move. The Cinnamon Trust has a Pet Friendly Care Home Register which lists care homes and retirement properties that are happy to accept residents with pets. Care homes and care homes with nursing that accept pets are marked in the listings section of this Guide with

## Out of county care options

Did you know you can choose a care home or supported living accommodation outside your home county? You may want to be closer to friends or family or you may want to relocate to another part of the country. If your care home place is council-funded, your home county local authority is still responsible for your care fees subject to your financial assessment, even if you choose a care home in another region.

The home you choose must be suitable for your assessed needs and comply with the terms and

conditions set by the authority. The fees that your local authority will pay may vary. It may offer you the fees you would receive if you remained within the county, or the fees that the local authority would pay in your chosen region. You must seek further advice before making your decision.

If you are self-funding (capital or assets above £23,250), once your capital reduces below the self-funding threshold, you will need to approach the local authority where you are living for help with funding your care.

# Specialist care

## Learning disability

We work in partnership with NHS Norfolk Community Health and Care to support and advise people with a learning disability in Norfolk. We believe that people with a learning disability should have the ambition, choice and opportunity to be equal members of their community. We work to ensure that the ten key priorities set out in the co-produced Learning Disability Strategy for 2018-2022: My Life, My Ambition, My Future in Norfolk (to be updated in 2023) are delivered:

- 1. Being equal, being respected and being safe.
- Being happy and healthy.
- 3. Having the right place to live.
- 4. Friends, family and relationships.
- **5.** Having transport to get about.
- 6. Taking part in my community.
- 7. Work, training and education.
- 8. Having the right support.
- 9. Understanding and managing my money.
- **10.** Support for my family and carers.

The service works with people aged over 18 – providing Care Act assessments, support with

arranging services and information about support and opportunities in the community. We also work with people who are in the process of moving from Children's Services into Adult Services, to ensure that this transition is as seamless as possible. See page 51 for more information about our Preparing for Adult Life (PfAL) Team. We work to ensure:

- People with learning disabilities have support to access the healthcare they need and that they are supported to live healthy lives.
- People with learning disabilities are supported to gain access to employment, training or voluntary opportunities.
- People with learning disabilities have the choice to form friendships and relationships.
- People with learning disabilities can live as independently as possible and achieve their potential.

For further information about the Norfolk Learning Disabilities Strategy and the Partnership Board, visit: www.norfolkldpartnership.org.uk

For useful local contacts, see 'Information and advice', beginning on page 6.

## Dementia care

If you or someone you support has dementia, you can access services via your GP. Some dementia-like symptoms (cognitive impairment) can be caused by a range of emotional, physiological and physical ailments. It is important to ask your GP to check any unusual symptoms before seeking a dementia diagnosis. To obtain a diagnosis, your GP may refer you to a specialist, such as a consultant in old-age psychiatry or a community psychiatric nurse. There are also many voluntary sector organisations providing information and support for people concerned about dementia, those diagnosed and for carers. Visit:

www.alzheimers.org.uk

For local information and advice and to discuss dementia issues with a trained professional, Alzheimer's Society's Norfolk and Waveney helpline is available Monday to Friday, 9.00am to 5.00pm on: **01603 763556**. For weekend and evening support, Alzheimer's Society's National Helpline operates Monday to Wednesday, 9.00am to 8.00pm; Thursday and Friday, 9.00am to 5.00pm; and Saturday and Sunday, 10.00am to 4.00pm on: **0333 1503456**.

Dementia is not a natural part of ageing. There are steps everyone can take to reduce their risk of dementia and live healthier and more

independently as they get older. If you are worried about your chances of developing dementia, discover your own risk factors and take action where you can; visit:

www.alzheimers.org.uk/riskfactors

You can request an assessment to help find out what help and support may be available to you and whether you will need to contribute to its cost. See page 73 for information about paying for your care. If you are paying for your own care, we can still help with an assessment of your needs and can advise or assist you in organising services.

A range of services is available to support people at home – contact **Norfolk County Council**.

Web: www.norfolk.gov.uk/stayathome

Tel: **0344 8008020** 

Email: information@norfolk.gov.uk

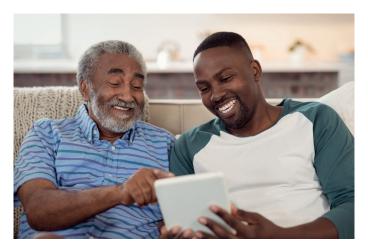

#### **Dementia care: care homes**

If the time comes when remaining at home is no longer viable, you may consider residential or nursing care. There are many homes which specialise in providing dementia care. When visiting a home, ask if they are registered to care for people living with dementia. Ask to have a look around and use the checklist on page 68 to ask questions about the type of care provided.

Two Acres is set in large landscaped gardens in Taverham, Norwich. The home specialises in dementia care, providing nursing and continuing care for older people with dementia. Two Acres Care Home with Nursing 212-216 Fakenham Road, Taverham. The home provides proactive, Norwich NR8 6QN quality care and has its own training centre on site. Contact us for more Tel: 01603 867600 information on how we can help. Email: admin@twoacres.co.uk

A good care home will be comfortable, clean and well-lit. There will be easy-to-understand signs to help people find different rooms; space for walking around; and things to do. Staff will treat people as individuals and help them with choices, so look at how they interact with people. Ask about meal choices and whether activities are organised to suit what people enjoy.

Further information about finding a care home can be found at: www.norfolk.gov.uk/carehomes and many organisations, such as Alzheimer's Society and Age UK, have information and factsheets with advice for people choosing a care home. See page 6 for contact details as well as a list of other useful contacts operating in Norfolk.

## Mental health

Mental health problems affect one in four people within the UK at some point in life, and serious mental illness affects one in six of the UK's population at any time. There are many kinds of activities and community support that can help, alongside possible medication.

The Wellbeing Norfolk and Waveney Service is a community-based primary care mental health service, designed to improve people's mental wellbeing. To access this service, you can self-refer by calling: **0300 1231503** or visiting: **www.wellbeingnands.co.uk** where you can also find more information on local mental health support services. Alternatively, speak to your GP who may refer you.

Your GP should be your first point of contact if someone is concerned about their mental health. They will consider whether they can provide the help and treatment you need from the primary care setting, or whether you should be referred to specialist mental health services. You can find more information on mental health at:

#### www.nhs.uk/mental-health

Norfolk and Suffolk NHS Foundation Trust is the local mental health service provider. The Trust provides information, advice, signposting and can assess your needs and create a plan to meet them.

## 24/7 First Response Helpline

The Trust provides a helpline in Norfolk and Waveney – open 24 hours a day, seven days a week offering immediate support for mental health difficulties.

Tel: 111 (option two).

If you have an emergency, call: 999.

Information on mental health and local services can be found at: www.nsft.nhs.uk or: www.heron.nhs.uk/ Alternatively, see 'Information and advice', beginning on page 6.

You can also request an assessment of your social care needs from our Mental Health Social Work Service. You will receive information, advice and signposting and, in some instances, support to meet

your social care needs, such as help to access your community or manage your home.

For more information, email: information@norfolk.gov.uk or call: 0344 8008020.

## **Preventing suicide**

Everyone can help prevent suicide – if you know someone who may be thinking of ending their life and needs support,

or are looking for help yourself, visit: www.norfolk.gov.uk/iamokay

There is a range of information including a 'safety plan diary' and 'keeping safe guide', which are based on the advice and experiences of survivors of suicide attempts and their families. The website offers practical help for individuals, professionals as well as friends and relatives. For example, how to recognise the signs that somebody may be at risk of taking their own life, as well as some useful prompts to encourage individuals to open up and talk about their feelings.

## Help for you

There are lots of people, support services and ideas out there to help. If you are struggling, it may feel hard for you now, but it won't always feel this way. This overwhelming feeling might pass. Consider what you could do to take your mind off things and think of the good things in your life — the things you enjoy doing, and the people in your life who make you feel good.

More advice that can help when you need it most, can be found at: www.norfolk.gov.uk/iamokay or by downloading the free Stay Alive app. The app is a suicide prevention resource packed full of useful information and tools to help you stay safe in a crisis. You can use it if you are having thoughts of suicide or if you are concerned about someone else who may be considering suicide.

## Try talking to someone

Pick up the phone and talk to someone or try one of the following free, confidential online support services.

Email: helpline@yanahelp.org

## **Bereavement support**

Norfolk County Council has a web page to help you find support if you have lost someone or if you are helping someone else cope with a bereavement.

Visit: www.norfolk.gov.uk/grief

## Finding support

If you feel you need additional support, there are many ways to get help. Volunteer bereavement support workers, self-help groups, faith groups and community groups can all provide support. You can also seek professional counselling if you feel like you need it.

You can make contact with these groups in the following ways:

- Search for local support groups at: www.norfolk.gov.uk/directory
- Ataloss can help you find national groups and services at: www.ataloss.org
- Cruse Bereavement Support offers a helpful tool that can help you identify what type of support will be best for you at:

www.cruse.org.uk

## Palliative and end of life care

#### What is palliative and end of life care?

The World Health Organisation's definition is: An approach that improves the quality of life of patients and their families facing the problem associated with life-threatening illness,

through the prevention and relief of suffering by means of early identification and impeccable assessment and treatment of pain and other problems, physical, psychosocial and spiritual. Palliative care:

- Provides relief from pain and other distressing symptoms.
- Affirms life and regards dying as a normal process.
- Intends neither to hasten nor postpone death.
- Integrates the psychological and spiritual aspects of patient care.
- Offers a support system to help patients live as actively as possible until death.
- Offers a support system to help families cope with bereavement and the patient's illness.
- Uses a team approach to address the needs of patients and their families, including bereavement counselling, if indicated.
- Will enhance quality of life and may also positively influence the course of illness.
- Is applicable early in the course of illness, in conjunction with other therapies that are intended to prolong life, such as chemotherapy or radiation therapy, and includes those investigations needed to better understand and manage distressing clinical complications.

The 'Commissioning Guidance for Specialist Palliative Care: Helping to deliver commissioning objectives', provides a useful breakdown:

## General(ist) palliative care

Services in all sectors providing day-to-day care to patients with advanced disease and their carers, designed to alleviate symptoms and concerns, but not expected to cure the disease.

Adapted from: Improving Supportive and Palliative Care for Adults with Cancer, 2004.

#### Specialist palliative care

This is the active, total care of patients with progressive, advanced disease and their families. Care is provided by a Multi-Professional Team who have undergone recognised specialist palliative care training. The aim of the care is to provide physical, psychological, social and spiritual support.

Source: Tebbit, National Council for Palliative Care, 1999.

It is clear from these definitions that a wide variety of professionals in NHS primary, community, mental health and acute services, as well as social care, independent hospices, the nursing and care home sector, voluntary services and spiritual/religious leaders need to be involved and that commissioning good palliative care services is not necessarily a straightforward matter.

## Defining end of life care

The General Medical Council (2010) has defined end of life in the manner described below, and the National Institute for Health and Care Excellence adopted the same definition in its Quality Standard for End of Life Care for Adults which was published in 2013:

- Advanced, progressive, incurable conditions.
- General frailty and co-existing conditions that mean they are expected to die within 12 months.
- Existing conditions if they are at risk of dying from a sudden acute crisis in their condition.
- Life-threatening acute conditions caused by sudden catastrophic events.

This includes people who are likely to die within 12 months. However, as a result of the complexities associated with identifying when individuals enter the end of life phase, many patients will require access to end of life services for more than a year. This includes support for families and carers plus care provided by health and social care staff in all settings.

Identifying patients who may be in the last year of life allows for planning on how to support patients and those important to them. One tool used to identify these patients is the Gold Standards Framework 'surprise' question 'Would you be surprised if this patient died within the next 12 months?'

#### Information about local services

The Heron website has links to information on Norfolk and Waveney support services for people with palliative care. Visit: **www.heron.nhs.uk** and search for 'end of life' or 'palliative care services'.

#### → Macmillan Cancer Care

Macmillan knows how a cancer diagnosis can affect lives and can help to support you through it. From help with money worries and advice about work, to someone who'll listen if you just want to talk, Macmillan will be there.

Tel: 0808 2391235

Web: www.macmillan.org.uk

## Marie Curie (West Norfolk only)

Marie Curie nurses provide care to terminally

ill patients in their own homes or in Marie Curie hospices, while offering support to their families.

Tel: 0800 0902309

Web: www.mariecurie.org.uk

The initial point of contact for services and support is either through your GP or Norfolk County Council, by email: information@norfolk.gov.uk or by calling: 0344 8008020.

## Sensory impairments

If you or someone you care for has a sensory impairment, our Sensory Support Unit can carry out a range of services and early support to help you, or the person you care for. The main services are:

- Assessments carried out in sign language.
- Equipment and access needs for deaf and hardof-hearing people.
- Rehabilitation and learning new skills for visually impaired people.
- Provision of low vision aids.
- Assessment and provision for people with dual sensory loss.
- Providing communicator guides to people with substantial communication barriers preventing them carrying out essential tasks or accessing social stimulation.

All assessments required by sign language users should be referred to the Sensory Support Unit. If any additional specialist assistance is required, we will carry out joint assessments with the relevant specialist.

## Technical support and environmental aids

The Sensory Support Unit provides assessments for people where their hearing causes barriers to communication and daily living needs. It may be able to provide some short-term support or advise you about voluntary organisations that can support you to meet any identified needs. You may be provided with environmental aids to remove or minimise the difficulties.

## Rehabilitation for visually impaired people

Rehabilitation is an early intervention for which you should not need an eligibility assessment. It is a form of reablement for people who have a significant and non-correctable visual impairment to help them live independently.

The team provides mobility training and helps with communication skills and support to manage your domestic needs, such as cooking, cleaning and safety. The Rehabilitation Team can also provide specific interventions around emotional support and assist you to pursue hobbies and social interaction.

#### **Dual sensory loss**

People with little or no sight and hearing find communication extremely difficult and might lack confidence to engage in activities. Risk of depression and muscle wastage is seven times greater for people with dual sensory loss.

The Sensory Support Unit carries out assessments and provides short-term interventions using communicator guides, where appropriate, to build confidence and help people to become active and motivated again. Useful contacts can be found beginning on page 6 of this Guide.

For more information on the **Sensory Support Unit**, use the following contact details.

Web: www.norfolk.gov.uk/sensorysupport

Email: information@norfolk.gov.uk

# Paying for care

#### **Your Personal Budget**

If you have eligible care and support needs (see page 58), we will discuss with you what help might be available and work with you to put together a care and support plan, tailored to your needs. Your plan will work out how you can do the things that are important to you and your family, with the right level of care and support. You will also be told how much it will cost to meet your needs and how much we will contribute towards

the cost. This is your Personal Budget.

There is no obligation for you to manage your Personal Budget yourself, and you have choice over how care and support is arranged. You can ask us to arrange services on your behalf, or you could request a Direct Payment, or a mixture of both. We will be able to explain what this means for you personally.

#### **Direct Payments**

A person can choose to take some, or all, of their Personal Budget as a Direct Payment. A Direct Payment is a cash payment paid into a dedicated bank account that can be used to pay for their care and support. Direct Payments can be made to:

- People aged 16 or over who have eligible care and support needs.
- People with parental responsibility for disabled children.

Carers aged 16 or over may have a Direct Payment for a specific carer's service following a carer's assessment, even if the person they care for declines an assessment or service. The aim of a Direct Payment is to give more flexibility in how services are provided. People have greater choice and control over their lives and can make their own decisions about how their care and support needs are met. Following an assessment, or reassessment, you can choose whether to have services arranged by us or to have a Direct Payment.

#### What am I allowed to spend the money on?

You can use the money to employ a personal assistant, or you can use an agency to provide staff to support you. Alternatively, you can 'mix and match' and have some of your support arranged by us and take some as a Direct Payment. You can also use this money to pay for long-term residential care, as long as this has been agreed with the worker from Adult Social Services who is working with you to agree your care and support plan.

However you choose to use this money, it must reflect what was agreed in your care and support plan to meet your assessed needs.

You cannot use this money for anything that is illegal, anything that could bring us into disrepute, anything that could be provided by a health professional or to pay for your day-to-day living expenses (e.g. food or rent).

#### What else do I need to know?

We will open a dedicated bank account for your Direct Payment to be paid into. You will have the option to manage the bank account yourself and pay for the care you receive from this account. Or, you can have the account managed by the Direct Payment Support Service who will make payments from the account on your behalf.

Direct Payments are not a social security benefit. They do not affect any means-tested benefits you are entitled to and are not taxable. If you are assessed as self-funding (you have capital or assets above £23,250), you will not be eligible for a Direct Payment.

## What can the Direct Payment Support Service provide?

 Information and advice sessions for service users, operational staff and personal assistants.
 Call: 01603 223392 (option one) or email: DPCST@norfolk.gov.uk

- Payments Service using a supported or selfmanaged bank account. Call: 01603 223392 (option one) or email: DPCST@norfolk.gov.uk
- Employment support including recruitment of personal assistants. Call: 01603 223392 (option two) or email: DPSSemploymentservices@ norfolk.gov.uk
- Payroll including processing personal assistants' pay. Call: 01603 223392 (option three) or email: DPSSpayroll@norfolk.gov.uk

The Direct Payment Support Service can help Norfolk residents (or those who represent service users) who are thinking about or who have chosen a Direct Payment to meet their eligible care needs.

What happens if my circumstances change? We will re-assess your care and support needs annually. This will provide you with a regular check on how well your arrangements are meeting your needs. If your needs change you can ask us to reassess them.

#### What will you have to pay for your care?

If you are eligible for care and support, you may have to pay something towards this cost. To find out how much you might need to pay, we will carry out a financial assessment and you will need to disclose details about your savings, assets and income to enable us to calculate the amount you have to pay.

Do you have more than £23,250 in capital and savings?

- If you move into long-term residential care, supported living, Independent Living or Housing with Care, the value of your home will be included in the assessment of your capital unless one of the following still lives there:
- Your partner (that is, your husband, wife, or civil partner or someone you live with as if they were your husband, wife or civil partner).
- A relative who is over 60 or disabled.
- A child under 16 who you or a former partner are responsible for.
- 2. The value of any land or property that you own but do not live in may also be included as capital in your financial assessment.
- 3. If you are receiving care in your own home or attending day services, then your home will not be included as capital in the financial assessment. However, the value of any land or property that you own but do not live in may be included.

# If you don't have more than £23,250 in capital and savings

We will pay towards the cost of meeting your

eligible care and support needs. You will be asked to complete a financial assessment so we can understand your level of savings, assets and income. This will help work out how much you will have to pay towards the cost of meeting your care and support needs. We will pay the balance.

If you have capital between £14,250 and £23,250 you will pay £1 a week for every £250, or part of, that you have above £14,250. This will be in addition to any income you are receiving, for example state benefits, occupational pensions, etc. Your choice of care home will be limited to those that accept our funding level. If you want to choose a more expensive home, you will have to arrange for a third party – such as a family member or charity – to 'topup' the difference. Please refer to the section 'Third party payments for care home fees' on page 77.

## If you do have more than £23,250 in capital and savings

You will need to fund the full cost of your care. If you are going into a care home and have savings or investments of less than £23,250 (not including the value of your home), Adult Social Services could help with your care costs for up to the first 12 weeks. After this time, you may be eligible to enter into a Deferred Payment Agreement until your property is sold, explained on page 76. For further information, visit:

www.norfolk.gov.uk/moneymatters

#### Whatever your circumstances

Remember:

• It is just your own financial circumstances that

- are assessed, not your partner's.
- Your assessment will be made up of two elements: a care and support assessment and a financial one.
- A care home with nursing will generally be more expensive than a care home providing only personal care.

#### Consider claiming:

- New style Employment and Support Allowance (ESA). ESA is a benefit for people who are unable to work due to illness or disability. New style ESA is based on your national insurance contributions. Claim by downloading a form from: www.gov.uk (search 'employment and support allowance') or by telephoning the Universal Credit Helpline: 0800 3285644 (option two).
- Universal Credit (UC). UC is a single monthly payment for people in or out of work. You will not be awarded UC if you have capital over £16,000. Claims can only be made online at: www.gov.uk (search 'universal credit'). If you need support applying online call: 0800 3285644.
- Pension Guarantee Credit. Pension Guarantee Credit is an income-related benefit with no upper capital limit, although £1 will be reduced from any entitlement for every £500, or part of, you have above £10,000. You can claim by calling: 0800 991234.
- Savings Credit. Savings Credit is payable if you were 65 before 6th April 2016. It is paid if you have a certain amount of capital and/or income. It is assessed when you claim Pension Guarantee Credit.

#### Definitely claim:

Attendance Allowance (AA), worth either £68.10 or £101.75 a week depending on your care and support needs. AA is claimed when you reach State Pension age. AA should stop after 28 days in residential/nursing care or hospital. You can continue to get AA as long as your capital is more than £23,250 and you're paying the full cost of your residential/nursing care. You cannot claim AA if you are already get PIP or DLA.

- Personal Independence Payment (PIP) (Daily Living)\*, worth either £68.10 a week or £101.75. This is paid if you are aged over 16 and under State Pension Age. PIP (Daily Living) stops after 28 days in residential/nursing care or hospital. It will continue to be paid in residential/nursing care if your capital is more than £23,250 and you are paying the full cost of your residential/nursing care.
- Personal Independence Payment (PIP) (Mobility)\*, worth either £26.90 or £71.00, if you are under State Pension age and regardless of your level of capital. Please note this allowance is completely disregarded in your financial assessment. Mobility will stop after 28 days in hospital.

\*PIP (Daily Living and Mobility) replaces DLA (Care and Mobility). It's paid to new claimants only. For further information on how to claim PIP, call: **0800 9172222** or visit: www.gov.uk/pip/how-to-claim

If you get Disability Living Allowance (DLA)
DLA is being replaced by PIP for most adults. You'll keep getting DLA if:

- You are under 16.
- You were born on or before 8 April 1948.

For those born after 8 April 1948, the Department for Work and Pensions (DWP) will invite you to apply for PIP. You don't need to do anything until the DWP writes to you about your DLA unless your circumstances change.

It is important to remember that there is no automatic transfer to PIP, it must be claimed. DLA claimants can choose to claim PIP if they believe that they may receive a higher award under PIP rules. Please note, however, that if an award is made at a lower rate, a claimant cannot choose to have their DLA instead. Claimants should seek independent advice before choosing to claim PIP instead of DLA.

When you are selected for transfer, you will be contacted and told that you must make a claim for PIP, or your benefit will stop. You will have 28 days from the date on the notification letter in which to make your initial claim by telephone, and a further 28 days to complete your paper claim form and return it to the DWP.

#### → Moving into a nursing home?

You may be eligible for NHS Funded Nursing Care (FNC) Contribution, of £219.71 a week, depending on your assessed care and support needs. A registered nurse assessor employed by NHS Norfolk and Waveney Integrated Care Board (ICB) will determine whether your care and support needs include registered nursing. If so, a contribution towards the cost of your care and support will be made to your care home provider by us on behalf of the ICB.

Please note that you will still have to make a financially assessed contribution towards other care and support costs, because the amount the ICB is responsible for will cover the registered nursing care element only. If you have made your own arrangements for residential care in a care home with nursing (self-funding), or have had arrangements made for you by us, but we have worked out that you will pay the full cost of your

care, the amount you pay will be reduced by the NHS FNC contribution shown above, i.e. £219.71 per week. If you are being financially supported by us, your FNC contribution should not be taken into account in the financial assessment.

#### Always seek advice

If you are paying the full cost of your care and have savings, you should seek independent financial advice to maximise any investment returns. We also have a team of financial assessment staff and a Welfare Rights Team who are happy to assist with advice on benefits and the charging policy.

For more information about what we will pay towards care costs, email: information@norfolk. gov.uk or call: 0344 8008020. Some of the figures mentioned here may change in April 2024. Check with us after this date for up-to-date information.

#### Advice if you are paying for your own care

# Paying the full cost of care yourself – being a 'self-funder'

If you know that you will need to pay the full cost of your care, either in your own home or in a care home, and will arrange this yourself, you do not need to be assessed by us. You can still contact us at any point for advice and guidance, or to request a care and support assessment if you would like one. If you are moving into residential care and you are funding your own care, you may be entitled to some of the following financial assistance and support.

#### Twelve-week property disregard

This applies if your:

- Former home is included in your financial assessment.
- Other capital is less than £23,250.

We will help with the cost up to the first 12 weeks of permanent residential care, provided your assessment has shown that this is the kind of care you need. This is called the 'property disregard' period.

#### **Deferred Payment Agreements**

A Deferred Payment Agreement is an arrangement with us that will enable you to use the value of your home to help pay care home costs. If you are eligible, we will help to pay your care home bills on your behalf. You can delay repaying us until you choose to sell your home, or until after your death. Refer to the booklet 'Your guide to residential and nursing home charges'. A copy is available under 'Will you have to pay for your care?' at:

#### www.norfolk.gov.uk/payingforcare

Until your property is sold, you will be expected to make a part-payment every four weeks towards the cost of your care, based on your weekly income. Once the property is sold, a review will take place to determine whether it is appropriate for you to make private arrangements to pay the home directly. If this is the case, you will be advised of the date you should start to pay the home from. It may affect your entitlement to Pension Credit if your property is not seen to be on the market and becomes treated as capital by the Department for Work and Pensions (DWP).

Deferred Payments are now also offered to some people moving into supported living, Independent Living or Housing with Care as long as they meet the eligibility criteria outlined above. We charge interest on the amount being deferred. This is compound interest and is applied on a four-weekly basis. We also charge an administration charge for Deferred Payment Agreements.

This charge includes a set-up fee and any costs incurred during and at the end of the Deferred Payment Agreement, including any costs associated with revaluing the property, the cost of providing statements and any charges incurred in removing the legal charge from the property. Anyone who moved into care before 1st April 2015 will have been offered a Deferred Payment Agreement under different terms and they were not affected by these changes.

#### **Attendance Allowance**

This is a non-means-tested, non-taxable benefit from the DWP. It's paid at the lower rate of £68.10 a week if you need care by day, and at the higher rate of £101.75 a week if you need care during the

day and night. Everyone who needs care over State Pension age can, and should, claim Attendance Allowance. If you are paying the full cost of residential care, with or without nursing care, you will be entitled to claim Attendance Allowance.

#### **NHS Nursing Care Contribution**

Whether you are a temporary or permanent resident, if you live in a care home that provides nursing care you may be entitled, following an assessment, to NHS Nursing Care Contribution towards the cost. It is not means-tested and is currently a standard weekly amount of £219.71 and is paid directly to the home.

#### Third party payments for care home fees

Some care homes and care homes with nursing charge fees that are higher than the maximum amount we can contribute. If we are contributing towards your care home fees and you choose to move into a home which charges a higher fee, the difference between the two amounts must be paid for by a third party, usually a relative or a charity. Third party payments are sometimes referred to as 'top-up' payments. Please note, this amount will be charged in addition to your assessed contribution.

Associate Partner

Denise Littlewood is an Appointed Representative of and represents only St. James's Place Wealth Management plc (which is authorised and regulated by the Financial Conduct Authority) for the purpose of advising solely on the group's wealth management products and services, more details of which are set out on the group's website www.sip.co.uk/products. The 'St. James's Place Partnership' and the titles 'Partner' and 'Partner' and 'Partner' and 'Partner' should be marketing terms used to describe St. James's Place representatives.

SJP Approved 28/04/2023

SJP12805d B1 (03/22)

→ As the name suggests, this payment must be made by someone other than us or yourself. The general rule is that you cannot use your own money to fund a third party payment.

#### First party top-up for care home fees

During the property disregard period, if the fees at the care home you have chosen are higher than the maximum we can contribute, you can pay a first party top-up for the difference in costs. You can enter into a first party top-up:

- When you are eligible for the twelve-week property disregard (see page 76).
- Where we have agreed to a Deferred Payment until your home is sold.
- When your care is provided under Section 117 of the Mental Health Act.
- If the fees at the home you have chosen are higher than the maximum we can contribute.

If you top-up your care home fees, after the first 12 weeks of permanent care, you can also defer payment of the top-up fees until your home is sold. We recommend that you seek independent financial and legal advice if you are considering these options. If you need further advice about how a top-up to your care home fees might be arranged, and you are currently working with an Adult Social Services worker, they will be able to advise you. If not, information relating to finance can be found at: www.norfolk.gov.uk/moneymatters or by contacting: 0344 8008020.

If you move to a care home where a third party payment is required, the person who will make the payment must have an affordability check and sign a contract with us. They must not pay the home directly. In signing the contract with us, we must also confirm that they have the financial means to make the third party payments (including any future increases) for the whole time you will live at the care home. We will carry out a means test to ensure the amount that the third party agrees to pay is affordable. If they are unable to maintain the payments and there is nobody else able to meet this cost, you may have to move to a cheaper home within our funding levels.

If a change to your arrangements is made at your request or with your agreement, for example

you move to a superior room, then a third party payment can become due. Equally, you may move to a smaller room which no longer requires a topup, or a lesser amount to be paid; this would result in the top-up being cancelled or reviewed.

#### Running out of money while in care

If your capital is likely to reduce to £23,250 as a result of paying for care, you must tell us well in advance of this happening. We will then be able to help with your care fees (provided that the outcome of your care and support assessment is that you need residential care). Finance Client Services will carry out a financial assessment to confirm the date from which your funds fell below £23,250, and the amount we, and you, will pay towards your care.

If the home's fees are more than what we will pay and you cannot find someone to help you meet the extra cost, you may have to move to a home within our funding levels. Understanding your rights before moving into care is essential. There are several financial products and specialist companies which may be able to help. It is important to seek advice about the various options you may have before committing yourself.

Before you sign any contract, the home should give you written details of all the charges it intends to make in its 'Statement of Purpose' document. If there is anything that is not clear or which you do not understand, you should ask for advice. Please note that if we are funding your care, you must not sign a contract with the home.

#### **Money Support Service**

This service provides help with budgeting for Norfolk residents. This help includes:

- Money advice.
- Support to reduce high bills.
- Support with referral to debt management agencies.
- Support with disability-related expenses within financial assessments.
- Referrals to the Welfare Rights Team to help with complex benefit issues where appropriate.

Tel: **01603 223392** (option four). Email: **MSS@norfolk.gov.uk** 

#### Independent financial advice

We have a team of financial assessment staff, visiting officers and a Welfare Rights Unit who are happy to assist with advice on benefits and the charging policy. However, it is also a good idea to take some independent financial advice to help you understand what your choices are and how any decisions you make may affect your finances.

Many advice agencies and voluntary organisations in Norfolk provide free advice to help you manage your money and make informed decisions about your care and support. You can also access specialist care fees advice from a qualified

independent financial adviser (IFA) either when your care need arises or to help plan for the future. This type of advice is fee-based, and the IFA will explain their fees to you. If you are paying for the full cost of your care and have capital over £23,250, independent financial advice may help you to maximise your investments to cover care costs for as long as possible.

For more information, visit:

Web: www.norfolk.gov.uk

## **Essential information**

#### How solicitors can help

A solicitor can give you impartial advice about wills, gifts, estate planning and power of attorney. Some can also offer guidance on immediate and long-term care plans, ensuring (if applicable) the NHS has made the correct contribution to your fees. Lasting Power of Attorney (LPA) allows you to appoint someone you trust to make decisions about your personal welfare, including healthcare and consent to medical treatment, and/or your property and financial affairs, if you are unable to do so yourself.

An LPA is only valid once registered with the Office of the Public Guardian. It allows a person of your choice to make decisions on your behalf at a time when you may be unable to do so.

If a person is incapable of managing their own affairs and does not have an LPA in place, the Court of Protection can issue Orders directing the management of that person's property and financial affairs. The Court procedure is very slow, and the fees are quite expensive, so preparing an LPA is always advisable, providing you have somebody sufficiently trustworthy to appoint as your attorney. An Advance Directive allows you to communicate your wishes in respect of future medical treatment, but it is not legally binding. You may instead wish to make a living will, properly known as an Advance Decision, setting out treatment that you do not

want to receive in specified circumstances, which would legally have to be followed, even if you die as a result.

Any proposed gift out of your estate needs careful consideration of the benefits, risks and implications, particularly on any future liability for care costs or tax. If you don't have your own solicitor, ask family or friends for their recommendations. Contact several firms, explain your situation and ask for an estimate of cost and an idea of timescales involved.

Many firms will make home visits if necessary and will adapt their communications to meet your needs. It's important to find a solicitor who specialises in this area of the law. Citizens Advice offers an advice service and will be able to recommend solicitors in your area. Visit:

www.citizensadvice.org.uk

#### Comments, compliments and complaints

All organisations need to know how they are performing. They are happy to receive your feedback on their service whether it is a compliment or a complaint. Feel free to tell them what you think, and your comments can be used constructively to improve the service.

If you do need to make a complaint, you should feel able to complain about any aspect of your care that affects your happiness or comfort. This could be about the way you are treated by a staff member or the quality of the food you are served. You can also make comments and suggestions about possible improvements to your surroundings and the services provided.

Making a complaint should not be difficult for you. Providers are required under the essential standards of quality and safety to have a simple and easy-to-use complaints procedure that they will be happy to give you.

If you are concerned about the care that you, a friend or a relative is receiving, it makes sense to speak to the manager before you take any further action. The problem may be resolved quite easily once they are made aware of it. You should initially contact the registered owners of the service. They have a duty to respond to any complaints made.

If your complaint is about a breach of regulations, contact the **Care Quality Commission**. See page 60 for contact details.

If **Norfolk County Council** has arranged and funded your care, another option is to contact Adult Social Services.

Web: www.norfolk.gov.uk (search contact our adult social care team').

Tel: 0344 8008020

Write to: Norfolk County Council, County Hall, Martineau Lane, Norwich NR1 2DH

If the NHS has funded your care, contact **NHS Norfolk and Waveney Integrated Care Board**.

Tel: **01603 595857** 

Email: nwicb.complaintsservice@nhs.net Write to: Complaints Service, Lakeside 400, Old Chapel Way, Norwich NR7 OWG

#### Finding care in your area

Looking for care in your area? Want to know the quality rating of providers you're considering? Care Choices, publisher of this Guide, has a website providing comprehensive details of care providers as well as essential information.

You can search by postcode, county or region for care homes, care homes with nursing and home care providers that meet your needs across the country. Your search can be refined by the type of care you are looking for and the results can be sent to you by email. They can also be saved and emailed to others.

The website includes detailed information for each care provider, including the address, phone number and the service's latest CQC inspection report and rating (see page 60), indicating the quality of care provided. You can also view an electronic version of this Guide on the site and have it read to you by using the 'Recite Me' function. Visit:

www.norfolk.gov.uk/careservices

Our care homes offer the highest standards of care where dignity is respected, where talents and interests are encouraged, and where life is lived to its fullest potential. With a range of **residential**, **nursing** and **dementia care** on offer, Healthcare Homes is the ideal choice.

# At Halsey House Care Home we share something special

Set in the popular seaside resort of Cromer, on the Norfolk coast, Halsey House is a care home exclusively for the Armed Forces community. Our residents' shared experiences in the Armed Forces create a truly unique community.

We are pleased to provide an expert level of nursing, residential, and personal care, including a dedicated dementia wing. Plus, we have spacious en-suite rooms, a bar for socialising, and a library for reading, so you can feel right at home from the moment you arrive.

If you're interested in finding out more, we look forward to hearing from you.

Halsey House Team

Moving into a care home shouldn't mean giving up the things that make you who you are.

Instead, it should be a positive new chapter in later life - and the caring and attentive staff in our not-for-profit care home will make sure that it is.

Get in touch now to arrange a tour you might just find that life with us is exactly your cup of tea!

Norfolk County Council

Norfolk County Council's and NHS Norfolk and Waveney Integrated Care Board's (ICB) distribution of this publication does not constitute their support or recommendation of any of the products or

services in it. All the listings in this publication of care homes, care homes with nursing and home care providers are supplied by the Care Quality Commission (CQC), with the exception of those for Independence Matters, which they have provided independently, and Norfolk County Council, Norfolk and Waveney's ICB and Care Choices cannot be held liable for any errors or omissions. Listings were correct at the time of publication but check the CQC website: www.cqc.org.uk for the most up-to-date information. The listings for accredited day centres and day services are provided by Norfolk County Council. To our knowledge, this was correct at the time of going to press. Listings are subject to change over the life of this publication. Please check Norfolk County Council's website for up-to-date information:
